Harvest Supplies, Binder Twine, Haying Tools, Paris Green, Machine Oils, of the HIGHEST Quality—that is what counts these days. J. G. EDWARDS & CO. Hardware, Paints, Oils, Iron and Steel, Bicycle Supplies.

DR. McKEY CHOSEN

North Victoria Reformers in Convention.

A LARGE AND REPRESENTATIVE GATHERING ON FRIDAY AT FENELON FALLS.

Dr. McKay, ex-M.P.P., was the unanimous choice of the convention to contest North Victoria for the House of Commons. A convention of the reform electors of the North Riding of Victoria was called at Fenelon Falls on Friday for the purpose of selecting a candidate to contest the North riding at the coming Dominion elections. Notwithstanding the exceptionally busy time of year the convention was undoubtedly the largest ever held in the village. The vice-president, Mr. Edward Lytle, of Victoria Road, called the meeting to order, and the secretary, Mr. E. McGroove, of Kirkfield, read the minutes of the last meeting, which were confirmed. Among those present were Dr. McKay, R. J. McLaughlin, John Austin, Thos. Stewart, M. O. Hammond, (The Globe), G. H. Wilson, (The Post), E. D. Hand, (Gazette), R. B. Jeffrey, Wm. H. Myers, Wm. Isaac, Thos. Robson, H. Pearce, Wm. Campbell, M. Haskill, H. Austin, E. R. Edwards, Geo. Martin, Dr. Wilson, Dr. Graham, John A. Ellis, A. Clarke, A. McIntosh, F. McDougall, H. Rogers, A. Cragg, John Junkin, E. P. Smith, A. C. Cowleson, P. Graham, W. James, Jos. Myers, A. McKenzie, John Candall, John Coppins, E. Smitham, Robt. Byrnes, James Butler, John Howie, A. Potts, H. Grant, J. Barnes, John W. Rea, R. H. Collins, Wm. Downson, H. Graham, Fred Smitham, T. C. Birchard, M. Hailey, W. Walsh, Joseph Pearn, Jos. Byres, John Ewens, Geo. Arbuckle, Chas. Simpson, W. G. Nicholls, E. Nicos.

work by himself and friends, and victory would be assured. Mr. Thos. Stewart made a short speech, in the course of which he congratulated the convention on nominating such a strong candidate for a strong government. The position of the party had been much changed since the last campaign. The people were then discouraged, even in the Conservative ranks, but now everything was on the upward move. The many advantages secured by the government were already being felt, and the people had found that their confidence in the Liberal party was misplaced, and that they had secured the best premier the country had ever had. Owing to the approach of the time for the departure of the train, the meeting was brought to a close with the singing of the Queen and three rousing cheers for the candidate, Dr. McKay.

SELLING WATER-WORKS.

What it Cost to Transfer a Water-Works System. A despatch from Campbelltown, N. B., says that on Friday last the water-works system of that town was conveyed by the water supply company to the town, the town paying the amount of the award to the arbitrators, which was \$73,750, and the costs, which are \$8,000 or \$10,000 more. From the amount to be paid the company the town retains a sum of \$29,000, an accrued interest to about \$10,000, which will be paid to a Montreal corporation, which holds a mortgage on the works for \$90,000. When the legal whole cost of the system will amount to perhaps \$100,000.

WAS BITTEN BY A SNAKE.

Charlie Bonnell says So. but the Vermin Probably was a Leech. Boys who go in bathing meet with strange and blood-curdling experiences at times. After dinner Friday little Charlie Bonnell, youngest son of Mr. Moses Bonnell, in the employ of Mr. J. Carey, went into his water with some companions, and while suddenly about in the altogether he was suddenly screamed and raced for the shore. He said he had been bitten by something, and the evidence was in his favor, as blood was flowing from a small puncture in his leg. As snakes have been seen in the vicinity of the bathing place, the boy's mother called a doctor, who said the wound was not likely to be attended with any serious consequences, but that it would be well to cool off.

BOARD OF EDUCATION.

Special Meeting Last Tuesday to Deal With Resignations from the Public Staff and to Pass Accounts. The board of education held a brief special session Tuesday evening in the council chamber. All the members were present with the exception of Mr. R. J. McLaughlin. Communications. Secretary Spier read letters from Miss Margery Scott and Miss E. Weir, of the public school staff, resigning their respective positions, which were read on motion of Messrs. Anderson and Flavelle. Letters were also read from Miss Maria Glandine, of Newcastle, and Miss Vidia K. Scott, of Newcastle, expressing their willingness to accept positions on Lindsay school staff. Vacancies Filled. Mr. R. Kennedy presented the report of the advisory committee relative to the resignation of Miss Edith Scott, of Newcastle, and Miss Rust, of Goderich. He selected to fill the vacant positions on the public school staff. The report was adopted.

