Gough Brothers, Lindsay.

THUNDER IT DOWN THE AGES!

GOUGH BROS. HOLD THEIR ANNUAL MID-SUMMER SALE IN THE TOWN OF LINDSAY.

It is customary with us, after the 15th of July, to organise in all our different stores a big sale of our entire stock. This we do—first, because we believe it does not pay to carry goods over until another season, and secondly, in order to make room for our big fall purchases of

OVERCOATS AND WINTER CLOTHING

which require every inch of room we can command; therefore, during the month of July the following extraordinary inducements will be offered:—

In our Men's Clothing Department

we will take 20 per cent. off our regular prices.

In Our Children's Clothing

we will take 15 per cent. off. And in our

Hat and Cap Department

we will take 20 per cent. off.

Remember, all our goods are marked in plain figures, and it is a well-established fact that our prices are the lowest, consequently when we advertise a

GRAND REDUCTION SALE

it means a reduction, for the goods are sold at the regular prices and the discount taken off after the sale is made.

We have just closed a remarkably successful season, our sales going away beyond our most sanguine expectations. Thanks to you, good people of Lindsay and Victoria County. And although we are certain we have given general satisfaction, we are not egotistical enough to believe we have pleased everybody. When our Saviour was on earth he did not please everybody. Can we expect to? Nor do we claim to be infallible. We are liable to err in our judgment as well as others, but we do claim to do our business in an honorable way, because we believe it pays; and for this reason if there are any of our patrons who have cause for complaint let him come to us and we will make it right now, either by refunding the money or replacing the goods. This fall we will astound astonishment in our

OVERCOAT DEPARTMENT.

Not only in our prices, but by showing twenty times more Goods and ten times nicer Goods than were ever seen before in Lindsay. But more about this hereafter. What we want now is to make room for this great stock for fall, and if low prices will do it you will get them now, for we are bound to clear out the balance of our Spring and Summer Goods Regardless of Cost. Don't miss this great opportunity; it will pay you to buy now for next year, and other merchants would do well to take advantage of this great sale, also, for we will sell them cheaper than any man in Canada can make them for. We are the Great Clothiers of Victoria County.

ASSAULTED AN OLD LADY.—Wednesday Mrs. Taylor, a woman of over seventy-five years of age, and relict of the late James Taylor, at one time warden of Victoria county, while picking berries a few miles south of here, was set upon by a young ruffian, who, after choking and kicking her until she was unconscious, ran a sharp-pointed stick into her throat, and left her lying in a pool of blood. The old lady after a time regained sufficient strength to reach a neighboring farm house. A warrant has been issued for the ruffian's arrest. His name is John Farmer, and he is about eighteen years of age.

SOCIAL.—The ice cream social which was held here on Saturday, July 23rd, in connection with the Temperance Band was a decided success. The weather was all that could be desired, and a large crowd was present. The Oakwood brass band favored the audience with some very fine music. It was rather late before the program could be commenced, therefore a good part of it had to be omitted. On account of the crowd each one was not solicited personally to sign the pledge, as is the usual custom; but all are cordially invited to attend the next meeting of the band, which will be on Sunday, Aug 7th, at 2.30 p.m.

COBOURG.

THE RAILWAY.—Mr. Edmund Bristol of Toronto, representing Ferris & Richards, constructing engineers of New York, and Mr. John J. Macdonald, railway contractor, who built section B of the C.P.R. and the Temiscouata railway in Quebec, are each offering to form a company and build the Cobourg, Northumberland and Pacific railway on practically the same terms, namely, the company to own the stock books and the franchise, to sell the bonds to the highest bidder, and to receive the Dominion government subsidy of $3,200 a mile, the municipal bonuses of $80,000 already voted and $20,000 yet to be voted by the townships. A meeting of the provisional directors will be held at Cobourg on Thursday next, when the board expect to be able to confirm a contract for the building of this road.

LOCAL.—Farmers in this vicinity are busy hauling in their hay. It is really the greatest yield known for years. Even though our young men are working busily during the day, they are prepared when an occasion permits, to trip the light fantastic till the wee sma' hours, such being proven by the large numbers who took advantage of the dancing party at Mr. P. Guiltenan's, Ops, a few nights ago.

PERSONAL.—Miss Isabella Scully has returned from Montreal, where she has been visiting Dr. and Mrs. Scully.....Miss Katie O'Connor is at present spending a few weeks visiting relatives in Buffalo, Rochester and other American cities.....Miss Moffatt of Muskegon, and Miss L. Warde of Lindsay, were the guests of their cousin, Miss Scully, during last week.....Miss Costello teacher, at Udney, is spending her vacation with her mother..... The Misses Delahunt spent a few days last week with their uncle, Mr. Crowley.

