[Correspondence of THE POST.] A WORTHY EXAMPLE. - Descon Warville. who has supplied the Baptist church here with wood for many years, free of charge, has taken a step in advance and opened his bush to supply the parsonage. The members and friends of both churches formed themselves into a "bee" and spent a happy day in the woods. The ringing of the axe and the music of the saw blended harm usly with the merry voices of the choppers. Dinner was supplied by the deacon's good wife and daughters, and was heartily enjoyed while sitting among the logs. At night the teams unloaded a very respectable pile of wood at the parsonage. After a well-sarned tupper and pleasant time was spent, the willing workers returned to their homes, the joy bells ringing in their hearts to the tune, "Oh! the good we all may do while the days are going by."-[Com.

THRESHING.-The farmers in this locality are taking advantage of this fine weather to have their threshing done. Mr. W. Wells, of Cambray, who has a wide reputation for good work, has secured nearly all the contracts in this section. Grain of all kinds is up to the average in sample and quantity, and we would have no reason to complain if the prices for same were only about double what they READY FOR USE .- The new weigh scales

at the station purchased by Mesers Birchard & Tyrell, are now ready for the use of the general public, having been examined by the government inspector. They are conveniently located, and will prove a great convenience to shippers and others. We would suggest that a notice be tacked up in a conspicuous place on the scale informing those who desire their use where to find the weighmaster, key, etc.

NEW FURNACE. -Mr. Wm. Dale is keeping abreast with the times. He is now engaged in placing a hot air furnace in his cellar, which will be a great comfort during our long Canadian winters. PROSPERING.-We are pleased to learn

Dear Sir.-I take great pleasure in givng you a statement regarding my case of rheumatism, with which I was sflicted for over thirty years. For the past five or six years the pain had gradually approached my breast and affected me so that I could not sleep on my left side. Another trouble 1 had was a kind of dyspepsia, known as gastric indigestion, from which I suffered considerably. I had to be very guarded as to what I ate, otherwise I paid the penalty. At present, since taking your valuable remedy known as Ryckman's Kootenay Cure, I am able to eat my meals without any bad effects and sleep all night without pain or bad

In addition, let me add that my rheumatism was so bad at times that I could not move myself. I am now like a new man, and conscientiously recommend your medicine, Kootenay Cure, to anyone suffering from rheumatism or stomach trouble. I am glad to have found the remedy and will willingly furnish you with this information that it may help others who are similarly afflicted. Wishing you success, I remain, yours truly, George

Among the residents in the vicinity of

She was but seventeen years of age when these attacks first came upon her, and the doctor who then attended her said that in his opinion her life would not extend over a few years at most. But more than a score of years have since passed during the greater part of which, it is true, Mrs. Ranson was a | way." great sufferer. But that is happily now past, and she is enjoying better health than ever she did. To a reporter of the Tribune Mrs. Ranson told her story, adding earnestly that she hoped her experience might prove of benefit to some other sufferer. She said : "The spells of dizziness and intense headaches would attack me every three or four weeks, and would last from two to four days at each attack, and at each attack my suffering appeared to grow more intense. I had good medical advice, and tried many remedies, but with no benefical results In the spring of 1895 my appetite began to fail, my hands and feet would swell, and my heart palpitate violently. I was utterly discouraged and felt that I would not live much longer. One day my daughter urged me to give Dr. Williams Pink Pills a trial, but I had taken so much medicine with no benefit that refused. However, she went to town and got four boxes, and to please her, more than from any hope of benefit, I agreed to take them. I did not find the first box do me any good, but by the time I had taken the second my appetite began tor improve, and I could sleep better. I then began to have faith in them, and as I continued their use found myself constantly getting better. When salf and friends were surprised to find

what they have done for me, and believing this I am glad to make my story public in the hope that it will be of value to some sufferer." Mrs. Ranson's husband and mother were both present and said they looked upon her recovery as miraculous. They further said that many and many a night they sat up keeping hot cloths on her head, that being the only thing that had helped her before she began the use of
