GOVERNMENT HOUSE.

reading now."

[From the Toronto Globe, July 25th.] It is beyond question that a large major-It simply meant that the mother country | ity of the people of Ontario are opposed to the maintenance of such ornamental institutions as government house. Like The demeanor of the majority of the many of the forms and ceremonies still prominent female agitators who battle for clinging to the enactment of laws and the advanced rights for their sex at the polls | despatch of public business, these instituand elsewhere is not calculated to lead tions have outlived their usefulness. It men to place a very high value upon their | would be untrue to say that they were not refining influence in the heat and turmoil at one time an essential link in the chain extent sufficient to charm the imagination of the fray. The other day, at a populist of civilization. When men were in a meeting at Topeka. Kansas, Mrs. Diggs, an ruder or more barbarous state, when they eminent politician, referred to Mrs. Lease, had less respect for the right of their felanother light in the political firmament, as lows and were more given to rapine and spoliation, providence, by a wise dispensawere trying to stab the populist party to death. Mr. Lease replied by making tion, gave them an abject veneration for and herein a guileless clerk was tempted another charge, whereupon Mrs. Diggs their chiefs and rulers, and all the pomp "made for" Mrs. Lease, shouting in shill and display with which these functionarder the most obedience to their chiefs and monarchs, and through that obedience they gradually change to more advanced forms of civilization. The distinction can be traced even in our own political parties and in the varied tones of the press. The party which is always ready to condone millions of dollars of risks, and that immense profits, ranging from 10 to 75 per industrial matters is most profuse and cent, are earned by the companies in addi- even abject in veneration for personal tion to maintaining expensive offices and sovereignty and all the distinctions of an army of highly paid officials. It is caste which go to support it. The lack of estimated that \$600,000 are paid in pre respect for the natural rights of individuals is accompanied by a veneration for a ruler annually, while the losses aggregate about which makes existence in an advanced half that amount. There seems, no good stage of civilization possible. Without reason why, the city should not do its own | this spontaneous obedience to official auinsurance, and the experiment would be thority the predatory instincts shown in carefully watched by every town in utter disregard for individual rights in social state in which complete interdependence was the leading principle.

But the people of Ontario have happily displays of social ceremony. The social events at government house are of no tend and enjoy them. The ordinary citi zen will respect the rights of his neighbor quite as well if such affairs were deprived government has had its own way. The will pay his taxes quite as punctually, and such a unique and magnificent park pro- enjoyment of a privileged class-for it is a perty merely to save paying the Indians class privilege to attend social entertaininterested fifty or a hundred thousand ments at public expense.
