DISEASED LUNGS CURED BY TAKING AYER'S Cherry Pectoral.

"I contracted a severe cold, which settled on my lungs, and did what is often done in such cases, neglected it. I then consulted a doctor, who found on examining me, that the upper part of the left lung was highly affected. The medicines he gave me did not do any good, and I determined to try Ayer's Cherry Pectoral. After taking a few doses my trouble was relieved, and before I had finished the bottle I was cured."

OUR TOWN FATHERS.

THEY MET IN REGULAR SESSION LAST MOODAY.

The Appointment of a Collector Again to the Fore.—Treasurer Knowlson and his Clerks Tickets—Communications and Reports. A brief but somewhat interesting session of council was held Monday business being taken up about 7.50. The members present were Mayor Walters, Reeve Kyle, Dep-reeve Crandell, and Counc. Robinson, Touchburn, Pedlar, Gillogly, Killaby, Curtin and Brady. The minutes of the last regular and special meetings were read by Clerk Knowlson and on motion were confirmed.

COMMUNICATIONS. From J. H. Knight, calling attention to the dangerous condition of culverts on Victoria avenue, and also complaining that the driver of the sprinkling cart does not regulate the flow properly.—Referred to street and bridge committee.

From W. B. Fee, charging Mr. G. W. Mills with having removed gravel from a crossing on St. Paul-st., and other wrongful acts.—Street and bridge committee.

From Mrs. Sharpe, secretary of the Central Charity Committee, enclosing copy of a resolution passed by that body on Sept. 6th asking council to appoint a committee to consider the question of providing better accommodation for the aged poor during the coming winter.—Laid on table.

From Dr. Keupp, calling attention to the case of an old man named Hepburn, who had been laid up ill at Dorey's temperance house. Mayor Walters explained that when he received the letter he engaged Hugh Mallon to care for the old man, who had later on been removed to gaol, as no boarding house could be secured for him.

From F. H. Bieble, complaining of the action of the sanitary inspector in taking water from the hydrants to flush sewers at inconvenient times, thereby endangering the company's contract with the G.T.R. A letter was also read from Sanitary Inspector Douglas in explanation of his action. The matter was finally referred to the fire and water committee.

The clerk read the following list of accounts sent in: Central Charity Committee \$125.00, Dorey, for two weeks board Jas. Hepburn 6.00, Dorey, two weeks board H. E. Mallon 6.00, H. Mallon, 10 days' attending Jas. Hepburn 6.50, McLenan & Co., bills 19.75, Dorey's and Mallon's accounts were ordered to be paid; balance referred to the finance committee.

From Chief Bell, stating that \$33.50 had been imposed in fines during August, and giving 576 as the number of dog tags issued up to date.—Police committee.

From the secretary of the board of health, notifying council to have the excavations on George-st. filled in.—Street and bridge committee.

Clerk Knowlson stated that a deputation from the board of health was to have been present, but he had omitted to send the members notice of the meeting.

THE COLLECTORSHIP. Reeve KYLE, chairman of the committee appointed to consider the qualifications of the applicants for the position of collector, read a report recommending that Mr. P. G. Pilkie be given the position on condition that his sureties are acceptable.

COND. KILLABY, moved, seconded by Dep-reeve CRANDELL, that the report be laid on the table.—Carried.

REPORT OF THE POLICE COMMITTEE. COND. PEDLAR, chairman, read a brief report certifying to the correctness of Chief Bell's returns for July.—Adopted.

REPORT OF THE FINANCE COMMITTEE. In the absence of Chairman Walters through illness the report, which recommended payment of a number of accounts, and referred to several unimportant matters, was read by Clerk Knowlson:

Table with 2 columns: Name and Amount. Includes Wm. Eakins, special constable \$2.00, Geo. Foster 2.00, P. Nicolson 2.00, Joe Stables, charity 4.25, Williamson Bros. charity 5.00, The S. D. & F. M. Co. charity 13.95, G. W. Mills, charity 13.13, C. S. Blackwell, charity 6.00, J. O. Bane, charity 6.00, Fire hall supplies Kyle 63.80, Bread and cheese for prisoner 11, Light, Heat & Power Co. 157.60.

Mayor WALTERS said he hoped some member of council would move that the portion of the report referring to Mr. Murtha be struck out—they had an officer who was trying to do his duty and they should support him.

COND. PEDLAR said he had heard both sides of the story and would support the motion. The item was accordingly struck out.

PAYING UP OLD SCORES. On motion of Reeve Kyle a sum of \$0.00 due Mr. S. Parkin for street lighting was ordered to be paid, subject to terms of contract.

REPORT OF THE FIRE AND WATER COMMITTEE. Reeve KYLE, chairman, presented the following brief report: Your committee recommend that no action be taken on petition asking for electric light on Right-st.