THE STOCKER TRADE.

How This Branch of Cattle Dealing Affects Ontario. A Globe correspondent says of the stocker trade in Ontario: "There are four cattle raised now in Northern Ontario to every one raised five years ago, according to the estimate of a buyer. The animals sold differ in general character from those in the other districts, being younger. Many are shipped to Nebraska. The journey is a long one, and occupies four days and nights. As many as can be jammed in are put into a car, but the trip is taken out and fed and rested for a short time. The demand has been brisk. The explanation given as to why the cattle are not kept and fed to maturity is that the farmers cannot as a rule afford to wait three years before realizing on their cattle. Many of them do not have the accommodation nor the feed, and are ready to sell calves as soon as they are marketable. This is a natural result of the pioneer character of the country. The excellent summer pasture enables them to do a large business in raising young cattle. The American tariff-tinklers are striving to shut out these foreign animals, but the importers are equal to the occasion. The duty on the stockers has been raised to \$3.75 per head, an illustration of how this is to be met it may be stated that only a week or two ago a local dealer received an order from Minneapolis for 600 head of stockers, and the farmer, if secured, will be taken over at a duty of \$2 per head, or a saving of \$1.75 each in duty over what would be paid if they were kept a year longer. One general result of this wholesale export has been to raise the price of all kinds of cattle. They have been receiving better prices. It was on this score that an exporter defended the policy of sending away the young cattle."

SILVERWARE

We are showing a line of Fruit Dishes, Berry Spoons, Cold Meat Forks, Spoon-Holders, etc., from \$1 up. See them. HUGHAN & CO., Jewelers opp. Wood's Tin Shop.

GRAND TRUNK RAILWAY SYSTEM

"The Tourist Route of America," THE MODERN VESTIBULE COACHES, PULLMAN AND DINING CAR SERVICE, ARE "UP-TO-DATE." For full particulars, apply to the nearest agent of the Grand Trunk Railway.

Lindsay Separate School. BIG PANIC IN MONTREAL

RESULTS OF RECENT PROMOTION EXAMINATIONS.

Table with columns: Names of Pupils Who Will Take Higher Standing When School Opens, and Total Marks Obtainable. Includes names like Leo Pyman, Joseph Scully, Charles Mulvaney, etc.

RECENT BANK FAILURES CAUSE A RUN ON OTHER INSTITUTIONS

All Demands Met so Far—Stock Exchange Demoralized—Archbishop Appeals to the People. (Special to The Post.) Montreal, Aug. 1st, 3 p.m. A wild and demoralizing run took place on the Hochelaga and Nationale banks Tuesday. The management of each institution said they expected such an event, and were prepared with sufficient cash to meet all demands of depositors, especially of the smaller class, who appear to be panic-stricken at the result of the Ville Marie and Jacques Carter Bank suspensions. The run was practically over about 2 o'clock. Up to that time the Hochelaga Bank had paid out about \$50,000 more than the usual amount. The bank crisis precipitated what practically amounted to a panic on the Stock Exchange. Stocks were thrown on the market in large lots, and prices fell considerably. Brokers sold securities held on margins to protect themselves, and took almost anything they could get for them. Montreal Street Railway stock has gone down 11 points, Royal Electric, nine points, and the City of Montreal, one point. The Archbishop has issued an appeal to the people not to get into a state of panic.

HE SAVED HIS FINGERS

But They Were Painfully Lacerated. Robert Quibell, of Fenelon Falls, employed in Mr. Sam. G. Parkin's mill, narrowly escaped losing some of his fingers on Saturday. While engaged in his usual work his hand was pushed against the saw and two fingers of his right hand were lacerated. The wound will not oblige him to suspend work.

STRUCK BY LIGHTNING

Two Emly Farmers Suffered a Serious Loss—Barn Destroyed by Lightning. Last Wednesday's storm was only a "sunshower" in Lindsay and vicinity, but it ragged with violence over a part of North Emly, and caused a serious and regrettable loss to Messrs. J. J. and Geo. Vout, of lot 8, con. 14. About 11:30 a flash of lightning darted out of a jagged, detached cloud almost overhead, and striking the barn the premises were enveloped in flames in a moment. The barn contained the season's crop of hay, a team of horses, several sheep, pigs, vehicles and a number of agricultural implements. We have been unable to learn if there was any insurance.

PERSONALS.

