LIQUID PARIS-GREEN

A LONG-FELT WANT.
On account of the large consumption of poison in Canada for the destruction of Potatoe Bugs and insects that injure fruit trees and other plants, and as there has been a long-felt want for some article that would cover the plant or the leaf with a perfect soluble solution, we are selling a pure liquid Paris Green. When used according to directions it will leave a light transparent covering, which will be more uniformly distributed over the leaf, and we guarantee, will remain longer than anything heretofore on the market. Also

Standard Dry Paris Green,
Church's Bug Finish.

OUR CITY FATHERS.

A SPICY SESSION OF COUNCIL MONDAY EVENING.

The Dog By-law the first item on the Program—Some of the Members Change their Minds on the Hospital Question and are Scored for So Doing.

The Mayor to be Submitted to the Council—The Dog By-law is Dubbed a "Rambling Bitherskite" by Dep-reve Crandell—Communications and Reports—Coun. Winters gives notice of a Significant Reclamation.

The city fathers met in regular session last evening in the council chamber, all being present except Coun. Evans.

Clerk Knowlson read the minutes of the last regular and two special meetings.

THE DOG BY-LAW.
Coun. WINTERS said that before the minutes were adopted he would like to call attention to the fact that Jos. Wilson, who had been appointed at the special meeting to collect the dog tax, did not know the names of owners of dogs entered on the assessment roll, hence the resolution inscribed in the minutes should be made more definite for his benefit.

Reeve KYLIE said it appeared to him the simplest way would be to compel everyone to pay \$1 or \$1.10 for a tag and have it put on the dog—then after a reasonable delay Wilson should impound every dog found running without a tag.

Dep-reve ROBINSON said a resolution would be read later dealing with the matter—the council had an officer ready to enforce the by-law—Chief Bell would look after it.

Coun. CURTIN—"Isn't it the duty of the chief constable to enforce all the by-laws?"
Reeve KYLIE—"It is his business, certainly—the trouble is to get him to do it."

Mayor WALTERS—"The constable would have a nice time trying to enforce all the by-laws of this town."

Coun. BRADY—"I think it would be too bad to bother those whose dogs are already assessed—the better way would be to furnish Wilson with tags for those who have not their dogs tagged."

Mr. Wilson was asked if he would expect the \$1 or \$1.10 for a tag and have it put on the dog—then after a reasonable delay Wilson should impound every dog found running without a tag.

Mr. Wilson was asked if he would expect the \$1 or \$1.10 for a tag and have it put on the dog—then after a reasonable delay Wilson should impound every dog found running without a tag.

Mayor WALTERS—"Oh, no, you will be content to be paid by the day for that, won't you, Mr. Wilson?"

Coun. BRADY suggested that the tag be sent to owners assessed through the post.

Coun. WINTERS proposed a motion to the effect that Mr. Wilson receive 25 per cent of the tax collected on dogs tagged two weeks' notice be given citizens in which to secure tags. The present by-law was to be confirmed—any change desired should be made by resolution.

The minutes were then adopted.

COMMUNICATIONS.
From Coun. Andrew Robertson, of Ops, asking a grant of \$30 towards some work on the boundary.

Reeve KYLIE, seconded by Coun. ROBINSON, moved that the communication be received and filed.

Mayor WALTERS—"That means you will not assist, I suppose."
Reeve KYLIE—"We are not in a position to do so—there are worse roads in the town."

Coun. TOUCHBURN—"I understand that Mr. Robertson received encouragement from some members of the council—forming the idea that they would undertake a bigger job than was first contemplated."

Mayor WALTERS—"I never gave such encouragement as you talk of."

The request was finally referred to the street and bridge committee.

A long letter from A. Gibson was then read. He claimed that he had been put to great loss and suffered in health owing to the neglect of the council to repair the water main in the street near his land. He estimated that he had suffered a loss of \$300, but would claim it square if the council would throw out the \$100 taxes on the property—would refer to the finance committee after Mr. Gibson had been heard.

From Mr. secretary of the Fire Underwriters' Association, with reference to the fire on the 1st July. He understood the loss had occurred owing to the fact that the fire had been put out by the town fire engine, and that the result might have been very serious. He said that the council should see to it that the town fire engine be kept in good order and ready for service on all occasions.

Coun. TOUCHBURN said he had been one of the men in question, and the statement was well managed. The building burned was a mere shell of a shed.

Coun. WINTERS enquired if the by-law did not compel firemen to leave a substitute when they left town.

Mayor WALTERS—"The captain was only down the river a short distance. It will not happen again."

From Rich. Free and others, asking for an electric light at the corner of Eight and Albert-st. referred to the fire and water committee.

