

Ayer's Remedies.

SPECIFIC FOR SCROFULA.

Since childhood, I have been afflicted with scrofulous boils and sores, which caused me terrible suffering. Physicians were unable to help me, and I only grew worse under their care.

At length, I began to take AYER'S SARSAPARILLA, and very soon grew better. After using half a dozen bottles I was completely cured.

THE ONLY WORLD'S FAIR SARSAPARILLA. Ayer's Cherry Pectoral Cures Coughs and Colds.

TO PROPERLY DRAIN ROADWAYS.

By A. W. Campbell, Provincial Instructor on Roadmaking.

Two of the fundamental objects to be secured in making roads are (1) take the water out, and (2) keep the water out.

Subject, as we are, to continued autumn rains, followed by a period of severe frost and snow, with the attendant thawing and heaving of springs, it becomes of prime necessity that these should be observed in.

So first, to drive along not only our roads, but many of our city and town roads, would lead one to think that to get the water in and to keep the water in is the idea of our roadmakers.

And, as a matter of fact, except in very rare cases, is entirely ignored. Surface drainage generally consists in heaping up the roadway in the center of the road.

Another objection to this method of drainage is that it is very expensive and unsatisfactory method of roadmaking.

Understand and grading should be done on a comprehensive plan, and the drainage should be done in a systematic way.

There is some discussion among road-makers as to what underdrains should be placed. Some prefer one tile drain above the center of the roadway.

ected by rivers and streams, provide the only means of travel. It is estimated that 25 per cent. of the whole area is water.

When asked as to whether the lumbermen were not despoiling the land of all its timber he said they were only taking off the pine, and at the rate they were cutting it would be almost a century before the whole of it was gone over.

Mr. Southworth is of the opinion that there is a great future ahead of the park. While there he learned that Paul Smith, colored hotel man of the Adirondack Mountains, has indicated that he will erect a hotel there if circumstances are favorable.

The park managers with game of all kinds, and the park game wardens have been doing good work in keeping off poachers.

"According to the railway men," said Mr. Southworth, "all lumbermen are to be trappers and hunt in season and out, but since the park has been set apart the game laws have met with a better observance."

prayer meeting, led by Mr. E. A. Hardy, B.A. This was a pr. Abbie meeting, and was an excellent starting for the day, being a source of strength and inspiration.

Mr. H. Treleaven, of Eden, read a paper on "How to interest outsiders in our work." Our work was to follow Christ, be much in prayer, read the bible, and above all to be interested ourselves.

Mr. A. Graham, representing the Kinmount society, followed up the thread of interest outsiders when they are in the society. He said in your work, what you say, and give special place to individual work. These papers were thoroughly enjoyed and contained profitable information.

THE C. E. COLLOQUY. or question drawn was taken up by Mr. E. A. Hardy, B.A. 1st. Give some hints as to how to conduct meetings to advantage—should a president always preside?

Mr. H. S. Porter brought in the report of the nominating committee, which was adopted as follows: President, Mr. Wm. Suggs, V. Valente; vice-president, Rev. J. W. Macmillan, Lindsay county secretary, Miss E. Danoue, Lindsay; asst. co. sec., Miss A. Metherell, Lindsay; co. treas., Dr. E. A. Foster, Norland; (northern division); co. editor, Mr. J. A. Peel; direc. of. Mr. Stratton, Little Britain; (also jr. sup. of southern division); vice-pres. of Kirkfield; Miss E. Treleaven, Eden. Mr. J. Peel was also elected as representative of Victoria county at the provincial union, to be held at Woodville.

CHRISTIAN CITIZENSHIP.

Rev. Wm. Johnston, of Wardville, followed with an address on the above theme. He said that the things that are God's things have never wedded the christian citizen.

It is the christian's place to win his country as the heritage of the King of Kings. "Ye are the salt of the earth," says Christ. It is enough salt in the christian circle to preserve this land for Jesus our King, and root out evil and corruption.

Mr. J. L. Allan then conducted the prayer and praise meeting, after which Mr. S. Duncanson, of Toronto, gave the most instructive bible lesson on "What John saw at Patmos." Revelation means making manifest something which has been hitherto hidden.

When Adam was a Boy. This was years ago, for Adam has been dead quite a while, though to be sure he has left a progeny that keeps up pretty well the family characteristics.

FASHION JOURNALS CALL ATTENTION TO BROWN SHADES.

The fashion journals are agreed that the best shades of Browns will be in favor all colors this year. Thousands of women are not in a position financially to purchase new dresses from season to season, and so have to content themselves with very cheap materials that rarely come in the new shades, or wear their old costumes.

The first great essential is to get the right color. This part of the work can be done with the never failing and reliable Diamond Dyes, which produce the richest and newest Browns, such as Seal Brown, Milan Brown, Red Brown, Olive Brown, and Amber Brown.

HOOD'S PILLS are the favorite family cathartic, easy to take, easy to operate. "Variety is the very spice of life that gives it all its flavor," says Cowper.

Ayer's Sarsaparilla is not a secret preparation. Any physician may have the formula on application. The secret of its success as a medicine lies in the extraordinary power to cleanse the blood of impurities and cure the most deep-seated cases of blood disease.