BUILDING NOTES.—Mr. Chas. Lucas has erected a very neat little house this summer. This looks suspicious; most probably one of his sons intend occupying it shortly. I wonder who is going to be the lucky partner?

IMPROVING.—Mr. T. Carroll has built a large barn this summer, and has the foundation laid for his new house. Rumors have it that we are likely to lose our organist at any time.

AT WORK.—Mr. Matthews, our teacher, is at present repairing up the stable on his new property.

DIED FROM HEART FAILURE.—Thomas Cooper of Argue's drove to town to consult Dr. Broad Saturday morning with regard to the health of his 17-year old daughter Ada, who has been in failing health for some time. The doctor told him there was danger of heart failure and to get his daughter home as soon as possible. In about an hour he rushed into the doctor's office with her in his arms. An examination showed that she was dead, having expired as her father entered the office.

OBITUARY.—The eldest son of Mr. Rumley, aged three years, took ill on Sunday afternoon and died early the following morning despite the best medical attendance. The parents have the sympathy of the villagers in their sad bereavement.

REPAIRING DAM.—Messrs. Revell and Harvey have been busy repairing the dam and have made great improvements in it. While a few of the admiring villagers were viewing the work from a canoe on Sunday, as well as amusing themselves by running the slide, they were suddenly upset and there was a lively time for a few minutes reaching the shore; however, beyond a good ducking they were none the worse.

FISHING.—A number of fine fish has been caught in our waters during the past week.—Mr. Greener catching no less than six fine maskinonge in a few hours one day last week,—some of which weighed as high as 18 lbs. Fishing has been remarkably good this season several other great catches have been reported.

PACER.—Mr. A. Carl is training his pacer for the Lindsay Fall Fair. The Lindsay horsemen will have to look well to their laurels this fall.

C. O. F.—Mr. Edward Mosgrove, V.D. D. G. M., paid a visit to our lodge last Saturday evening and an enjoyable time was spent.

VISITORS.—A number of visitors are holidaying in our beautiful village amongst many others we notice Mr. and Mrs. Southgate and Mr. Edwards of New York; Messrs. Holt and Cream of Montreal; Mr. E. Mosgrove and family of Kirkfield; Messrs. Billingsworth and Edgnar of St. Thomas, staying at Mr. D. C. McRae's proprietor of the Queen's hotel.

MILL FIXTURES.—Mr. Harvey is making great improvements in his mill; roller machinery will be placed in immediately and it is expected that everything will be in running order by the middle of September.

FIRE.—On Monday evening, while the storm was in progress, a barn belonging to Mr. Wm. Marks was struck by lightning and set on fire, but the fire was extinguished before any great damage was done..... Mr. John Glenny had his wood-pile struck by lightning, but no further damage was done.

CIVIC HOLIDAY.—The civic holiday was observed on Wednesday. The Methodists held their Sunday school picnic in Whiteside's grove on Wednesday. There was a good attendance and all seemed to enjoy themselves.

PETERBORO.

AN ODD SIGHT.—A strange sight was witnessed at Mud Lake the other day. About an acre of marshy land broke loose from its position near the shore and floated down the water a distance of three miles, landing near Bridgnorth. The "floating island" is of a swampy formation and covered with a heavy growth of rushes, willows and other shrubs, which the wind caught, and on account of the land being of so heavy a nature it could easily be driven before the strong wind and high waves.—[Examiner.

ARRESTED.—W. S. G. Soanes, a man claiming Lindsay as his home, was arrested here on Saturday, charged with the larceny of a watch owned by Mr. Wm. Rogers and a ring owned by Miss Jemima Saunders. Soanes was at the Croft house for a day, and it was alleged that while there he committed the thefts. He was remanded until Wednesday.

QUARRYING.—Mr. Wm. Jones of Toronto is making preparations to commence operations at the Eagle Mount quarry, Stoney lake. He is taking about a hundred men to get out stone sets for street paving purposes.

THE FAIR.—Lieutenant-Governor Kirkpatrick will open the Peterborough central fair on Sept. 26th.

PORT HOPE.

STORM.—Monday night's storm was very severe in this district. The electric fluid soon commenced to work mischief with the electric lights and telegraph lines, burning out the system in Mr. Stanley Paterson's office and setting the building on fire. The firemen, who were assembled in their central hall, rushed in and extinguished the flames without giving the general alarm, and very little damage was done. Shortly after Mr. Paterson's fire had been extinguished the ringing of the fire alarm in Englishtown announced the fact that lightning had caused damage in that quarter of the town. A rush was made up the hill and guided by the ruddy glow in the sky the firemen soon arrived at Mr. Kerr's farm just outside the corporation, but too late to save the handsome stables, which were being consumed by the unconquerable flames; fortunately the residence was not in danger, and the loss of the stable is covered by insurance. The store of Mr. Wm. Glidden, Englishtown, was struck by lightning during the storm the glass over the door being broken and the woodwork singed but the damage was only slight. Several persons were in the store at the time, but all escaped without injury. Mr. A. Throop, in the store opposite, was felled by the shock but soon recovered from its effects. The storm was the most terrible which has occurred for years, the lightning flashing with almost tropical fury.—[Guide.

