Ayer's Remedies.

Sick Headache Permanently Cured

"I was troubled, a long time, with sick headache. It was usually accompanied with severe pains in the temples and sickness at the stomach. I tried a good many remedies recommended for this complaint; but it was not until I began taking

AYER'S Pills that I received anything like permanent benefit. A single box of these pills did the work for me, and I am now a well man." C. H. HUTCHINGS, East Auburn, Me.

HARVESTING.—Mr. Wm. Swanton has started harvesting already. He has some very fine fields of wheat, so have some the other people in the neighborhood, in spite of the dry weather.

CANAL MEN.—We notice the men from the canal are going around with a tear in their eye. After the night of the 23rd they had their flag half-mast high in token of their sorrow.

WEDDINGS.—One of our worthy young men, Mr John Lee, now of Fenelon Falls, took a partner into his work in the person of Miss Mary McHerry, from the village. We wish them every success through life. Look for other weddings before long.

PERSONAL.—Mrs. J. Bell and her son Will are at present visiting her sister, Mrs. A. Potts. Mr. Bell is in ill health and is recruiting his strength.....Miss Ada Hore is home from Lindsay for a visit.

OPS.

[Special correspondence of THE POST.]

COUNCIL MEETING.—The members of Ops council met on Monday, June 29th, at 10 a.m., all members present. Minutes of last regular meeting were read by the clerk, and were duly confirmed. Wm. Killaby, tenant of W. hf. 19, con. 7, ad. dressed the council, saying he had received no schedule of assessment for said land, and that the court of revision was past before he ascertained the assessment. He and his neighbors considered said assessment at least $500 too nigh, and as the fault was not his he trusted that justice would be done him by the council. The council said the decision of the court of revision must now remain unchanged, and assured Mr. Killaby that the assessor had assessed said land to the owners before it was leased to him, which accounted for his not getting the schedule, but from the evidence adduced as to the present condition of the farm the council would make a small rebate at the close of the year. A. Robertson and Jno. Brown called the attention of the council to the 3rd qr. line, 7th con., and the 6th con. line at lot 17, saying that some gravel was much needed to fill ruts and make wheeling easier. The council said they would consider the claims, but were opposed to special grants except in extreme cases. Alex. Burke charged John O'Connor, pathmaster of Beat No. 70, with refusing to credit him for statute labor done. O'Connor, feeling the dignity and grave responsibility of his office, said Mr. Burke hadn't done the work as directed by him, and he was doubtful whether Burke had delivered a certain load of gravel. While the council complimented O'Connor on his strict adherence to the by-law, they had no reason to doubt Burke's veracity, and asked him to show O'Connor where the gravel was placed. The affair was ludicrous throughout, as no bitterness was manifested. The council having learned that the pathmaster of Beat No. 84 had done statute labor outside the limits of his beat, passed the following resolution: Moved by Mr. Currins, seconded by Mr. Hutton, that this council disapprove of the action of the pathmaster of Road Beat No. 84, in doing statute labor outside the limits of said beat, which comprises the street running eastward from the river on lot No. 23 to the 6th con. line parallel to the boundary street between Lindsay and Ops, and all streets or sections of streets south of said first mentioned street, all streets, lanes or by-ways north of it, not being assumed by this council.—Carried. Mr. Hutton moved, seconded by Mr. Hopkins, that the Bicycle Club be notified to level the surplus clay along their cinder path on 4th qr. line, 2nd and 3rd cons.—Carried. Mr. Fox moved, seconded by Mr. Currins, that Joseph Thornhill be notified to remove from the old gravel pit, lot 6, blk E, any earth, stone, gravel or timber claimed by him, before the first day of August next.—Carried. Moved by Mr. Fox, seconded by Mr. Hopkins, that the Telegraph and Telephone Co's be notified to remove their line poles at Hopkins' bridge, as they now impede the work of construction, but may be replaced as directed by Coun. Hopkins.—Carried. Mr. Hutton moved, seconded by Mr. Currins, that the manager of the G.T.R. System be requested to permit this council to open a ditch across the R.R. allowance at the 5th qr. line, con. 5, to convey the surface water to the river more directly.—Carried. Township Engineer Smith and the patrons of Municipal Drain No. 3, being present, the award and profile of the late engineer were considered, and the patrons agreed to have said profile and award changed or modified if necessary in accordance with the original assessment and profile, and to let the work of cleaning out said drain as soon as practicable by public bidding. David Dunoon was now heard in reference to seven large pine stumps on the roadway near his residence north of Victoria ave. He said it would cost at least $25 to remove said stumps and grade the road, but if the council would extract the stumps he would do the rest. The council, seeing the proposal was a reasonable one, Mr. Fox moved, seconded by Mr. Currins, that Commissioner Hopkins have said stumps drawn out as soon as practicable, to give Mr. Dunoon a chance to operate. After a resolution to pay sundry accounts had been passed Mr. Fox moved, seconded by Mr. Currins, that the council adjourn to meet at the call of the reeve.—Carried. W. F. O'BOYLE, clerk.