Mr. J. T. Robinson, of Bobcaygeon, called on friends Wednesday. Mr. J. D. Thornton, of Omemee, was in town Wednesday on business. Mr. P. J. Black, of Rat Portage, is registered at the Benson house. Veterinary Surgeon Vrooman, of Bobcaygeon, was in town lately on business. Mr. Walter Brown, of Mr. E. E. W. McGaffey's staff, is at present enjoying holidays. Mr. Alice Hutchinson, of Boston City Hospital, is in town, the guest of Mrs. M. J. Smith, south ward. Mrs. A. V. Sanbury and baby, of Rochester, N.Y., are visiting her mother, Mrs. Wm. Kennedy, of the south ward. Mr. and Mrs. Frank, of Baptiste Lake station, were in town yesterday making arrangements to take up residence here. In the military news Surgeon-Lieut. Sher, of the 45th Regiment, is gazetted as having obtained his Brevet certificate. Messrs. T. Begley, J. Fitzsimons and M. Fitzsimons, of Peterboro, drive to Downeyville recently, and spent a day with friends. Mrs. Geo. H. Middleton and three little daughters, of Galt, are at present the guests of Mr. and Mrs. T. A. Middleton, north ward. Mr. Ernie Weldon, barrister, returned last evening from Ohio, where he had spent some months. He is in excellent health. He has put on flesh and looks fit for a long spell to see him back again. Mr. Addison Reid, of McLaughlin & McDonald's, and Mr. John Willbass, of Victoria Flour Mill, left last Tuesday on a two weeks' camping and cruising tour through the northern part of the province. They will also visit points in Muskoka before returning. St. John's News, July 21st: Mr. Thos. Jellett, a steady and competent compositor of six years' standing at the News office, left St. John's on Monday night for Boston to take a position in a large book printing establishment in that city. He has the good wishes of many friends, and his many admirers will remember Mr. Jellett, who served his apprenticeship to the printing trade in Lindsay and Omemee 35 years ago.

OBITUARY.

The Late George Campbell. The funeral of George Campbell took place on Thursday morning last from his father's home, corner of Mill and Division-sts., to St. Mary's church, where requiem mass was celebrated, and thence to the R. C. cemetery, where his body was interred. George was severely afflicted for the past year and a half, and bore his sufferings with much patience and intelligent resignation. He passed away peacefully on Tuesday morning, the 25th of July, being even anxious to go home to heaven, as he said, to tell them how much he had suffered. He was a great favorite with all, and his attractiveness that seems to forbid an early departure out of this world. He loved singing, and was in the habit of singing himself to sleep in the night. He was a mere child. He was a pet upon his mother even at the age of four years, and clung tenaciously to her, as he did also to his brothers and sisters as they grew up. He talked of his sister Katie, who preceded him to the better world eleven years ago, saying that he could see her, and know what she looked like. He will be remembered by his loved ones, but it cannot be doubted that his memory will be a benediction to them, drawing their hearts upward to that glorious state of bliss which shall be over and past.

The Late Francis Brady.

The early settlers are passing rapidly to the other and better life. Tuesday morning our citizens were shocked by the news of the very sudden death of Mr. Francis Brady, one of the most respected of the early pioneers of Ontonagon, who had lived in Lindsay since he retired from farming over 20 years ago. He had suffered at times lately with heart trouble, and a little after 3 o'clock this morning he called to his wife, saying that he felt unable to breathe. Temporary remedies were applied and a messenger despatched for Dr. Blanchard, but a few minutes later he was dead. He was an old gentleman, passed away about 4 o'clock, ten minutes prior to the physician's arrival. The deceased had resided here 77 years, and leaves a widow, (formerly Miss Bridget McLaughlin, daughter of the late Roger McLaughlin, brother of Geo. McLaughlin, M.P.), and a family of nine children—Mrs. Hugh, daughter of Mr. John Burley and Mrs. John Kelly, of Peterboro; Mrs. Edward Kennedy, Brechin; Mrs. Miss Diment, at home; Patrick, at home; Joseph, of Brechin. In the early years of his residence in town deceased filled several positions, and was also caretaker of Lindsay's first curling rink for a number of years. He was liked and respected by old and young, and his bereaved widow and family will have a widespread sympathy.

GRAND TRUNK TROUBLE.

Two Hundred and Fifty Grand Trunk Machinists Out on Strike—Object to Employment of Non-Union Men. Port Huron, Mich., Aug. 3.—The machinists in the Grand Trunk shops here went on strike yesterday. The action is the culmination of trouble since J. G. Sebring, formerly of the Grand Trunk, was installed as foreman. Tuesday Sebring was notified that the strike will probably extend to-day over the entire system. J. O'Connell, master mechanic of the Amalgamated Society of Engineers, has been summoned from New York to adjust matters. Two hundred and fifty men are out here.

