BASE BALL MATCH, EXCURSION AND SPORTS AT STURGEON POINT THURSDAY.

Pleasant Weather Contributed Materially to the Enjoyment of Pleasure Seekers.

Thursday was very faithfully observed by our citizens as Civic holiday, and it would be a very pleasant state of affairs if all the proclamations of our good mayor received like attention- then there could be no doubt entertained as to the fate of the bylaw to raise money for local improvepeople banished all thought of business, and gave themselves up to the pursuit of health and happiness with a zest indicative of the prosperity that need have no care for the morrow.

The C. M. B. A. Excursion. Rain fell during the night, and the appearance of the weather in the early morning was gloomy and threatenign. Notwithstanding the depressing indications the excursion to Chemong Park, under the auspices of Lindsay C. M. B. A. was very well attended, the Crandella leaving port about 8 o'clock with about 225 on board. This number was increased to 250 by accessions made to the party at Pleasant Point and Bobcaygeon, Chemong Park was reached about 2 p.m., and the party spent a couple of very pleasant hours wandering about the beautiful grounds The trip home in the evening was paricularly enjoyable, and the excursion was unanimously voted "the best yet." We are pleased to know, that the Association will have a handsome surplus to add to their treasury funds.

The Orillia Excursionists. The special train bearing the Orillia excursion, under the auspices of the

fire brigade and band of that town, arrived at the station at 10.30-sharp on time. It was made up of five wellfilled coaches. Only eight members of the fire brigade were in attendance, as part of the department had to remain | 5, Mariposa. The Alice-Ethel left port soon after 10.30 with a full complement of passengers, and about 11 o'clock the Greyhound pulled out with the barge Lindsay in tow, there being literally a flock of sheep huddled together, and not a foot of spare standing room on seven of the animals were instantly either deck of the covered barge Soon killed. after I o'clock the Alice-Ethel made a second trip, and although she took away her full complement there was a sufficient number left to tax the carrying capacity of the Maple Leaf,

J. D. Flavelle and R Millar. The warm weather drove many to drink, and the two or three refreshment booths on the grounds did

a rushing business, lemonade, soda water, etc., being the only tipples. Perhaps the most exciting feature of the afternoon's attractions was the steamboat race. The Calumet, Mr. W T. C. Boyd's steam yacht, did not show up, as was announced, but Alice-Ethel steamed down the lake to meet the line boat, Esturion, and when fairly abreast of her full speed was turned and the trial of speed began. The Alice had her bracing buckets on, and Capt. Ed. Smith knew how to hold her to her course, so she slowly but surely forged ahead of her big rival, beating her by several lengths, the Greyhound coming in third. It is but fair to add that the Greyhound has been towing, and her crew had not time to put her in trim to win, as she likely would have done under favorable conditions. Both teams received a duck egg in the first innings, but in the second the ments. Be that as it may, our good Peterboros started the ball rolling and scored six runs. In the third they again failed to tally, but in the fourth, fifth and eighth, their runs were numerous. On the other hand, the Lindsay men could only score one or two under the most favorable circumstances, and generally they fanned wind and retired. In the seventh Blakey was replaced by Stacey in the box, and Ben. pitched good ball, succeeding in striking out several players. Burke's muff of a fly ball to centre, and Blakey's fizzle at third

were costly errors. Manager R. Hamilton umpired the game to the entire satisfaction of both

Last Saturday's severe electrical storm interrupted the slumbers of many of our citizens, and will be remembered by Mr. Samuel D. Webster, a respected farmer, who resides one great deal of this year's crop was stor- burn. ed, and in a few minutes the whole building was a mass of flames. Scarcely anything was saved; nine head of cattle, ten horses, and a number of hogs and sheep perished. Mr. Webster's beautiful bay driver, which won first prize in the lady's race at the Central Fair here last year, and which was purchased this spring by Mr. Webster's son, was among the horses burned. MONDAY'S BIG CELEBRATION

The Closing of the Gates of Derry will be Fittingly Celebrated. [From Saturday's Daily.]