A petition was read from Thos. McCannell and others, requesting that \$200 be paid to the contractor for the erection of a band stand at the town wharf, and asking council to make a grant of one hundred dollars therefor.

Coun. WINTERS—"Send it to the town property committee."

Dep-reve CRANDELL—"I'm agreeable, on condition that a special meeting of council be held."

Coun. WINTERS—"I mean the committee to report at next regular meeting."

Mayor WALTERS—"We can settle the matter at once."

Coun. TOUCHBURN—"I will not vote one dollar for such a purpose—there has been \$100 thrown away already, and the place is totally unfit for a band stand."

Dep-reve ROBINSON said he owned property committee, to report at next meeting.

FINES AND COLLECTIONS.

Chief Bell's report for June gave \$53.80 as the amount collected in fines and costs; and \$20.45, \$26.45—referred to police committee.

A BATCH OF ACCOUNTS.

The clerk read the following: J. Taylor, repairing sewer, \$1.50; T. Connolly, post, \$1.00; J. Elton, Elton & Co., three steel lamps from June 15th to June 30th, \$9.00. A. J. Simes asked for a partial remission of taxes for 1894—referred to finance committee.

THE ISOLATION HOSPITAL.

Coun. WINTERS, chairman of the special hospital committee, reported that four tenders had been received from R. Bryant, J. Kelly, B. Cook and P. G. Filkie; the latter was recommended for adoption, being the lowest—\$1,200; also that W. White be engaged as superintendent architect, at a remuneration of 3 per cent on contract price, same to include plans, etc.

Moved by R. E. K. Kelly, seconded by Coun. KILBAY, that no action be now taken re-hospital, but that the question be submitted to the people along with the money by by-law.

Coun. WINTERS remarked that the motion was a very peculiar one—the hospital question had been before the council for months, and they had not time after time to discuss it. They now had a tender considerably lower than the estimate, a resolution had been passed authorizing the erection of a \$1,200 building, and he could erect a \$1,000 life of him why Reeve KYLIE wanted to submit the matter to the people when it was well known they had the money to build it for such a building. The town had been put to considerable expense and a great many people had suffered because of the hospital building. There may have been a few people speaking to Reeve KYLIE in opposition to the scheme, but there would be a kick if an even if the council were willing to secure a better of gold for distribution.

Coun. TOUCHBURN admitted that he had opposed the building of a hospital until some of the citizens came to the notice of the council and upon them the great importance of having such an institution. He had then come to the conclusion that his views so far as the construction of the hospital was concerned, he would follow the majority of the council. It seemed to him that it would be childish to tender and site arranged, and had gone to the expense of sending a deputation to Toronto to get the plan of the hospital, and he had not had a grant of \$250 from the county council. Even if it was found that the building it was proposed to erect could be justified maintaining the building as an hospital it could be turned into a home for the aged, for which it would be most suitable.

Mayor WALTERS—"You said the wishes of the majority of the council—was not a dissenting voice raised against the \$1,200 building?"

Reeve KYLIE said he had opposed the hospital from the very beginning, but had stated that he would not seriously object to the \$1,200 expenditure. After all no provision had been made for the money, because the by-law to pay off the floating debt must be defeated.

for dogs, and that same be furnished tags at once, along with a notice that after two weeks Joseph Wilson would be given 25 per cent, for enforcing the by-law.

Reeve KYLIE—"That seems to me to be a childish way to do business—the people should be asked to come and get their tags, and in the event of their not complying they should be brought before the 'beak' and fined."

Moved in amendment by Dep-reve CRANDELL, seconded by Coun. CURTIN, that Joseph Wilson be appointed collector of the dog tax, and that after two weeks he be paid 25 per cent of the taxes collected from citizens who allow dogs to run without tags.

Clerk Knowlson explained that it was necessary for owners to come to the treasurer's office and give a description of their animals, consequently notices could not be sent through the mails.

On motion Mr. Wilson was heard. He said he did not think it would be fair to expect him to work up a case and spend perhaps half a day in court for 25c. If they sent the tags to those assessed, and then gave two weeks longer to citizens to call and get tags, only the "hard-heads" would be left for him. He would enforce the whole by-law for 25 per cent of the taxes collected from those who are already assessed without tags.

Dep-reve CRANDELL—"All right, it's not putting bread in a man's mouth if he won't eat."

Chief Bell's name was later on inserted in the amending resolution in place of Wilson's, whereupon the chief came forward and said he was prepared to enforce the by-law if he was to be paid for almost no remuneration, and his request was assented to.

BETTER LATE THAN NEVER.
Moved by Coun. GILLOOLY, seconded by Dep-reve ROBINSON, that a sufficient sum be granted to put in needed crossings on Melbourne-st., near William-st.—referred to the street and bridge committee.

