An Eastward Blaze,

On Monday last, shortly before one o'clock, fire broke out in the house of Mrs. O'Connell east ward. The alarm was quickly sounded, but before the firemen got to the spot they were told that the fire was not in that direction, but in the south ward. They at once turned back, and this was probably as well, as the fire was extinguished before much damage had been done. The house and contents thus escaped the usual flooding given on all such occasions. The fire is supposed to have been started by a spark from the chimney, as a small hole was burned through the roof close

Father Sweeney's Pic-Nic at Kirkfield. for the grand annual pic-nic of the R. C. church, of Victoria Road, which will be held in Macgold-headed cane between Dr. McKay, M.P.P., between teams from Lindsay and Woodville, and the football match between Victoria Road and Kirkfield clubs. Don't miss this rare opportunity of enjoying one of the best day's pleasure of the season. Nothing will be spared to contribute to the comfort and amusement of those who patronize the pic-nic. See the large posters for further particulars. Tickets can be procured at J. P. Hurley's or Gough Bros., and at the G.T.R. station on morning of excursion.

Ops Council Meeting.

Pursuant to adjournment, Ops council met out

Monday, Aug. 6th, at 10 a, m., all members present.

The minutes of last meeting were read and confirmed were read : From J. W. Rea, calling the attention of left over till the next meeting Mr. Jeremiah Murphy, Manvers, complained that his land nour Manvers boundary was occasionally flooded by surplus water from Ops crossing the boundary onto his premises. He urged that Ops council should prevent it, saying it was unscriptural to injure one's neighbor in such manner. Mr. Walker volunteered to pay him a friendly visit soon to meet the reeve of Manvery . Mr. B. O'Connell stated that as the third con, line was now graded northward to the river, the council had an opportunity of relieving him of the annoyance caused by water from the road crossing his farm instead of being conducted along the road to the river, He said he would do the necessary ditching for half pay if the council would furnish the timber neededs Mr. Walker moved, seconded by Mr. Byrne, that Coun, Robertson be appointed to estimate the cost of said work, let the contract to O'Connell at half such cost, furnish the timber, and see that the work be done in such a manner as to prevent injury to adjoining lands by water from said drain Mr. S. Jamieson, pathmaster beat 30, claimed pay for two extra days' statute labor and for removing a fallen tree off the road. The council permitted him to credit himself with two days' roadwork and allowed. him a dollar for removing the tree..... Mr. Thos. Adams ably urged the council to make a liberal grant for the 5th con, line south of first qr. line, The council said they did not purpose granting any more money on roads this year, but told Mr. Adams if he could induce Manvers council to make a suitable grant on said road in their own interest Ops council would supplement it Mr. Robertson moved, seconded by Mr. Walker, that the following accounts

S. Jamieson, removing tree off road \$ 1 00 J. G. Edwards, blasting material 3 06 G, W. Beall, postage and stationery 3 85 W. F.
