Resolution of Condolence.-The following was passed at the meeting of Court Hartley, C.O.F., May 25: Mr. Wm Manning: Dear Sir and Brother .- Since it has pleased Almighty God, who is allwise, even as He is all-merciful and kind, to remove from your home so young and promising a member as your beloved son. William George, for whose sad death you and your wife and family, together with a wide community of friends, are even now this night in mourning, we, your brethren of Court Hartley, No. 979, here assembled, where your face is so familiar, and your ment. Being associated with you not as a neighbor also; knowing your high regard for the true principles of religion; and witnessing as we, and all who know you do, the effect of the example, as well as precept, set before your family, and knowing the young man so lately amongst us all to be a young person of a very estimable character and Christ-like behavior, we must say that it must afford to you a great deal of consolation in the midst of this sorrow, even though it be great, to know that he who is departed this life is gone only for a season, and that there will be a day when you shall all meet and be reunited an individual family above, where all the redeemed shall be gathered, praising Him for- fields. evermore.- Signed on behalf of the Court, Roger Moran, Chief Ranger; C. Mr. Sheriff was one of our oldest and most respected residents; a true friend, kind husband and good neighbor. He was strictly honorable in all his dealings, and although he lived his whole life of three score and ten years in our midst we have yet to meet the individual that will say, "David Speriff told me an untruth." Mrs. Sheriff and family have the sympathy of the neighborhood in their great bereavement.

BADDOW. (Correspondence to The Post). Of late we have been visited with a great many thunder storms. Last week Walter Butler had a fine mare struck and instantly killed. During this afternoon (June 5th) we had four thunder storms; two of them had a large quantity of hail about the size of marbles and allies, but some of them I measured three-quarters of an hour after they had fallen, and they measured over two inches one way by one and a half inches. If this weather continues there will be a lot of grain damaged on low land.