[Correspondence of THE POST.]

MAN'S RIGHTS.—A report has been circulated throughout this section of the country accusing one of our respected young men, in a recent disagreement, of having struck his grandfather with his fist and prostrated him upon the floor of the latter's house. This is an infamous lie, as those who were present at the 'reckoning' will attest. It is true that words were said which, although in no way savouring of untruthfulness were no sooner uttered than regretted, but blows were not indulged in. It has been also stated that the young man had been discharged for the above reason, whereas he had given notice some time before of his intended departure. Madam Gossiper always puts a cup o hop yeast into her reports which causes them to ferment, and in a very short time they develop into huge "loaves of scandal" to be masticated, or rather "chewed," by all the newsmongers of the countryside.

FAIR PLAY.

VICTORIA ROAD.

[Special to THE POST.]

AGRICULTURAL SOCIETY MEETING.—The June meeting of N.V.E.D.A.S. was held at Hector Campbell's, Kirkfield, June 20th. The directors present showed great interest in the welfare of the society, and by the energy of the president, Mr. A. C. McKenzie, and the board of directors, a good fair is predicted. Arrangements have been made with Luke Wilson for his merry-go-round, which will no doubt be well patronized by young and old. The prize list has been greatly improved, especially in domestic manufactures and ladies' work. The prizes have been made larger. Stockmen will be greatly pleased to learn that a contract has been let for a well, and now a good pump and plenty of water awaits them next fair day at Victoria Road, 17th and 18th of September. No effort will be spared to make the next, if possible, the best yet held at Victoria Road. Special attractions:—Merry-go-round, speeding in the ring, a grand bicycle tournament with big prizes, and other minor attractions; also a big show in the hall and outside. Everyone should see the great exhibits of North Victoria and its best stock. Now is the time to join. The prize list will be sent to members not later that the first of August.

POWLES' CORNER—FENELON.

[Correspondence of THE POST.]

A BIT EASIER.—Some of the government officials around here breathe a little easier now since Sam Hughes lost the power of taking post offices away from those who more than pay for all the favors they get from the government. It is not a very pleasant position to be in to hold a government office and to receive threats that "if you don vote as we want you to you may loss your job." This is a free country and people can read and think for themselves and not be a slave to any party or party bosses. What a mighty soft snap it is to attend to a post office and mail carrying, scrub out the post office, and keep a wife and family, on 50c a day all told. Such is the lot of the postmaster at Powles' Corner, and yet he is threatened. God forbid that any political party should be so mean and so low. It is to be hoped that tory tyranny has been buried forever.

HAYING.—On our right hand and left mowing machines can be heard giving forth a hollow sound, indicating a very light crop of hay. One farmer has cut down fall rye for fodder. From all over the township the hay crop reports are light.

A CHANGE.—Mr. W. A. Gillis was appointed pathmaster in place of Mr. John Brown. Mr. Gillis has already shown his suitability for the position by turnpiking and gravelling a place on the road that has been neglected for years.

NEARLY A RUNAWAY.—Mrs. A. E. Minthorn was driving into Fenelon Falls the other day, and the horse took fright at some object on the road and turned about, nearly telescoping the buggy. Assistance came in time to save the buggy from going to the shop for repairs. Mrs. Minthorn deserves great credit for the way in which she managed affairs in that trying time.

