This is an excellent showing. NARROW ESCAPE FROM DROWNING.-Mr.

W. Fielding, crown lands agent, Minden, got a severe ducking in Kinmount a few days ago. Mr. Fielding was going to the sheds in the rear of Mr. Dunbar's hotel and opening a door he stepped into a trap hole through which water is taken into the stables, the buildings at this point over-hanging the river. Fortunately he succeeded in grasping a beam, to which he clung until his calls for help brought assistance, when he was rescued. His escape from drowning was a close one, the water being deep and he is not a swimmer. In falling he hurt his knee joint, which still gives him considerable pain. - [Echo.

STRIKING THE RATE.

On motion council went into a committee of the whole to consider the financial statement of the town compiled by Mr. Winters for the purpose of striking the rate for the year. The total amount required to be raised is \$27,974, necessitating a rate of 231 mills an an assessment of \$1,816,988, made up as follows: For general revenue purposes, 15 4 10th milis, for public school purposes, 6 mills; for collegiate institute, 76-10th mills; for

separate schoo! purposes, 6 mills. Mayor Ray explained that the council had to shoulder a defect of some \$1,600 left by last year's council. The rate last year was 23 mills, this year the rate would be a half mill more. Last year \$5,000 were expended on street and bridg-s-this year it was proposed to devote \$3,600 to that department. Every committee must cut down their expenses to the lowest possible notch. The early completion of the waterworks system would add about \$500 to the amount to be provided. With regard to street lighting, while more lamps would be in use, the lower cost would make the additional expense very light .- The report
