Attempted Burglary at Milbrook Saturday morning about 3 o'clock an attempt was made to burglarize the new post office at Millbrook. The would-be burglars had apparently got nicely to work when a lonely occupant of the second storey was slowly but surely aroused from his peaceful slumbers. Upon looking out of a back window he saw a man crouched below on guard. He enquired what the man was doing and, on receiving no reply, bravely discharged a revolver in the air. The burglars surmising, no doubt, what they might expect should they longer delay, made a hasty retreat, leaving be-hind them their drilling apparatus, and have not as yet been located.

> Our Brave Boys at Kingston. BRIGADE CAMP, KINGSTON,

Sept. 20th, 1896. CCORDING to the opinion of the Kingsoldiery (and what they say is authoritative), there has orderly or better conducted camp one. The infantry made up of the 45th

which are full of the choice young men of the country (particularly the 45th), in their bright scarlet uniforms recently issued by the government, together with the dark navy blue of the 4th Hussars, make a very attractive sight. Notwithstanding the inclemency of the weather, the health and spirits of the men have been excellent and the order and discipline generally is perfect—no such thing as any signs of drunkenness. Officers as well as men are under strict discipline, and must give a very reasonable excuse for being absent from any of the parades. Divine service was conducted on Sunday by the Rav. Mr. Macmillan, and was assisted at by about 900 men and officers many of the old officers referring to the rev. gentle-

river channel below the Lindsay-st. bridge is almost exhausted, yet considerable work remains to be done. It is to be hoped that some arrangement will be arrived at in order that the work may be completed at once while the water is low. -Ed. Crane, the one-time famous ball

pitcher, committed suicide in Rochester the other day. He won the International championship for Toronto in 1887 and the championship of the world for New York. Up to 1895 he had done steady playing, but for the last two years his play has been ragged, owing to habits of dissipa--Tuesday evening as one of our popular

young dry goods clerks, after escorting his charmer to her home on Cambridge-st, was returning, he was treated to a shower of stones from the vacant lot across from Lindsay's livery, which caused a sudden stoppage of the whistling and an exciting foot race to the corner, which he made in very short time.

-His worship Mayor Smyth received a post card through the mail Monday which had been mailed on May 8th, 1883, and contained an invitation to attend a meeting at the Mechanics' Institute to arrange for a presentation to be made the Hon. S. C. Wood on his departure from Lindsay. It is hard to say whether the card had made an excursion around the world or had been remailed by some wag. -In the 14th annual report of the provincial board of health for 1895, just is-sued, Dr. McAlpine, health officer, Lindsay, reports as follows : Measles, 7 cases ; scarlatina, 3 cases, 1 death; diphtheria, 35 cases, 7 deaths. He also called attention typhoid, all used well water. Dr. Poole, M.H.O., Ops, reported scarlatina, 1; diphtheria, 4; typhoid, 4.

Abbott, of Haliburton, happened with boxes at 95c; Madden, 400 boxes at 95c; a very painful accident. Whilst playing with a lawn mower he had the misfortune to get one finger in the knives, which clip ped a piece off the end of it. Dr. Glies was called in and dressed the wound. The little fellow is doing very nicely and will be around again in a few days, very little the worse for the accident.

-Apropos of the visit of their excellencies Lord and Lady Aberdeen, to-day the fact has often been commented upon that when Lord and Lady Stanley visited the town some years ago the populace were as mute as oysters, and did not even make an attempt to raise a hearty British cheer as the distinguished visitors drove by, bowing to right and left. For the reputation of our fair town we trust that Lord and Lady Aberdeen will experience a much warmer

-Although it was cold Tuesday evening, the garden party held at the residence of Mr.J.McGarr, Peel st., under the auspices of the Ladies' Auxiliary B. of R. T., was fairly well attended. It was too cold to spread tables in the grounds, so the house was thrown open to the public. Games were indulged in until all were tired, then refreshments were served in abundance. The financial results were very satisfactory. The Harmony band, who occupied the verandah, delighted the pleasureseekers with a program of choice music.