WEDDING BELLS.—To comply with the most sacred and original instruction that man should not live alone or deny the pleasant wishes of a partner in life, Mr. Samuel McKinnon, eldest son of Mr. D. J. McKinnon of Beaverton, was on June 29th ult. united in the bonds of holy matrimony to Miss Flora Spence, second daughter of Mr. Alex. Spence of the township of Eldon. The marriage ceremony was performed by the Rev. Mr. McDonald of Glenarm, in the most effective manner. The presents given to the bride were valuable as well as beneficial. We all join in wishing the happy couple every success in their future days.

On July 4th inst. a grand supper under the auspices of the temperance society was given, which was a pleasing success and proved a source of much encouragement to all members who attended.

KIRKFIELD.

[Correspondence of THE POST.]

STORM.—The wind storm of the 16th inst. was one of the severest that ever visited our neighborhood. The roof of the cheese factory was blown off, and many fine trees were uprooted, chimneys blown down and several roofs robbed of their shingles. Between sixty and seventy barns in our township were unroofed or injured.

OBITUARY.—We regret to chronicle the death of Mrs. Ronald McKay from an abscess on the brain on Wednesday night, 20th inst. Mrs. McKay was 68 years of age and well and hearty until a few weeks previous to her death. Mrs. McKay was a native of the Island of Mull. She and her husband came to this country in 1862 and settled near Cannington. In 1882 Mr. McKay died, aged 65, and since that time Mrs McKay has resided with her son. She had a family of four, two of which are living, namely, Mr. John McKay, proprietor of the Kirkfield woollen mills, and Mrs. McEschren, wife of Capt. A. McEschren of Buffalo. The remains were interred beside those of her husband and children in the stone church cemetery at Beaverton. Mr. John McKay and Mrs. McEschren have the sympathy of the neighborhood in their sad bereavement.

BASE BALL.—A very fine game of base ball was played here on Friday evening between the Victoria Road and Kirkfield teams, which resulted in a victory for the Kirkfield team, the score standing at the close 14 to 4 in their favor with an innings to spare. The players of both teams are noted for their gentlemanly behaviour, several matches having been played this season without a single dispute or wrangle.

COMMERCIAL NEWS.

OFFICE OF THE CANADIAN POST, LINDSAY, July 28, 1892.

An Early Market.

About a year ago new wheat could have been sold for over 90c. at the opening of the new season's grain, but many farmers wanted the even dollar per bushel to begin with. Those of them who still have last year's grain could now get 76c. for it after all the loss in weight from shrinkage and vermin, interest on the cash for a whole year that might have been realized, etc. This shows the folly of holding produce for a high price when a reasonable figure is offered for it. There is a good harvest over most of Europe this year, and there is a large supply of old wheat not yet exhausted, so that it might be wisdom for farmers to sell early this season if prices are reasonably fair. To sell early and buy house and farm supplies for cash is a good plan, as it saves the larger percentage that must be put on goods to cover the long credit and the expenses inseparable from it. If farmers would sell early they would be in a position to buy for cash like others and thus save 15 or 20 per cent. the year over in their purchases.

According to the latest reports from all parts of Ontario the prospect is good for an abundant crop and fine samples of grain this harvest. Heads of wheat six inches long and the plumpest grains that have been seen for years have been shown "on change" in Toronto.

Toronto Live Stock Market.

July 28.—The western cattle market opened this morning with about 108 loads of live stock to dispose of before a clearance would be effected. These consisted of 500 hogs, 700 sheep and lambs, 75 calves and the remainder cattle. The attendance was only fair, but we had a fairly active market, the prices of the closing day of last week again ruling. Last week's receipts were: 3,045 cattle, 2,573 sheep and 1,040 hogs. Weigh fees, $80.82. Mr. Telfer, of the G. T. R. stock yards, Montreal, was on the market this morning.