PERSONAL.—Mr. T. F. Timms, teacher, of Bethany, will spend the vacation at home with his parents.....Mr. W. Y. C. Day, who has been attending the Collegiate at Galt, will spend part of the vacation at home.....The students from Lindsay Collegiate are home and will drive the horse-rake and pick potatoe bugs for a while.

MEETING.—The evening meeting on Sunday, June 14th, was conducted by Messrs. J. Campbell and D. Jamieson, two active workers of the Y. M. C. A., Lindsay. On the evening of the 21st Rev. Mr. King, of Lindsay, conducted the service. Rev. Mr. West, who conducted service in the Presbyterian church, Dunsford, in the afternoon, was expected to preside at the meeting on Sunday last, but was unable to attend, so the duty fell on Mr. McFadyen, who spoke for some time on "Christian Living."

PICNICS.—One of the most successful picnics of the season was held in Mr. Hay's grove on Saturday, June 27th, in the interests of the Sunday school and day school of Pleasant Point. The games commenced at 1 p. m. and continued till darkness veiled the scene. Among the many sports in the program was foot racing, boat racing, bicycle racing, clubswinging, archery, etc., etc., but the principal feature of the afternoon's proceedings was a match game at baseball between the Pleasant Point team and a Lindsay team from the north ward, which ended in a victory for the former by 22 to 13 and an innings to spare. The proceeds amounted to over fifty dollars, which will be devoted to some good cause for the advancement of our union school.....On the afternoon of June 30th another successful picnic was held at P. P. by the Salem P. S., also an excursion from Sougog Island landed on the Point and added to the general merriment of the day. These facts lead us to believe that our little grove on the point is fast rising into prominence and is to be the chief station for summer resort in the near future.

LOTUS SPARKS.

[Correspondence of THE POST.]

LOTUS.—Miss Maggie Ferguson, of the Dram, was visiting at her father's, Mr. John Ferguson, Cartwright.....When a man is offered $75 for his vote and he indignantly refuses its acceptance, there is political backbone, principle and consistency in him.....The excitement consequent upon the election having moderated, McCabe is at liberty to attend assiduously to the wants of his customers. The latter are on the increase, but Samuel is prepared and a war on high prices has been by him declared. Such a plank in his platform should secure for him a liberal and staunch support.....There are some stomachs that can't bear association with raw gooseberries, and as a result the proprietor of the aforesaid organ has to suffer the disturbing consequences caused by the antagonistic powers. Bear in mind, oh victim of inordinate appetite, that the Lord never designed your stomach upon the principle of an old valise into which you can cram anything and everything.....Mr. Levi Magill, our young and popular smith, has recovered from his late indisposition..... Mr. John Henry Mahood, of Bruce county, formerly of Manvers, visited friends in the last mentioned place. Many are glad to see his face.....Pea crop on Bally clover farm looking well....Grasshoppers, if report is true, are doing considerable damage on the farm of Mr. R Reynolds, North Darlington.....Mr. Thomas Smith, of Midland, formerly of North Clarke, visited friends in the last mentioned place. .....It was reported that Col. McLean intends to protest the East Durham election ...Mr. Joseph Paul made a purchase of a horse; well satisfied with the equine. .....Messrs. Robert and James Brown secured the road job on the boundary line between lot 24, 3rd con. of Cartwright, and lot 1, 5th con. of Manvers. It was not a work of supererogation by any means. .....Mr George Paul, lesser of Fairview farm, and daughter, Mrs. Charles Jent, of Lotus, were the guests of Mr. Richard Gibson and wife, Cartwright.

Pendue's painting pretty good,
And done on the home of Jas. Mahood.

.....Miss Mabel Nicholson was the guest of Miss Alice Cully, Maple Villa.

"How charmingly graced was the table
When at it sat Alice and Mabel."