-The severe frost of Wednesday calls forth a suggestion. Would it not be wise move on the part of the directors of Lindsay's Central fair to have it dated one or two weeks earlier, in order that the products shown may be preserved in their freshness from the frosts, thus making it possible for a larger and more satisfactory exhibit? Much of the garden produce will be injured by the late frosts, and deposited in cellars become soft and ma terially lose their freshness and qualitywould no doubt also assure a large attendance in the evenings, as the comfort of the citizens should be a matter of con

-The end of the present century is approaching and the Ottawa Citizen pro-pounds the query "What will be the first year of the next century-1900 or 1901?" -Mr. Wm. Woods and several men left last week for Kirkfield to put a system of hot water heating in Mrs. Wm. McKen-zie's mansion, displacing a hot air system. -Major Burnett, who recently left Orillia for Rossland, B.C., is reported to have struck it rich, having located a mining claim for which \$100,000 has been offered. -Mr. C. F. Henderson, of the north ward, evidently carries off the palm for growing the largest tomato. His sample tips the scale at 2 lbs. and 3 ounces. Who

can beat it? -Oar citizens will have an opportunity of securing a cheap return fare to Port Hope on Friday next, when an excursion will pass through from Midland. Tickets good till Monday, 75c.

-The catsup season has fairly set in, and you can scarcely pass a dwelling without having your nostrils greeted with the aroma of the ingredients used in the general get-up of that table delicacy. -Mr. John Flurey has purchased a building lot next to Tully's butcher shop

and intends erecting a brick store, to be ready for rental this fall. Tenders for the excavation work have been called for. -A child in Tilsonburg has two eyes in his head and a third in the middle of his

back. What a baseball pitcher he will make. He can read the signs of the catcher and keep an eye on second base at -Announcing marriages by banns has not been customary in recent years in Protestant churches, but one is reported

from near Tweed, where a Methodist min-ister announced from the pulpit the com-

ing marriage of two young couples. -"Punch," the well known express horse, after a busy life of 24 years, has been relegated to farm work, and in future will cavort ahead of a plow. Agent Wilder disposed of him the other day for a \$10 bill, and was not called upon to furnish a pedigree.

-Mr. Samuel Eakins, the well known cattle merchant, who has been ill for some time, took a turn for the worse on Friday last, and fears are entertained for his recovery. His daughter, Mrs. Wm. Turner, Midland, has been called there on account of his iliness.

-Mr. Moffatt, of Beaverton, reached town last Friday afternoon with a carload of horses for the Montreal market, and he went east with his stock at 8.30, greatly pleased with the treatment accorded him by Station Agent Paton, who had furnished him with an improved stock car. -Mr. Jonathan Smith of North Monag

han, has shown the Peterboro Examiner s monster puff ball-fungus of the genus Lycoperdon-usually at maturity filled with an impalpable dust. This giant specimen is as big as an ordinary stable pail, and is a great curiosity of its class. -Mr. P. J. Clunnan, of Peterboro, for-merly proprietor of the Star hotel here,

met with a slight accident at Lakefield fair on Thursday. While speeding his trotter in an exhibition race his sulky collapsed, but he managed to hold the animal. P. J. is a trifle "hefty" for the ordinary racing cart. -Street Overseer Walker has men and

teams at work removing the plank. etc., from the market square plot. That official should also give a little of his attention to the south end of William-sr., and rake off some of the boulders-it would be awkward to have the vice regal party dumped in the roadway by reason of broken

-After Gaudaur's victory the Peterboro papers boasted that the sports of that town and Orillia had put up \$2,000 of the \$2 500 stake. Now it turns out that Mr. J. W. Smith, of Orillis, put up \$1,000, four other Orillians \$400, and of the balance J. Phelar, of Peterboro, chipped in \$100. It's surprising that the Peterboro papers did not insist upon the reception to the champion being held in that town.

-Another case of the "road hog," which f dealt with according to law would teach im a much-needed lesson, was exemplified to-day. As Mr. D. W. Porter, of Allandale, was wheeling into town from Janetville, while attempting to pass the above-mentioned individual, he was mercilessly crowded into the ditch, receiving a nasty wound on the hand and doing considerable injury to his machine.

-Bob. Independent: Some folks are continually tumbling over luck in chunk form. Notices have been posted by M. Boyd Co. offering cull lumber at \$5 a load, and the wagon makers will be up to their eyes in work for the next six weeks. The roads will soon be strewn with broken wagons and parties driving will have to look out that they don't run over stacks of lumber thrown off by the roadside.

-Mr. Michael Sanderson, ex-reeve Smith and ex-warden of the county of Peterboro, died yesterday morning at the age of \$1 years. Mr. Sanderson had been a resident of the township for 65 years, and was one of the most prominent and best known men in the township; he had been a member of the municipal and county councils for about a quarter of a century and had also been president of the reform association for many years.

