Following an Attack of LaGrippe He Suffered Day and Night for Four Years-A Well known Clergyman Endorses His Statements.

Ont., none is held in higher esteem than Mr. Jas. Lovelace, who is known not only in town, but to many throughout Essex county. I could not understand how, after all the medicine I had previously Williams Pink Pills should help me. I now cheerfully continued their use, and by the time I had taken five boxes every trace of pain had left me and I felt as well as ever I had done in my life. Throughout the entire forencon, and again in the evening, could be heard the roll of the drums from the different excursion boats passing up the lakes. All the pots, pans, washbasins, pails, pie tins, boiler lids, stovepipes, and every other article that noise could be pounded out of were called into requisition. and amid the din of pounding was heard the whoops of the boys as they marched along the beach to the wharf, headed by a couple of the seniors with camp lanterns After an hour's noise the party broke up

[To the Editor of THE POST.] SIR,-Having had a vacation of some five days recently I made Peterboro my Rochester, N.Y. stopping place. During my short visit I thought I would take a run up to Lindsay. Oa the 2ad inst. I, in company with Mr. I. C. Ainsworth, of Peterboro, drove from Peterboro to Lindsay, and returned the same evening. I noticed, I am glad to say, a great many improvements which had taken place since I was in Lindsay in 1885 or 1886, both in business, private residences and stores. This town can boast and ought to feel proud of having one of the widest and best streets of any town or city in Canada to day for doing business-I refer to Kent-st.-it being 100 feet in width. Lindsay has three weekly news pipers, THE CANADIAN POST, (dally and weekly) Victoria Warder and Watchman, advertising patronage of the town and seem to be flourishing. If you're a buyer you certainly have noticed the tendency to invest an article with qualities it does not really possess. Some merchants say that is business. Business worked up on that basis should notwill not-last. There must be good faith and confidence in every transaction between buyer and seller.

A merchant-be his business what it may-is quickly "sized up" these days. The man who splits a raisin to make the pound may be eminently just, but the act comes so near what is recognized as meanness that a bad impression is created.

We do not imagine that during our long career in Lindsay as grocers we have escaped blame, but it has never come to us through misrepresentation. We started out to give honest value for the money left with us, and we propose to continue doing so to the end of the chapter.

The good opinion of many a householder in the county has been won for us by the values we give in TEAS and COFFEES. They are standard lines in the house, and we give our customers the purest and best to be had. So it is with all other lines. As reputable grocers, having a care for our good name, we are determined to "hold to that which is good."

Try us and be convinced. We have new customers coming to see us weekly for a pound or two of our choice Teas or Coffees, and they all come back, and come often. So will you.

A magnificent three-seated Platform Spring Carriage was shipped last week from Kylie's Carriage Works to Mr. Patridge, to run from Emsdale to Scotia, in Parry Sound District, and Mr. Patridge writes that he is delighted with it. Mr. Kylie has received three more orders from the same section for Carriages.

He has orders from C. Algier for stage to run between Cambray and Lindsay, and a handsome Butcher Wagon for one of our local men ; also orders from Mr. E. Ferguson, Saintfield; Mr. Gray, of Minden; Mr. Brokenshire, of Rosedale; Mr. Ferguson of Cameron ; Mr. McLeod and Mr. McKinnon, of Woodville, for handsome Carriages.

The most complete Bread Wagon ever built is in course of construction for our enterprising citizen, Mr. G. E. Martin. This will be a beauty. Mr. Kylie has also an order from a prominent citizen of Lindsay for an Eldorado Trap-the first of the kind ever built in Canada. This will be a beautiful Carriage, on which will be used the celebrated Richard's Long Distance Axle.
