December 1; I went out to shovel and before I got through was ed by th best physician in the city Company.

of London. Possibly his treatment was not without temporary effect; at any rate I gradually recovered until I was able to be on my feet once more. I decided to try country life sgain and went back to my farm last year, but I still found that I had it as bad as ever. I was living in dread of having to go through another ordeal when I read in the papers about this Marshall miracle in Hamiltoo. I had then as much faith in Pink Pills as I had in other patent medicines—and that wasn't very great. I did not bother with them nor did I think of the matter again until last September. I saw Mr. Marshall at the Western Fair and he advised me to try Pink Pills. I told him I did not think the remedy claimed to cure rheumatism, and that although I had certainly ocalar proof that his own was bona fide, my complaint was different to his. Mr. Marshall said he could not say whether it would cure rheumatism or not, but the pills were good for the blood anyway, and at least it would do me no harm to try half a dozen boxes. I neglected his advice: it would be neglest to two a modifications. Aver's Remedies Ayer's Pills

"At last I yielded and bought six boxes as a sort of forlorn hope, I took four boxes and received no benefit that I could recognise, but while taking the fifth I noticed that for a period of three or four days I felt no pain. This was a novelty to me, as for three or four years I had not known what it was to have a moment's freedom from suffering, whether in bed or out of it. I the fact that as a practical joke two fellowsupposed it was a temporary relaxation due to natural causes. However, it gave me some hope to finish the sixth box. Then I knew I was getting better—much better. The pain which had been constant became intermittent and less severe. My friends and family told me that I was beginning to look like another man. My face, which had begun to wear a drawn expression, common with people who are suffering, commenced to show a better color. My

system was being toned up. Inspired with increased hope I purchased six more boxes from Mr. Mitchell, the druggist, and continued to take them, and with each box I realized more and more that it was a cure. I used up thirteen boxes in all, and when the thirteen were finished I had had not a the thirteen were finished I had had not a cup containing as she supposed coffee. The alleged coffee turned out to be guntary and the explosion which followed. symtom of pain for three months." "At that time Mr. Mitchell spoke to me injured Mrs. Finlay quite severely. about it in the store. I told him what a

Powell. of 33 Alma Street, Re-pany, of Brockville, I said I was not a Advertise Representative - Tor | acter, and did not relish the idea of having my name published broadcast over the land. That is one of the reasons why I have been so long in making this public. But I am so profoundly grateful for my rescue from a life of pain to one of health and strength that I feel I would be neglecting a duty I owed to suffering humanity if I allowed these scruples to interfere any longer with an avewal of what Dr. Williams' Pink Pills bave done for me. I discontinued taking Pink Pills the 1st of April last. started again in June and have used six boxes, not because I have had any recurreace of my old complaint, but because I want to thoroughly drive it out of my I think the pills as good as a

"Now," concluded Mr. Powell, "you have my experience. I know what I was; I know what I am. I know that from boyhood I have been a victim of malignant rhuematism, which has been a torture the last few years. I know that I have tried every remedy and been treated by the best medical skill, but in vain; and I know that Pink Pills have succeeded where every-thing else has failed, and that they have brought me back health and happiness. Therefore I ought to be thankful, and I am thankful." And Mr. Powell's intense earnestness of manner could admit of no doubt as to his gratitude and sincerity. The reporter shook hands and took his leave. "You may ask Ray. Mr. McIntyre, of the Askin street Methodist church, or Ray. G. A. Andrews, B. A., pastor of the Lambeth circuit, whether I was a sick man or not," were his parting words.

REV. MR. M'INTYRE'S TESTIMONY. The reporter dropped in on Ray. C. E. McIatyre at the parsonage, 82 Askin street. "I know Mr. Powell well," said the reverend gentlemen when questioned. "He was an esteemed parishoner of mine when he live ton Askin street. He afterwards moved into the country, but he has since returned and is attending the Askin street "Do you remember Mr. Powell's illness

"I do. Mr. Powell is, in my opinion a most conscientious person, and any stateent farm. On the 21st stime I really felt any rheumatic reliable."

WHAT MR. MITCHELL SAYS. "Dr. Williams' Pink Pills are the best selling and most popular medicine in the store," swid Mr. B. A. Mitchell, the well-

known druggist, upon whom the reporter "Do you know of Mr. Powell's case?"

asked the reporter. "Yes, and I consider it a most remarkable one. I remember that Mr. Powell was a great sufferer from rheumatism. He was continually buying medicine of some sort, but seemed to get no better. Then he commeaced to try Pink Pills. I saw he was beginning to look like a different man, so I asked him one day about it. He told that he traced his cure to the use of Dr. Williams' Pink Pills. As I have already said, the demand for Pink Pills is something astonishing, and they invariably give the best satisfaction. I knew this to be so from the voluntary statements of customers, and if necessary the proprietors could get scores of testimonials from people here who have been benefited by the use of Pink Pills. I have sold thousands of boxes and have no hesitation in recommending

them as a perfect blood builder and nerve restorer, caring such diseases as rheumatism, neuralgia, partial paralysis, locem-otor ataxia, St. Vitus dance, nervous headache, nervous prostration and the tired feeling therefrom, the after-effects of la grippe, diseases depending on humors in the blood, such as scrofuls, chronic erysipelas, etc. Pink Pills gaye a healthy glow to pale and sailow complexions, and are a specific forthetroubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, over-work or excesses of any

Mr. Hodgins, the head clerk, corroborated what Mr. Mitchell had said. The sale of Pink Pilis was extraordinary and the general verdict was that it was a wonderful medicine. These Pills are manufactured by the Dr. Williams Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing our trade mark and wrapper, at 50 cents a box, or six boxes for \$2.50. Bear in mind that Dr. Williams Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form lear the city. It weighs only one pound and nine ounces and is now ten days old and is fairly healthy. The prospects are that it will live and grow to maturity. The mother of the child is a strong, healthy woman weighing 145 pounds, and the father is of ordinary size; he is a muscular young farmer. The child wears small doll clothes, and a finger ring will go on its arm up to the shoulder with the greatest case. It lies on the palm of a person's hand with-out any trouble. The child has a full head of dark curly hair and cries lustily. -Considerable excitement has been

caused in London, Eng., by the mysterious death of Ruby Russell, an actress of some note, whose real name was Marianne Sharpe. At the time of her death she was living with Dr. Heron, an army surgeon. An inquest was held, but the cause of her death could not be ascertained, although she is supposed to have been poisoned. On Saturday after taking sufficient poison to kill himself, Dr. Herron cut his throat. He was a widower, his wife having died in Jamaica in 1891. An inquest was held on her body at the time. Dr. Herron first cut his throat while standing in front of a mirror. Finding the gash was not deep enough to cause death he stretched himself on the floor, arranged a vessel to catch his blood, and placed a pillow so as to elevate his head enough to let the blood flow into the vessel. He then cut his throat a second time, severing the windpipe and jugular vein. He had scribbled his love for Miss Sharpe, and expressed the hope that he would soon meet her again. It is reported Herron left a paper confessing that he had