Your committee also recommend that the request of the fire brigade be received and filed, and that the captain of the brigade should attend all fire hydrants or corporations, whether within reach of the hydrants or not.

The chairman attended to the building of a shed for hay at a cost of \$7.

MORE TOWN HALL REPAIRS. Moved by Dep-reeve CRANDELL, seconded by COND. CURTIN, that the town property committee be authorized to make the necessary repairs to the west end of the council chamber, now defective. Dep-reeve Crandell explained that the repairs rendered necessary by the fall of the stair-ways would cost about \$25. The flooring was and posts had rotted away. He thought it would be best to remove the partition and place a couple of windows in the west wall, as the light is defective for police court purposes.

COND. TOUCHBURN opposed the putting in of windows on the score of expense, Mayor Walters siding with him, and it was decided to make the repairs as cheaply as possible.

WILL PAY FOR ITSELF IN REENT. Dep-reeve CRANDELL moved, seconded by COND. KILLABY, that the town property committee be authorized to repair No. 133, queen's square, at a cost of \$25 or \$30.—Carried.

TO WELCOME PREMIER BOWELL. Moved by COND. TOUCHBURN, seconded by COND. KILLABY, that a committee comprising Mayor Walters, Reeve Kyle, COND. BRADY, and the mover, be appointed to act in conjunction with the agricultural society in receiving Premier Mackenzie Bowell on the day of his visit to our fall fair.—Carried.

COND. TOUCHBURN said he moved the resolution on the understanding that no more money be spent than is strictly necessary.

THOMAS WINTER, clerk.

A SENSIBLE IDEA.

COND. PEDLAR moved, seconded by COND. TOUCHBURN, that the clerk be instructed to advertise in the Toronto papers with the object of securing purchasers for the old waterworks pumps, the gas lamps and apparatus, and the old road-making machine, and that an estimate be procured of the probable value of same.—Carried.

ABOUT THOSE CIRCUS TICKETS.

COND. CURTIN arose at this point and asked permission of the chair to address a few questions to Clerk Knowlson. He asked that gentleman how many complimentary circus tickets he had received from Sells' Bros. agent for members of council, and how many he had given out.

Clerk Knowlson replied that he had been given 15, and had presented all of them to members—he had to buy his own ticket.

COND. CURTIN said he had been unable to get at the facts, and had taken the trouble to write to Sells' Bros' agent, who stated in his reply that he had given the town treasurer 26 tickets—one for each member of council and his lady.

Clerk Knowlson replied that there must be a mistake somewhere.

COND. CURTIN insisted that there could be no mistake—it was there in black and white—the agent declared he had left 26 tickets. They all knew it was done out of gratitude because the council had repealed the by-law imposing the high license. He was surprised that Mr. Knowlson, holding the position he did, would do such a dishonorable trick.

COND. ROBINSON backed up COND. CURTIN in his view of the matter, and used even stronger language expressing his disapproval.

COND. BRADY regretted that the matter had been brought up—some people would get the impression that the council had been influenced in repealing the by-law, whereas they had simply been actuated by business principles. When the by-law had been passed it was expected that the council would also pass a high license by-law, but they had not done so, and the circus people had engaged a lot on the ground. As the town would have to supply police supervision the council thought they might as well repeal the by-law and get something to cover the expense, and he had been one of the press would not mention the dissolution—there was quite enough being reported that was detrimental to the town. Lindsay people are not loyal enough to their own town—if they ever expect it to amount to anything they should follow the example set by Peterboro people and others, who did not sell out every excuse to belittle their surroundings. Lindsay was said to be taxed out of existence, yet we see that Napanee has imposed a rate of 23 mills, and is looked upon as a prosperous town.

Mayor WALTERS said he regretted the discussion. Clerk Knowlson had given his denial, and it should be accepted.

A CLOSE CALL.

The council then went into committee on By-law No. 77, to appoint a collector and fix the salary. COND. TOUCHBURN couched the chair.

Moved by Mayor WALTERS, seconded by Dep-reeve CRANDELL, that Mr. R. Spier be appointed collector.

In amendment it was moved by COND. PEDLAR, seconded by COND. CURTIN, that P. G. Pilkie be appointed.

COND. BRADY said that at the last meeting the selection of a collector had been left to a committee, and Mr. Pilkie had been selected, therefore he thought he should be appointed. Mr. Spier had done his work well, but he (Brady) felt that the voice of the committee should be heard.

COND. ROBINSON did not think the committee had anything to do with appointing a collector. If anyone could bring a charge against Spier he would not support him, but he did not think the town had a finer officer—he would say so, though he had voted against him last year.