Cattle—Trade in this line was unchanged from what was experienced on Friday last. The run was a very heavy one for this time of the year, and prices naturally ruled easy, but were not quotably lower. Messrs. Rogers & Halligan took about 40 loads for Bickerdike & Crowe of Montreal, and in several cases paid as high as 5c per lb for choice fat shipping cattle. The general range, however, for export cattle to-day was from 4½ to 4¾c per lb, with "short keep" selling from 4¼c per lb up. Among the sales reported were: 21 choice export, averaging 1,300 lbs, at 4¾c per lb; 3 loads export, averaging 1,300 lbs, at $4.85 per cwt; 21 do, averaging 1 250 lbs, at 4¼c per lb; 20 do, averaging 1,300 lbs, at 4¾c per lb; 18 "short keep," averaging 1,200 lbs, at 4¼c per lb. The demand for butchers' cattle this morning was only fair, owing to the warm weather. The offerings were mostly grass-fed, which sold at 3½ to 3¾c, an occasional picked lot bringing 4c per lb. A large number of good cattle changed hands at 3¾c per lb. Sales were: 2 butchers' averaging 1,700 lbs, at $38.50 per head; 1 cow at $28.50; 21 mixed, averaging 1,120 lbs, at $37 per head; 20 do, averaging 1,000 lbs, at 3½c per lb; 18 do, averaging 975 lbs, at 3½c per lb. Inferior and medium cattle sold at from $2.75 to $3.35 per cwt, but the demand was very dull indeed for the former.

Milch cows and springers—The offerings were light, not more than a dozen coming in altogether. A fairly active demand was reported for good backward springers at from $40 to $50 per head, while most of the milch cows on offer found buyers at from $30 to $40 per head. There was some enquiry for the latter from local dairymen.

Stockers.—Mr. Thomas Crawford was an extensive buyer of stockers this morning, and paid all the way from 3½ to 4c per lb for good cattle. The receipts were fair and business good at last week's prices. One load of 19, averaging in weight a little over 1,000 lbs, sold at $3 65 per cwt, and these were classed as very good cattle. Only extra choice stockers sold as high as 4c per lb.

Sheep and lambs—We had another heavy run to-day of about 700, and the market showed no improvement. Lambs sold at $3 25 to $4 per head; butchers' sheep, for which there was a very light demand, from $4 to $5 25 per head, and export at from 3½ to 3¾c per lb. Messrs. Wilson & Kinnear have made several heavy shipments to the old country lately, but declare that at the figures they are paying, and the unsatisfactory prices paid across the water, they have made no money yet this year.

Calves—Steady under moderate receipts and a poor demand. Several good bunches sold at $5 to $7 a piece, but they ranged in price all the way from $3 up to these figures.

Hogs—The market was active and firm for all the best hogs, but dull for heavy and inferior animals. Choice, medium fat hogs sold at $5.75 per cwt weighed off car, and stores at from $4.75 to $5 per cwt. All were sold.

The buyers present were Messrs. Cluxton, Cook, Wrighton, Fitzgerald Brower, Flavelle and McCargar. Liverpool was quoted at 43s. and 6d.

Mr. Cook said that Mr. McKeown, cheese instructor, would like to meet the presidents of the factories around Perrytown at that place on the 21st inst.

Mr. Sanderson said that a new buyer was present at last meeting of the board. It was a rule of the board that the cheese should be inspected at the factory as regards quality, and at the shipping point as to weight, and the new buyer had not gone according to rules in his purchase of North Smith factory.

Mr. Brower explained that he had bought the cheese and as an inspection of them at the station did not prove satisfactory he had not taken them.

Mr. Drummond explained the rules of the board for the benefit of new buyers. Unless some special arrangement was made to the contrary, cheese had to be inspected as to quality at the station and as to weight at the shipping point. He hoped no misunderstanding would occur again.

Mr. Cook offered 8c. for selections, opening the bidding. Mr. McCargar offered 8¼ for a 1000, Mr. Cook 8½ for selections, Mr. Cluxton offered 8¾, Mr. Fitzgerald 8⅞. Mr. Cluxton 8⅞. He offered 8⅞ for further selections. Mr. Cluxton raised it to 8 11-16. He selected Warsaw, Maple Leaf and Lang. Mr. Fitzgerald offered ⅞ and Mr. Cook 8 11-16. Shearer, Cherry Grove, Norwood, Melrose Abbey, Oakdale, Bobcaygeon, Fenelon Falls, Mariposa and Cambray sold. Mr. Cook offered 8⅞ for further selections. Mr. Cluxton bid 8 11-16. He selected Ida, Fraserville, Orono, Newtonville and Benafort. Mr. Cook bid 8 11-16 for further selections. Mr. McCargar offered 8 11-16 for balance of board. Mr. Cook offered 8⅞ for selections. He selected Trewern, Lakeview, Otonabee Union, Manchester and Blackstock. Mr. McCargar offered 8 11-16 for balance of board subject to inspection at Peterborough.