One need not possess an artistic temperament, nor an acquaintance with the work of celebrated painters, in order to recognize that the town is at present set in a Turneresque landscape. The spectacle is something gorgeous, and while it might be classed as somewhat gay by the original Turner, his Peterboro namesake endorses it, and the citizens of Lindsay are ready to seal their approv-

al ungrudgingly. There's no denying that a main street such as Lindsay boasts of-one of the finest in the Dominion-presents a gay and cheering sight when adorned with flags, banners and bright moitoes-many hundreds of 'em. That's where Turner's landscape worke comes in, as a decorator for public functions he leads the procession. His mer have been at work since Thursday, and the town looks as it should on Central Fair days.

The reason for all this garish but picturesque display is to be sought of the Gates of Derry will be celebrated with fitting colat. The event has arch erected on the square formed by iam-sts., and the aforesaid gates are removed and placed under lock and key every night for fear some wags might introduce a further touch of realism by painting them a bright

If the weather and other essentials pan out as hoped the 1899 celebration of the "Little Twelfth" will be a noteworthy event.

CROWD DIDN'T MATERIALIZE. Celebration of the Closing of the Gates of Derry a Partial Failure. [From Monday's Daily.]

Owing to poor attendance from outside points, to-day's celebration of the closing of the Gates of Derry, planned by the local lodges of True Blues and 'Prentice Boys, did not come up to expectations. The local Orange lodges were not represented and the procession was far from inspiring. There was a large turnout of townspeople, the fair sex predominating. Farmers are busy these days filling their barns with golden grain, hence the slim crowd from outside points. Hotel men and others had made preparations for a busy day, and these will probably be at some loss.

On an Important Quest.

The members of council took a run down the river last Wednesday on a steam yacht, armed with long-distance telescopes, microscopes, and other glasses of standard shape and make. They were out spying for sand for use in connection with local improvements. (No reflection intended). The home article available for the construction of granolithic walks did not please the engineer, as it lacks the requisite sharpness, hence the city fathers decided to visit the lake shore deposits, and at the same time inspect some gra-

vel banks. BOBCAYGEON. (Correspondence to The Post.)

Quite a sensation was caused here one evening last week by a number of young ladies and gentiemen who drove around serenading and making things lively by singing and occasnot heard what the celebration was intended for, but rumor has it that a very important event is likely to take place very soon; however, the party broke up after supper, having spent a

most enjoyable evening. No less than seven children were baptised in the Presbyterian church here last Sunday afternoon by the Rev. B. M. Smith.

Mr. McClelland has a good stock of school supplies ready for school openening, next Monday, August 21st. We feel very sorry indeed for your correspondent at Victoria Road. He must have been thrown into a dreadful state of mind when he found that the Peterboro Examiner had overlooked them when giving an account of a visit to the Peat Works, No doubt this was an oversight on their part, but we fully agree with your correspondent, that it would take a good guide by day, and a strong electric search light by night, to find Victoria

Road village, when represented as it is by your correspondent. MANILLA.

Mrs. Jas. Coone. Mr. and Mrs. Mutton, of Pennsylvania, spent a week here, the guest of Mr. H. Carmichael and wife have just returned from the city, where they spent a week visiting friends. Mr. C. was sent as a representative of Manil-

la I.O.O.F. to the session of the Grand Mr. Geo. Coone has placed an order with Mr. John Moore, machine agent, for a new Fleury grinder, which, it is expected will be ready for work by the first of next week. Part es having grain to grind will do well to cal and inspect. The peaceful slumbers of some of

our natives were somewhat disturbed by the attempted depredations of some cattle at a very early hour Monday morning. After endeavoring vainly to pink the locks of gates they concluded to take a vault over a temptngly low gate when one of them got held up for robbery. It took the united strength of four good men to release her from her exalted position, Mr. and Mrs. Buckland, of Oshawa, spent Sunday and Monday with their daughter, Mrs. (Dr.) McPhail. Mr. and Mrs. Neal, of Toronto, spent Sunday with Mr. D. King.