COND. CURTIN said he had no objection to Mr. Spier, but he felt that the offices should not be bunched—Mr. Spier already held two offices. There were many good reasons why the office of assessor and collector should not be held by the same man—blunders were sometimes made, as they all knew and it would be better to have the rolls pass through different hands.

A vote was next taken, the count of hands being 5 to 4 for Mr. Spier.

The salary was then set at \$300, same as last year.

Mayor WALTERS said Mr. Spier had told him he would not again be an applicant for the assessorship.

The friends of Mr. Spier pressed for a third reading, but Mr. Brady said he would move an amendment—they would require a two-thirds vote to carry the third reading.

Mayor WALTERS—"Yes, and we want a collector, too—we are already late."

COND. BRADY—"Well, you should have taken the man the committee selected."

The motion to give a third reading was then voted on, and was defeated by one, thus giving Mr. Pilkie's friends a chance to win when the absentees attend next meeting.

The council then adjourned.

THE WORLD'S DEBTO CO-REGATIONALISM

The Church Gave to the World a Beecher—Hear Also What the Rev. S. Nicholls, a Prominent Toronto Congregational Minister, Has to Say on an Important Subject.

Henry Ward Beecher believed man's religious faith was colored largely by the condition of his health. He had said from the pulpit that no man could hold right views on religion when his stomach was out of order. It is quite certain that no preacher can preach with effect if his head is stuffed up with a cold, or if he is a sufferer from catarrh. It is not surprising, therefore, that we find the leading clergymen of Canada speaking so highly of Dr. Agnew's Catarrh Powder, for cold in the head or catarrh. They know the necessity better than anyone else of being relieved of this trouble. Rev. S. Nicholls, of Olive Congregational Church, Toronto, is one who has used this medicine, and under his own signature has borne testimony to its beneficial character.

One short puff of the breath through the Blower, Supplicat Powder, diffuses this powder over the surface of the nasal passages. Painless and delightful to use, it relieves in ten minutes and permanently cures catarrh, hay fever, colds, headaches, sneezing, tonsillitis and deafness. Sixty cents. Sold by F. Morgan.

DOES IT WORK IN SIX HOURS.

A Medicine That Will Relieve Distressing Kidney and Bladder Diseases in Six Hours. Deserves Your Attention. Those who suffer from kidney trouble suffer acutely. Where some kinds of sickness can be borne with fortitude, it is no easy matter to exercise this virtue when one is a sufferer from kidney trouble. Hope one may sustain a person when a medicine is being used that doctors say will eventually effect a cure. But who wants to continue an agonizing course of treatment when a medicine like South American Kidney Cure is within the reach of everyone and that is so speedy as well as certain in its effects? This new remedy has been thoroughly tested by learned physicians, and stands to-day ahead of any medicine used for this purpose. It does not pretend to cure anything else, but it does cure kidney diseases. Sold by F. Morgan.

DEMERS MURDER TRIAL.

Counsel for the Crown Outlines the Case Against the Accused.

Montreal, Sept. 10.—When the trial of Napoleon Demers for the murder of his wife on June 12 last, began yesterday in the court of Queen's Bench, every available seat and inch of standing room was occupied. Mr. Justice Wurtelle occupied the bench. Demers betrayed some nervousness at first, but soon regained his self-control. A mixed jury was sworn in, and both defence and prosecution took advantage of the privilege of opening their case. Forty witnesses were summoned for the Crown and forty-five for the defence. They answered their names and then had to withdraw. Messrs. M. J. F. Quinn, Q.C., and Archambault, Q.C., Crown prosecutors, took up most of the day in addressing the jury, outlining the case against the evidence against the accused. They told how the woman was found lying in her home, with her throat cut and her infant lying in the cradle nearby. They would show that the woman could not have committed suicide. Then it was to be decided if anyone else but the husband had committed the deed. The Crown proposed to show that the woman was dead before she went to his work house in the morning to go to his work and to show that the stories he told about her preparing breakfast for him, and about his going to work, were false. Demers had not arrived at a quarter past 6, but they would show that the two milkmen called before 6. The Crown contended that the woman was first struck on the head and then her throat cut, a pillow being used to prevent the splashing of the blood.

J. A. U. Beaudry, C.E., was the first witness, and produced a plan of the premises, which the jury afterwards viewed.

CANADA MAKES HER OWN LAWS.

So Said Sir C. H. Tupper in Speech Yesterday.

