said to be plentiful in the locality, and carried off by them to be devoured. —Nicoli Barber, 35 years old, employed in the big wheel pit at the Niagara tunnel on the night gang, was killed Monday night. A stone weighing not more than half a pound fell from the earth above into the pit below, a distance of 150 feet. It struck Barber on the head, instantly felling him to the ground and rendering him unconscious. He died next morning.

—Near Montgomery, Texas, the other day, three negroes attacked the house of Mr. Marsb, killed him, assaulted his wife, murdered his infant and cut out the tongue of his seven-year-old child. His wife is believed to be dying. One negro was caught and lynched. The sheriff and posse are searching for the others.

—Count Edward Rome, one of the wealthiest men in Portugal, recently lost his life through a bet. He had wagered 20,000 francs that he would perform a feat that was considered impossible. He was to walk on the ground from the horse while it walked on its hind legs. The horse, however, fell backward on the count, who died after several hours of great agony.

—The house of lords, as a sort of preliminary feeling of its muscle for the big home rule fight, has come smash into conflict with the commons over what has been called the principle of betterment in the London county council taxation. The idea of making the property benefited by an improvement pay for or help pay for its cost is a commonplace in America and familiar to most other countries. It is only in this laud-riden country that it seems strange and novel.

Hood's Sarsaparilla. Mr. Geo. W. Turner. Simply Awful. Worst Case of Scrofula the Doctors Ever Saw. Completely Cured by HOOD'S SARSAPARILLA.

When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand which got so bad that the doctors cut it off. Then the sore broke out on my arm, came out on my neck and face on both sides. The night of one eye, also on my right arm. Doctors said it was the worst case of Scrofula they ever saw. It was simply awful! Five years ago I began to take the Sarsaparilla. Gradually I got the sores were beginning to heal. I kept on till I had taken ten bottles, and the sores were all healed. I got for that investment of \$1.00 a cure. Yes, many thousands. For the past 4 years I have had no sores.

Work all the Time. Before, I could do no work. I know not what to say strong enough to express my great thank to Hood's Sarsaparilla for my perfect cure. GEORGE W. TURNER, Farmer, Galway, Saratoga county, N. Y.

HOOD'S PILLS do not weaken, but aid digestion and tone the stomach. Try them, 25c.

VARITIES. When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

THE MURDER CASE. GRANTLEY, CANT. AUG. 7. The interest in the case of Mr. Moore, which mentioned in a despatch from here last week, rapidly increases as his improvement in health progresses. As a witness should do, Mr. Moore did not say anything about his trial of Dodd's Kidney Pills for the dropsy which afflicted him from their use. Now that he has satisfied himself and others of this, beyond the shadow of a doubt, he is proud of the fact that he has poured in an answer to the enquiries that have poured upon him about his case. Mr. Moore answered: "I am better than I have been for three years, and the credit is due to Dodd's Kidney Pills." His case and others I've that this pill, in all odds, are the most wonderful remedy of the age.
