The Telephone for Farmers.

An exchange is discussing the value of

the telephone for farmers and points out

obvious. The chief obstacle is the expense.

with the the towns and villages by tele-

phone the would have a feeling of protec-

tion entirely new to them. The farmers

would be within calling distance of each

other, and the escape of the scoundrels who

molest their property would be less easy

than at present. Then in the case of fires,

which so frequently occur in local districts

where there are no means for extinguish-

ing them, it would be a great advantage to

be able to call up one's neighbors and

secure their speedy aid. Then it would be

an advantage for farmers, very few of

whom are in a position to receive daily

communication; but already a good many

of them are beginning to see that this is

one of the modern inventions which is

passing from the category of luxuries to

the telephone in the country districts.

The New York "Hearld" And Its New

view of the public. This wonderful system of

In this way there can be no failure in the press-

breakdown occurs, the Hearld will be printed

on time. There are ten electric motors. The

capacity of this department is illustrated by the

fact that there are more than eighteen hundred

sixteen candle-power lights in the establishment

Of the eight massive presses two are intended

copies an hour, will be on the thirty-sixth-st.

It is the most improved and productive printing

machine in the world. The press room has an

aggregate capacity of a little above two hundred

and eighty, thousand sheets an hour. Ink is

pumped from a tank in the vaults under the

sidewalk to the fountains of the presses. The

The machinery is so exquisitely adjusted on its

rook foundation that there is scarcely a vibra

tion to be noticed when the whole mechanical

department in full swing. No other press-room

approaches this one in the perfection of its

equipment and the swift interchangeability of

its various parts. The lightness and airiness of

the space and the orderly, logical arrangement

of the engines, motors and presses, all combine

to make this part of the Hearld establishment a

model for the world .- [From Harper's Weekly.

Each press prints two colors simultaneously. The Hearld's immense press, which turns out more than sixty thousand

Yours very respectfully, SISTER M. AMBROSE.

Secretary for Sisters of Providence. Medical scienists concede that weak blood and shattered nerves are the fruitful cause of nearly every disease to which human flesh is heir, and if Dr. Williams' Pink Pills is, as Sister Ambrose says they have found it, "a good blood builder and an whole course of the white paper is in full view excellent nerve tonic," the source of good Sister Ambrose said they are never without Pink Pills, and that now they

order a gross at a time. This is certainly a very high recommen dation for the medicine, for there is probably no class of people that gives more attention to the physical health and welfare of its members than the Sisters of Providence, and they would not use anything in which they did not have unbounded faith.

Dr. Williams' Pink Pills are truly one of the greatest medical discoveries of the age. They are the beginning of a more healthful era. Every day brings reports of remarkable cures that have resulted from the use of this wonderful medicine. In many cases the good work has been accomplished after eminent physicians had failed, and pronounced the patient beyond the hope of human aid. An analysis shows that Dr. Williams Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood, and restore shat-One of the judges of the United States | tered nerves. for a

Deaf

Caused by Catarrh in the Head

Catarrh is a Constitutional disease, and requires a Constitutional Remedy like Hood's Sarsaparilla to cure it. Read: "Three years ago, as a result of catarrh, I entirely lost my hearing and was deaf for more than a year. I tried various things to cure it, and had several physicians attempt it, but no improvement was apparent. I could distin-guish no sound. I was intending putting myself under the care of a specialist when some one suggested that possibly Hood's Sarsaparilla would do me some good. I began taking it without the expectation of any lasting help. To my surprise and great joy I found when I had taken three bottles that my hearing was returning. I kept on till I had taken three more. It is now over a year and I can hear perfectly well. I am troubled but