-Some gems of Muskoka scenery in oil colors, from the studio of Mr. A. T. Greg-ory, Toronto, were on exhibition in the windows of our Lindsay art store, next the Simpson house, recently. The color effects were delightful to the eye, almost equal to nature in her most agreeable mood, and makes one long for a cance trip to the back lakes, where the originals of such scenery can be seen on every side during mild September or rosy October, or when the dreamy haze of Indian summer rest like a living reality on the lovely landscape.

-Commander Ballington Booth, head of the American Volunteers, was ordained a minister of the Reformed Episcopal church on Sunday last, and the statement is made that all of the staff officers, including Col. Edward Fielding, of Chicago, Col. Patty Watkins (now Mrs. Lindsay), of New York, Col. Wooley, of Buffalo, and Major Blackhurst, of San Francisco, are also to take the same step, in order to work out

which has an established and wide circulation. Something that has taken years to build up.

They Won on Pink Flyers. The McCready Pink Flyers have added amother record to their already long list of victories. In the R. Q. T. road race at Toronto, H. Cassidy, on his McCready Pink Flyer, broke the 20 mile record, doing the distance in 59.08. Unlike the riders who started from scratch, who alternated in making the pace, he had to ride practically unpaced the whole distance. The time would have been considered akin to marvellous if he had ridden the 20 miles over a free course, but the fact that he had to ride in a blinding cloud of dust, threading his way here and there through straggling bunches of riders, the road honeycombed with ruts and holes, makes it a truly great achievement. Cassidy has quite a reputa-tion as a track rider, and has beaten all the best men in the amateur ranks at one time or another during the season. F. Graves, also on a McCready, won the second time prize.

The Live Stock Trade After thoroughly testing the British market Mr. McIllhargey, our leading shipper, has arrived at the conclusion that there's no money to be made in shipping horses, cattle or sheep to England or Scotand. This decision has only been reached after suffering repeated and disheartening losses, notwithstanding that Mr. McIlhargey personally visited the old land to study the condition and requirements of the trade and make the best arrangements possible for the sale of his stock when landed. He attributes his losses to the fact that the farmers of the county do not breed the right kind of horses for the English market, nor do they take the trouble to get their cattle in proper condition for export. All this must be changed before any benefit can be de rived from the English trade, or even from the home market, as Mr. McIllhargey says that in future he will refuse to pay high prices for inferior stock. However, his losses have not discouraged him-last week he shipped a car of cattle and hogs to Montreal, another load of hogs to Peterboro on Monday, and yesterday he loaded a double-deck car of lambs for Buffalo and second car of hogs for the Matthews Co. A man displaying enterprise like the above deserves encouragement, and we trust the farmers will heed his warning.

Action for \$10,000 Damages The Toronto Star says: On Saturday his father at Baptiste Lake, the terminus Mr. W. R. Riddell opened the suit brought by Mrs. McDiarmid, of Fenelon Fall., for \$10 000 damages against the Grand Tru k Railway and the Canadian Ex, ress Company Saturday for a fracture of the ankle sustained by being knocked down by a truck at the station. She has been unable to follow her calling that of professional nurse, for a year, and will not be able in all probability to work for an other year. The railway, through Dr. Riordan, offered first \$115, and then \$200, to settle the care.

> The Curfew Law. We commend the following to the attention of Lindsay parents: Speaking of the increase of juvenile crime in England, yet hit upon a satisfactory way of dealing with the youthful offender between the ages of sixteen and twenty-one. These years cover the period of adolescence, a very critical one in the lives of young pao-ple of both sex. Bad habits formed at Loafing becomes a habit, and loafing leads to bad company, and that to crime. Pro-

Farewell and Reception. Monday night a number of the members of the Y.M C.A. met to say farewell to the retiring secretary, Mr. F. A. Robinson (who, we understand, is shortly leaving to take up missionary work in the Northwest), and also to welcome the new secretary, Mr. Jackson, formerly of Kingston. Games were indulged in and refreshments were served by the Lucies' Auxiliary, after which Mr. Boxall was called to the chair, and short addresses followed from Messre, Hardy, Allin, Dr. White, Rev. H. R. O'Malley and others, each speaking in eulogistic terms of the retiring secretary, heartily welcoming his successor, and bespeaking for him every suppor. Mr. Jackson responded in a few well chosen

Brantford is Mr. Hardy's constituency, hence the Expositor believes that some good might be done by a depubably more harm is picked up by boys and girls during the hour or two after dusk than in all the rest of the day. Parents of S. Hardy, and only one of them speaking the lower and middle classes are far too at a time, urge upon him the need of careless in the way in which they parmit their children to play in the street." This is as true of this country as of Eagland—the streets after dark are the devil's training-school in vice. They are no place for innocent children, who should be sheltered in the security of home.