A COMPLIMENTARY RESOLUTION.
Moved by Coun. TOUCHBURN, seconded by Coun. PEDLAR, that this council hereby tender to Dep-reve W. M. Robson their most hearty thanks for the deep interest he has personally taken in the scheme for improving and beautifying our market square. The plan prepared by Mr. Robson is well worthy of special notice, and is admirably adapted to the suggested improvements. The council trusts that the citizens generally will liberally subscribe to this much needed and enterprising building if carried out by a standing vote of all the members.

Mayor WALTERS, in a few very appropriate sentences, thanked the members of the council for the vote of confidence and the pleasure it gave him to be able to endorse most heartily the sentiments of the motion.

Dep-reve ROBINSON replied briefly, assuring the council that his services and experience could be commended at all times further any scheme for the improvement and beautifying of the town.

A SIGNIFICANT MOTION.
Coun. WINTERS gave notice that at next meeting he would bring in a by-law to prevent any person from erecting a building or structure on any lot in the town which would obstruct a view from the highway, and the owner should remove it elsewhere.

Mayor WALTERS—"The town solicitor advised us to move this committee."

Moved by Dep-reve CRANDELL, seconded by Coun. CURTIN, that Messrs. Robson, Killybay and Brady be a committee to look after a site in each ward suitable for a town park, and report at next meeting.

Mayor WALTERS—"There's a park committee already—do you mean to do away with it?"

Dep-reve CRANDELL—"I want a committee that will do its work—you've got a lot of old sloughs about the town, and if you want to keep them all right."

Mayor WALTERS—"Why, the men you have named are already on the other committee. I'll refer it over to the other committee. Clerk Knowlson turned back a few papers and found that the committee consisted of Messrs. Brady, Robson, Touchburn, Crandell and Killybay."

Coun. TOUCHBURN—"Dep-reve Crandell's motion is not in keeping with his speech early in the night when he said that the preparations had progressed so far."

Coun. PEDLAR considered the council committed to the scheme, and did not think the people were opposed to the building of the hospital.

Coun. BRADY said he had been in favor of erecting a small cheap building. They had been told that the hospital was to be built on the spot, yet it turned out there was a large floating debt.

Mayor WALTERS—"Last year's council had a surplus of \$5000 on the books, and the year before that they had a surplus of \$10,000."

A vote was then taken on Reeve KYLIE's amendment, which carried by a vote of 11 to 10. The council then adjourned.

Mayor WALTERS—"I don't think so. The resolution was then read by the clerk, who thought that he could do so, although the words "special ballot" were not included."

Reeve KYLIE—"Well, it was intended—it couldn't be taken any other way."

Coun. WINTERS asked what was the use of borrowing \$3000 if there was a chance for \$200—now he was objecting to the vote to build it was included in the \$3000.

Mayor WALTERS—"Yes, and there's also a sum of \$2,000 in there for a new hall."

Coun. TOUCHBURN—"I've ever heard of borrowing money to build a hall on parks, yet he kicked against the hospital on the score of expense. Parks would be more to maintain than the hospital would. Crandell also urged hard for the purchase of an old building in the east ward for \$200—now he's objecting to paying that sum for a new hospital."

Dep-reve CRANDELL—"That's the worst handling, ramshackle building, Mr. Crandell, if you would know he was off in his head till he commences to speak. My God, what's the man fit for? What puts it in his head to bring up my name all the time? I wish to God I would remember his subject and not get 'Capt. Crandell' on the brain. We're not talking about a home for the aged—we're talking about hospitals."

Coun. TOUCHBURN—"I was only showing the people the way."

Dep-reve CRANDELL—"Yes, you're like the monkey climbing the pole—the higher you climb the more you show of your posterior."

Coun. BRADY—"I don't think, gentlemen, we are here to listen to the abuse of Mr. Touchburn and Capt. Crandell."

Dep-reve CRANDELL—"We're here to talk business. Let the people vote on the

hospital question separate, and if they vote against it then the floating debt will be cancelled."

The reading of the by-law was then continued. It was agreed that the vote should be taken on Monday, Aug. 13th, the following polling booths and by the following returning officers:

North Ward.
Dir. No. 1—Coun. Curdin, P. Nicolai.
" 2—Sticks, G. O. Cornell.
" 3—Parkin, J. T. McNeil.
South Ward.
Dir. No. 1—Graham, A. Oriskany.
" 2—Crandell, J. Oriskany.
" 3—Crandell, J. Oriskany.

Dir. No. 1—Mander, W. T. Robert.
" 2—O'Connor, A. Oriskany.
" 3—Deane, C. Oriskany.

The committee then rose and reported. The clerk was instructed to give the by-law the necessary number of publications, and the council then adjourned.