Toronto, Sept. 11.—Sir C. H. Tupper, Minister of Justice, at the Exhibition luncheon yesterday in the course of his speech dealt with the copyright question, incidentally thanking the directors for an opportunity of utterance on this subject. "What do we know about author's rights?" some might ask. "What do we care?" It meant this to us: "He was a loyal subject of Her Majesty, most of those around him were subjects of Her Majesty. Our loyalty had stood the test. We had been subjected to misgovernment in the past. Her Majesty's ministers in the past might in the future. We must remember that we had not only the rights of millions and millions in the future. If the less between Canada and the Mother Country were to be cemented, self-government must be respected. We must know whether the unanimous will of the House of Commons is to be respected, or great man as he was, would rise equal to the occasion. It was not a question of rights of authors. We have a right to misgovern ourselves if we choose, either in regard to copyright or in regard to tariff. In England there were cotton and copper interests, which would be glad to see our tariff laws reversed. We must be given latitude to work out the burden of our responsibilities. The demand of the House of Commons from 1839 to the present time on a matter respecting our rights of self-government must be heard. Canadians had spoken with one voice in the House of Commons. There might be differences of opinion as to the wisdom of the legislation itself, but there was no difference of opinion as to the fact that we demanded their rights of self-government. As in the past, must be conceded by Great Britain, or else the grand coalition of the colonies, may be long and unfortunately delayed. Therefore he hailed with pleasure news that the new Colonial Secretary was going to give us the advantage of his great ability in the amicable settlement of the difficulty."

PHOTOGRAPHY KYLE ARRESTED.

Charged With Attempting to Bribe a Niagara Falls Alderman to Secure an Electric Franchise.

Niagara Falls, Ont., Sept. 8.—Chief William Kyle of Toronto, the promoter of the International Belt Line Railway Company of this town, who with John M. Brinker of Buffalo, Arthur E. Schoelkopf and Hans Nelson of Niagara Falls, N.Y., and others are seeking incorporation from the Ontario government to construct and operate an electric railway to connect two bridges through this town and village of Drummondville.

The warrant, which was sworn out by His Worship Mayor George H. Wornout, charged Kyle with attempting to bribe a member of last year's council to have a certain vote carried in favor of Kyle while he was before the Council in the interests of Alex. Manning and Z. A. Lash of Toronto. Charles Black of this town and Messrs. Mooney and Kelly of New York are the principal owners of the present horse car line between Clifton and Drummondville, and were that time as reported by Kyle seeking a bonus of \$75,000 to convert the tramway into an electric system, greatly extending the same.

Kyle was arrested near the Clifton House hill and brought to the court room. He sent after his solicitor, W. G. Gerah, who appeared for him before sitting Police Magistrate Logan. T. D. Cowper of Welland County, attorney, appeared for Kyle. Kyle, who entered a plea of not guilty, expressed a desire to have the case postponed, but on Magistrate Logan's advice, but on Magistrate Logan's advice, he entered a plea of not guilty, and the hearing enlarged till next Friday, which was granted, and bail fixed at \$200. Mr. Kyle himself \$1000 and two others \$500 each.

GAUTHIER PRONOUNCED HANE.

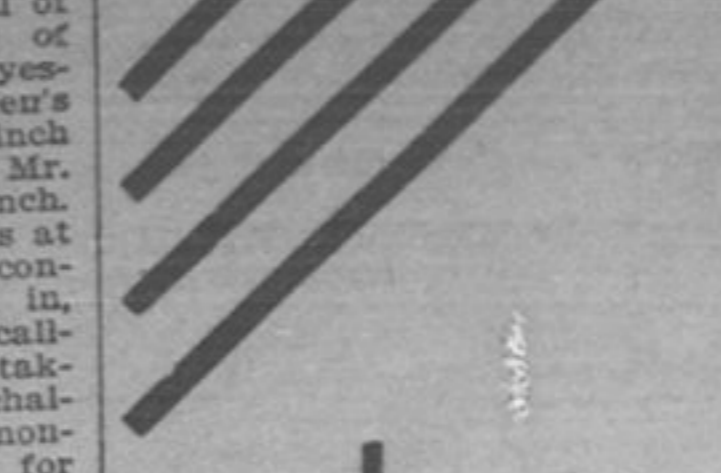

His Trial One Week Hence—Demers Arraigned on Monday Mornings.

Montreal, Sept. 8.—The trial of Napoleon Demers for the murder of his wife will open in the Court of Queen's Bench Monday morning.

In the case of Gauthier, accused of the murder of Ceilina Consigny, his affianced wife, the medical expert reported on Saturday that he was sane and able to stand his trial. The trial was set for the 16th inst., and the defence given permission to introduce Dr. Agnew and Bourque as expert witnesses to prove his insanity.

London, Sept. 9.—Another supposed Jack the Ripper murder was discovered this morning at Kensington. The victim was a woman, and her throat was cut from ear to ear and her head frightfully battered with a stone. No trace has been discovered of the murderer.