WIND, RAIN AND LIGHTNING.

Property Damaged in Eastern New York and New Jersey. New York, Aug. 3.—Wind, rain and lightning damaged considerable property at points in Eastern New York and New Jersey yesterday, and several persons were struck by lightning. A Rockaway child, killing Henry Mathias and injuring 13 other men. The residence of Lawyer Van Etten at McCullom was struck by lightning and burned to the ground. Between Shokan and Boreville there was a washout on the Western & Delaware Railroad, which delayed trains for a half. Several persons were struck by lightning at Geneseeville and burned and the residence on the Vandover farm in the same vicinity was also consumed. An Schenectady lightning struck several buildings and two persons were stunned. At Elizabethport, N.J., a tornado cut a swath of 1,000 feet wide through the center of the city, causing great damage to the buildings and property, and strange to say, not a human life was killed. The First Presbyterian, Third Presbyterian and Central Baptist Churches suffered, as did the Lyceum and Star Theatres.

MONTREAL'S PANIC.

Financial Matters Have Resumed Their Normal Condition in the Metropolis. Montreal, Aug. 3.—The panic is over, and matters financial have resumed their former state. In fact, some of the runs showed more life than before the runs began. Everything, too, is quiet at the banks. The Hochelaga weathered the storm in splendid style, that institution having been closed for a few days, but a quarter of a million, when their own resources alone gave them two millions for immediate use. Yesterday a New York house wired President St. Charles to draw for any amount, but of course no assistance was required, either at home or abroad. At this bank there were a few people from the country taking out their deposits yesterday, but the bulk of the run had been broken before 3 o'clock Tuesday afternoon, and yesterday it was not visible to the naked eye. Things also look better at the Jacques Cartier Bank, and is now looks as if that institution would resume operations only a few days. One thing is certain: there will be no loss to anyone.

DROVE AWAY NEWFOUNDLANDERS.

The French Warship Manche Doing Her Duty at the Big Island. St. John's, Nfld., Aug. 3.—The French warship Manche arrived here last night from the treaty coast. For the last month she has been patrolling the codfishing areas near the Straits of Belle Isle, driving away the Newfoundland craft that were fishing in the area. Bitter disappointment prevails in the colony over the recent declaration of Mr. Joseph Chamberlain, Imperial Secretary of State for the Colonies, that the Government is not likely to be concluded before the next session of the Imperial Parliament.

YOUNG ELLIOTT'S ESCAPE.

The Death Sentence Commuted to Imprisonment for Life. Ottawa, Aug. 3.—The Cabinet has passed an order-in-council recommending the commutation to imprisonment for life of the sentence of death passed on Edward Elliott, the 16-year-old Beaverton murderer, who beat to death with a pole a William Murray of that village on Nov. 15th last. Jumped Off the Steamer Tola. Montreal, Aug. 3.—While the Elder Dempster steamship Tola, which arrived here yesterday from London, was on her way up the St. Lawrence, H. Eller, a passenger, jumped overboard near Green Island, about 100 miles from Quebec. He told Mrs. Moses of Toronto, another passenger, that he intended to swim to Green Island, which was about two miles distant. Eller shortly afterward jumped overboard and disappeared from view. It is believed he deliberately intended to commit suicide. Miners' Claims Against Canada. Seattle, Wash., Aug. 3.—Ex-Congressman James Hamilton Lewis left for Washington yesterday to present to the State Department the claims of American miners against the Canadian Government for damages sustained through the enactment of a law by the Provincial Legislature of British Columbia debarring aliens from locating placer claims in the Atlin mining district. He represents 1,000 miners, whose claims aggregate \$3,000,000. Impressed by the Woods. Toronto, Aug. 3.—Jimmy Richardson, a bright 13-year-old lad, went bathing yesterday over in the sand bar and was drowned. It is thought that in diving he struck his head against a stone, as there is a gash visible on the body above and alongside the left eye. The little fellow's death became entangled in the undoubtful because entangled in the weeds because after entering the water he never again appeared above the surface. Sick Soldiers From Manila. San Francisco, Aug. 3.—The United States hospital ship Relief, with 250 sick and disabled soldiers from the Philippines, passed through the Golden Gate at 3 o'clock yesterday morning and anchored at Quantico station. Gold From Australia. Sydney, N.S.W., Aug. 3.—The steamer Alameda, Captain von Odenwald, which sailed from this port yesterday for San Francisco, had on board \$280,000 in gold.