.....That great traveller, if not explorer, David Irwin, of Cartwright, left for the land in which he first imbibed the lacteal fluid, Ould Ireland.....On the evening of Thursday, the 2nd, Prof. W. A. Brush gave an exhibition of his educated horse. It would be well for many owners of horses, and for the latter, if such lessons as were given were practised. Some specimens of humanity should never own a horse—the latter in many cases superior to them.

CADMUS.—That remedial bill question which disturbed the equanimity of and excited the nation from the broad Atlantic to the wide Pacific, has partly calmed down before another is propounded, namely, was it right to shoe the horse on Sunday? How it will end we won't pretend to say, but we do not think that there is anything in the act of confederation bearing upon it.....Mr. Wm. Brown visited Toronto friends....Miss Blossom Robertson was the guest of Mr. Thomas Bruce, jr., and wife.....Mr. Albert Woodard, junior miller in Sterling mill, was suffering from what he considered to be sciatica.

Disease so dreaded, be not hard
On the vivacious Ab. Woodard.

.....Mr. James Williamson, son of Mr. T. D. Williams, of Maple Villa, was on the sick list; some better time of writing. Dr. Fish, of Blackstock, officiated.....Mrs. Lawson, Sen., has returned home after a lengthened visit among Fenelon friends. .....Mr. Joseph Johnston was the guest of Mr. David Coulter, West Cartwright. .....Mr. James Lawson, of Fenelon, is visiting Cartwright friends....Mrs. Egerton, wife of Mr. Ralph Egerton, Chestnut Cottage, enjoyed a week's visit with Lindsay friends.

Though he did not kill the fatted calf,
Glad when she returned was the tender Ralph.

.....Sharpe, of the Cadmus Emporium, has displayed his aesthetic taste and artistic skill in and about that popular establishment; its verdant lawn, pretty fences and painted walk present a very pleasing sight, while the mercantile interior is graced with a fall and varied stock. .....The farm mansion of Mr. John Johnston came very near being destroyed by fire. Quite a space in the roof was burned. .....Chief Robertson took in the Sons' excursion to Fenelon Falls. Thomas must like the raging water—apparently he has taken quite an interest in nautical matters.

Ring the bells, yes, ring them again,
Yes, ring them though they bust—
Cartwright's councilman, Wm. Swain,
Was wed to Lily Prust.

Lady referred to, daughter of Postmaster Prust, of Blackstock.

SOUTH MANVERS.—Mr. Wm. Brown has a large acreage of fine looking rye....Mr. Thomas Ball and son, William, were visiting friends in the neighborhood of Cannington.....Mr. Wesley Ball, North Ontario, was visiting at his father's, Mr. Thos. Ball.....A stalk of rye grown on the farm of I. B. Williamson measured 5 feet 3 inches.....Mrs. May Annie Brown, mother of Messrs. William and Robert Brown, has been for some time unwell; better at writing.....Mr. Steve Sisson and wife, of North Manvers, spent Dominion day at North Boominq, the home of her father, Mr. James Devitt.

BOOMINGTON.—We learn that Mr. James Devitt is now the owner of a thoroughbred masculine Jersey.....Boomington works active—those who believe in protecting and supporting home industries, patronize Mr. Tennent, specially when wheelbarrows and neck-yokes are required; his work in such lines is good.

SOUTH CARTWRIGHT.—Mr. Wm. Franks and wife, of Emily, were visiting friends here.....Mr. Charles Jackson, proprietor of the Cadmus Fanning Mill Works, is preparing to turn out a supply of his celebrated Climax machine....Mrs. Jackson, wife of Mr. Robert Jackson, North Cartwright, visited Grimsby friends.....Mrs. Samuel McKnight was the guest of Mrs. J. B. Williamson, Manvers....Miss Bella Ferguson, of Leskard, was visiting at her father's, Mr. John Ferguson.....Mr. John Sanderson and wife indulged in a visit among Emily friends.....Mr. Chas. Fallis, P.M., Prince Albert, was visiting at his brother's, Mr. Geo. Fallis; on his route he lost his pocket-book containing $50. Too much to lose.....Crops on the McKee Line present a very fine appearance.....Mr. John McCracken will build quite an addition to his barn. John has mechanical genius in a degree not possessed by every son of Adam....Grasshoppers in parts of South Cartwright and Manvers have begun their work of destruction. They may be necessary links in the chain of creation, and be things of beauty to the entomologist, but to the son of toil, as he surveys the wreck and ruin caused by them, there is apt to be a doubt as to their utility; he is inclined to think that the world could get on without them.

