Merchants' Half-Holiday. A well-attended meeting was held in the council chamber last Tuesday to discuss the advisability of continuing the merchants' half-holiday system during July and August. A very interesting talk resulted. The final decision was that the half-holiday should be adhered to, but with the proviso that only half of the employees should be released on alternate Thursdays, so that business will not be seriously interfered

Steamer Changes Hands.

On Saturday evening Mr. Sam. G. Parkin effected the purchase of the Str. Greyhound from Mr. Thos. Sadler, at a figure considerably below the first cost of the craft. She will be kept busy towing the firm's logs to the mill. Some slight changes are being effected in her machinery, which will largely reduce the consumption of fuel, and permit of steam being kept at high pressure with ease.

Lindsay Waters Unknown.

At a banquet last Monday night, General Passenger Agent Davis, of Montreal, said he expected soon to see the Grand Trunk making one million dollars annually out of its Muskoka business. This would mean ten million dollars American money spent in the country. In encouraging Muskoka traffic the Grand Trunk would go as far and further than any local organization. Col. Shepherd urged that Toronto and the north take steps to secure visitors from the Pan-American ings on Saturday, Sunday and Monday. Congress in Buffalo. The effect would be like that of the World's Fair in Northern Michigan which is now glutted with tourists.

C. E. Notes.

-The members of the Young People's Society of C. E. of the Cambridgest. Methodist church have completed arrangements for their annual C. E. days which will be held on Sunday and Monday, June 25th and 26th. Rev R. N. Burns, B.A., of Orillia, an enthusiastic C. E. worker, is expected to occupy the pulpit on Sunday, and preach a special sermon to the young people in the evening, the pastor exchanging for the day. On Monday evening all the societies of the town will unite and papers will be read by representatives of the different societies Good music will also be provided, and the church will be profusely decorated.

Baseball Notes.

-A meeting of the baseball committee will be held in the council chamber Friday evening at 8 o'clock. All members and lovers of the game are requested to be present.

-A large and enthusiastic crowd witnessed the Eden-L. C. I. game at the driving park on Saturday afternoon. For the first three innings the Collegians didn't seem to be in it, but in the fourth they connected with Wickett's curves for fourteen runs, and despite their careless playing in the seventh they won out easily. Bitten by a Dog.

Mr. R. St Porter suffered a painful injury on Tuesday, being bitten by a dog belonging to a customer. The cur sneaked up behind him while his back was turned and inserted his teeth in the calf of of the right leg, making a nasty wound. It is surprising that citizens will permit their dogs to follow them on their shopping expeditions -they are a nuisance to people genererally. If they must be taken along owners should carry a cloth to remove traces of their presence, and save goods from defilement.

Newspapers and Magazines.

-In June there will be five issues of The Youth's Companion. Among the many contributions to them will be a story in three parts, "Four Charms," by C. A. Stephens; "Klondikes, Old and New," by Prof. N. 'S. Shaler, of Harvard; "Authors and Animals," by A. Lang; "Robert Louis Stevenson and Children," by Edmund Gosse; "At the North Pole," by Admiral Markham, of the British Navy; "What Funston Did Before," the account of an incident in General Funston's travels in Alaska; and more than twenty short stories. The June 29th number will contain the first chapter of Robert Thomson's serial story "Professor," a tale of railroad life; "The Island of Negros," a lively description of the curious life in a little-known Philippine island, which lately sought United States protection; and "The Tyrant," a story by Harriet Prescott Spofford.

A Faulty By-Law.

The new by-law regulating the use of the sidewalks, and' aimed at the bieyclists, appears to have several loopholes in it. For instance, a person cannot push, propel, draw, etc., a bicycle but he may carry it on his shoulders, and so prove a serious impediment to 'traffic. Again, we take it that a wellknown physician was not guilty of an infraction of the by-law when he paraded Kent-st., south side, with a lawnmower this morning. Now a lawnmower (unoiled, as is usually the case) is a hideous affair when thumping over our knotty walks; it runs on wheels, yet we fear Chief Bell will not undertake to compel the person in charge to :take to the highway. Now, wouldn't you? -On Monday a by-law to borrow \$6,-000 for a new fire hall was submitted to the citizens of Peterboro, and, as the Review facetiously remarks, "it aroused no more interest than a prohibition plebiscite." Only 113 citizens marked their ballots, and of that number 76 were against the by-law ... The fate of the Lindsay by-law will be s'milar-our citizens will not be in favor of providing better quarters for the men until the council takes the brigade in hand and carries out long talked of plans to secure better training and discipline.

Meshodism at Fenelon Falls.

Last Sunday our representative had occasion to call at the Methodist parsonage, and attended service at the church in the evening. That Rev. and Mrs. Leitch stands high in the estimation of their parishioners is evinced in the fact that many interior and exterior improvements have been made in the parsonage, a nicely designed verandah and neat railing replacing the rackety old walk of the past. A Successful Picnic. Rev. Father O'Leary's picnic, held at Bobcaygeon park on Tuesday, was a gratifying success. Contrary to expectations, it proved an ideal day for a picnic. Fully two thousand people were on the grounds, coming from far and nearby points. The Alice-Ethel was the first steamer to arrive, bringing many from Victoria Road, Laidlaw's Landing and Fenelon Falls; shortly after, the popular steamer, Crandella, come in with a fairly good crowd from Lindsay and Ops; and about 12 o'clock the Majestic brought up about 200 from Lakefield, Burleigh Falls and Buckhorn. Dinner was served in first-class style by the ladies in charge, and every person left the tables with a contented look and an inclination to embonpoint. A short distance from the lunch tables was a dancing platform, where many young people enjoyed a hop, Mr. Harry Harris furnishing suitable music. Games and other, amusements, together with a f'ootball match, attracted many, but owing to the wet ground caused by the shower the match was not completed. Rev. Father Phelan, Lindsay, and Rev. Father Bretherton, Downeyville were on the grounds and assisted Rev. Father O'Leary in making the pic-

SUCCESSFUL ENTERTAINMENT.

The Queen st. Church Musicale was Largely Attended.

Last week the choir of the Queen-st. Methodist church, under the leadership of Mr. W. Musselman, 'gave an excellent musical entertainment. The audience was large, and enthusiastic, and brought out the very best in the performers-indeed, the encores were so numerous that, in an already lengthy program, the later performers received scant justice owing to the restlessness of an audience that wait-

ed for refreshments to be served. The program opened at 8.30 with a well-rendered chorus by the choir. Mr. E. Pearson, of Stouffville, rendered two clarionette solos in taking style, and was encored each time. The Banjo and Guitar Club, led by Mr. P. Cullon, did their selection capitally, and gave excellent support to Mr. Podger in his song. Miss Walters' colo was unfortunately placed on the program, coming after the peculiarly lively pieces that preceded it. Her melodious voice and sympathetic rendering produced an effort that was most pleasing. Miss Calvert and Mr. Musselman's violin duett merited the hearty encore it received. Mr. Musselman also contributed two violin solos, and never did better. Mr. Leslie Silver sang "Out on the Deep," in magnificent style, and responded to an encore with a touching rendering of "The Holy City." Songs by Miss McFarlane, Miss Maunder and Mr. W. A. Leigh were well done, as was the selver and Miss Armstrong, as accompanists, rendered invaluable assistance

in making the concert a success. After the entertainment ice cream to a crowd that taxed the capacity of the building. The Queen-st church has a reputation for preparing entertainments, but it never did better in that line than in the concert on Thursday evening of last week.
