The troops then returned to Tangier with the heads of the rebels they had killed, for which they an efficial invitation from Washington to will receive \$8 per head from the sultan's

-David Mascaw, first mate of the barge Wheeler of the Hall fleet, Ogdensburg, was killed at Clayton on Monday evening. He was assisting in raising the anchor on the barge Lyon when the rope by which the length. He never uttered a syllable, for death was instantaneous. The wife of the unfortunate man, Mary Mascow, was near by at the time of the accident, as was also her nine-year old boy Joe. They were hor-

ror-stricken by the sight. -The trial of the Marquis de Mores for gan at Paris on Monday. Count Lamasse -It is reported that the steam yacht and M. Guerin, the marquis' seconds, and Capt. Panjade and M. Delorme, Captain Mayers' seconds, were also arraigned charg-Sibley, his wife and two daughters, ed with complicity in the crime. After the proceedings had commenced the Marquis de Mores arose in the dock and, standing with folded arms, harangued the court for half an hour on his meat speculations in the United States and his colonizing enter-

prises in Torquio. -Albert G. Price, a land surveyor who tains because he accidentally intruded on

was or ce robust, is now very feeble. -The news of a terrible tragedy near flames are still raging. It is feared that has been called to consider a proposition to Cato, Cayuga county, N.Y., has been received. It appears that a boy while cutting dead have not yet been brought to the based, has fallen to about one tenth of what it was before the McKinley tariff was into effect in the United States.

As at accident occurred a few miles limit of Aylmer last Friday night. Mr. William Ashton was crossing what is hand, what is sam threshing engine when the stringers are miles at the sam threshing engine when the stringers are miles in measured at the murderer. He felled him to the sam threshing engine when the stringers are allocated that the immediately caught up the murderer when the stringers are miles. It caused tremendous falls of earth, which completely blocked the special care and the working at a good distance from who were working at a spool state.

The string has been was felt over an area of ten miles. It caused tremendous falls of earth, which completely blocked the galleries. As the workings extend 1,700 yards, it is hoped that some miners who were working at a good distance from who were working at a spood distance from who were working at a spood distance from the stam that the strangth of the surface, bearing with them two many and precipitated engine, driver and loat no time in wresting venguage and loat no time the blood particle. The best-the Superior Medicine is the med, has fallen to about one tenth of bundles for a threshing machine accident.

ers stood by and witnessed the two tragic deaths, which took place so quickly that

they were powerless to interfere. -A week or so ago Mr. George Ford of liner Alaska on the run from New York to Collingwood stepped on a rusty nail, which pierced his foot. On resuming work on Tuesday he had to quit on account of the sistance was called in when he returned home. Symptoms of lockjaw were at once detected and proper remedies were applied, but the patient gradually sank to his death, which took place on Wednesday morning

of last week. -The newspapers in Paris say that the liquidator of the Panama Canal Company has concluded an agreement with M. Heilard, the vice-president of the Paris Chamber of commerce, providing for the formation of a new company with a capital of \$30,000,000 to resume work on the Panama canal. Work will be resumed immediately, in order to prevent the lapsing of the concesoion granted to the old company by the government of Columbia.

-On Monday afternoon last a very sad accident happened in Parry Sound by which Ida, the nine year old daughter of Mr. James Tutt, met her death. Deceased with a number of other girls were intending to make a short cut to the cemetery to attend the funeral of a friend, and attempted to cross the Seguin river on a log at the grist mill dam, when she lost her balunce and fell into the raging torrent below and was carried over the falls. Search was made for the body, but it was not until Tuesday night that it was brought to the surface.

-On Friday about midnight, as a Canadian Pacific railway train, was nearing the little village of Schaw, a place just two stations east of Galt, a man named Fred Coveney, a carpenter, about thirty years of age, was walking along the track, -The London Lancet takes a gloomy going in the same direction as the train. literally cut to pieces.

-Three weeks ago Alice Taylor, a young power of speech. Miss Taylor went to the Emergency hospital, where her case was diagnosed as one where the blow had caused a blood clot on the brain, the pressure on the nerve centres causing paralysis. An operation was performed, the skull trephined, and a clot the size of a fifty cent the power of speech, and the paralysis is partly removed.

-A Chicago special says : Big Ed. Rice, this city. In 1873 be was implicated in a ploring parties are still searching the bank robbery at Halifax, with two other mine though all hope of finding further men. Rice alone escaped arrest, but he was implicated in a \$5,000 robbery of the Canadian Express Company's office at Port Hope. He was arrested and tried at Cobourg for this bold offence, was convicted and sentenced to a term of four years in the Kingston penitentiary.

-At the foot of the cliff under the windows of the Castle of Miramar, formerly the residence of the Mexican Emperor Maximilian, at a depth of 80 feet below the surface of the clear waters of the Adriatic, is a kind of cage fashioned by divers in the face of the rock. In that cage are some of the most magnificent pearls in existence. They belong to the Archduchess Rainer. Having been left unworn for a long time the gems lost their color and became 'sick,' and the experts were unanimous in declarthat the only means by which they could be restored to their original brilliancy was by submitting them to a prolonged immersion in the depths of the sea. They have been lying there for a number of years, and are gradually, but very slowly, regaining their former unrivalled orient.

Madison county, Georgis, went to a mill leaving his wife and four children at home. Two hours later he returned and found his wife lying on the floor insensible with four their cries she put the baby down and hurried back to the house, where she found said they had poked their fingers through a crack in the floor and a hen had picked at them. The mother went back to the The third child died before she got back to the house and the mother swooned away. Investigation showed that the supposed hen was a rattlesnake.

Rocky Mountains, says Contractors Ross, painful. Mann and Holt are vigorously pushing the grading operations on behalf of the C.P.R. are three hundred men at work, and about twenty miles have been graded. The anthracite coal deposits, one of which is flicting a scalp wound fully six inches in which at many points is too narrow for more than one road. The line is laid out to News. MacLeod, where it connects with Calgary and Edmonton; and it is said that the intention of the company is to extend lines due east to connect at Estevain with the new Sault cut-off now being built from Regina, and running south through the states. This will practically give the C. P. R. another transcontinental line and an optional route to the coast; and as the pass will be much better than Kicking Horse trade may be largely diverted from the lat-

-There was a fearful mining accident

Friday last at the Park Slip coal pit, near

Bridgend, a mining town in Glamorgan-

shire, Wales. The day shift of miners had

not long been in the mine before a most terrific explosion was heard. The ground trembled with the force of the explosion and the people in the vicinity knew immediately that an accident had happened. The day shift comprised 150 men, and was tied to a runaway freight car by the their relatives and friends rushed to the striking miners in the Tennessee mour. pit mouth to learn the extent of the disasand rock to fall, and the mouth of the pit one of their secret meetings, was at the was closed. Not a single man of the 150 in Grand Central depot, New York, Monday the mine had made his escape. Hundreds -Mr. Duncan Thrasher, who lives about on his way to Boston, where he goes to of the miners in the vicinity have volunconsult a specialist for treatment of a pe-culiar allment which resulted from his ing the pit mouth, and it was pushed as sensational experience. Price was tied to rapidly as circumstances permitted...... a freight car by a lariat and dragged for a A later despatch from Bridgend says: long distance down a steep incline. A Though the volunteers have been working tesist the horse, when the animal kicked it curve in the road threw his body at an with desperate energy it is still impossible brer. In an instant the barn was in flames, angle, and the rope wound around a telegraph pole and saved his life. He was very the Park Slip. From the indications it is seriously injured, and his health, which believed the whole interior of the pit was set on fire by the explosion, and that the