IRONDALE.

[Correspondence of THE POST.]

THE DRIVES.—The Howry Co.'s drive is at last away from here. Mr. C. Fagan, one of their foremen, takes his men back to their limits at once, and will reconstruct new dams and raise the old ones higher on the creeks leading into Black Lake, so as to make sure of sufficient water to run their logs out another year. There are rumors flying about to the effect that the same enterprising company intend to construct a tramway westward from their limits to the Burnt River at a point below the High Falls at Kinmount, in order to avoid the enormous cost of driving their logs over the numerous rapids, etc., on the waters above.

HAY HARVESTING is fairly commenced, but the crop will not be as good as last year, except in the new meadows. Grasshoppers are also doing some damage.

SALE.—Mr. Chas. Davis' auction sale took place last Friday. Everything sold at fairly good prices. Mr. Richard Craig, of Kinmount, bought the trotting colt for seventy-five dollars. This colt beat the Kinmount trotters hollow on Dominion day, hence the good price paid. Mr. Davis intends leaving in a few days for Dakota, believing that he can better his condition there. We hope so.

THE ELECTIONS.—Although somewhat disappointed at the failure of Mr. McLaughlin to oust the "Wobbler," we console ourselves by the reflection that the T.V.C. will not be of much use to Sam at the next election. In the meantime we await the announcement of the formation of the cabinet and its policy.

MANILLA.

[Correspondence of THE POST.]

IMPORTANT TO ALL SPORTS.—On Saturday evening, July 4th, a meeting of all "lovers of sport" in our town was called in the Maccabee's hall for the purpose of organizing a baseball club. A large number were in attendance and the meeting turned out to be exceedingly interesting as well as a great success. The chair was occupied by our worthy school master, Mr. C. E. Kelley, with F. Savage as secretary. A club was organized which will be known as the Manilla Base Ball Club, officered as follows: Captain Mr. G. DeLury; sec.-treas., Mr. J. J. Carter; managing committee, Messrs. G. DeLury, C. E. Kelly, F. King, G. Gibson, G. Douglas, jr. and F. Savage; Curator, Mr. F. King; Mr. Robt. Edwards acts as hon. president. The membership of the club is already quite large and is on the increase, as is the finances also. The grounds will be secured and the club will be "twirling the sphere" in a very short time. Such a club is just what has been needed for a long time, and the one now formed and organized deserves the support and patronage of the community. We know of no other game which so tends to strengthen and perfect the physique of the rising generation as the manly game of baseball and therefore we hope, trust and believe that the new club will have a most brilliant and successful future.

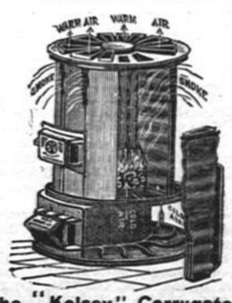
The Most Economical ...House Warmer



The "Kelsey" Corrugated Warm Air Generator.

Any ordinary Hot Air Furnace will produce heat if you will only supply enough fuel. The "Kelsey" has several special and valuable features but most important is that it will give more heat with less fuel and is the most durable heater made.

The "Kelsey" fire pot being constructed of several upright, tubular, corrugated, cast iron sections (see cut) around which the fire passes and up through which the cold air passes while being heated, and this entire section being wrapped with a heavy steel casing which becomes heated by the fire striking it when passing down outside of upright sections towards smoke pipe, it in turn warms the air that passes up between this steel casing and the galvanized iron casing, this explains why the "Kelsey" has three times more radiating surface and warm air capacity than an ordinary Furnace. The "Kelsey" heats every room evenly, wheresoever located, with a nice, mild, healthful warm air that will not injure your furniture.

The "Kelsey" will heat rooms 60 feet distant.

The "Kelsey" does not heat your cellar.

The "Kelsey" is absolutely gas and dust proof.
