FOWL FOR ENGLAND.

Messrs. Dundas & Flavelle Bros. will Make Several Trial Shipments. For a couple of years past Messrs. Dandas & Flavelle Bros. have made large shipments of turkeys to the E glish Christmas market with pleasing financial results to the farmers of the district, who were paid a good price for their birds, but the firm's share of the speculation was not what it should have been owing to the fowl not arriving in first-class condition. In the past the birds were shipped with the feathers on, but the firm decided to make a trial shipment of 12 plucked turkeys and the same number of chickens, the wing and tail feathers being retained. They were shipped Tuesday in a refrigerator car to Montreal, where they will be placed in cold storage previous to going on board ship. A second lot will be sent off under different conditions in about a -Mr. Thos. Robson has reshingled and | week, and in this way the firm hope to otherwise improved his tannery during | arrive at the best method for handling the Christmas shipment.

MAN AND HORSE FELL 25 FEET

A Doctor Tumbles Over an Embank ment, but Escapes Unhurt. A gentleman who arrived in town yesterday from Bancrofe informed our reporter that Dr. Young, of that village, had a very narrow escape from death or serious injury one evening recently. While the doctor was returning at a late hour from visiting a patient at Wilberforce, his horse shied at some object on the roadside about half a mile from Baptiste station, and backed the vehicle over a 25 foot embankthat he made her a successful fit after ment, at the bottom of which were a having eight sets of teeth made in Toronto number of huge boulders. Horse, vehicle and man turned over several times in the -The front of the Ontario Bank has darkness and finally brought up with a been repainted, and the combination of crash against the rocks. Fortunately the but the buggy was badly wrecked. Baing a practical man, Dr. Young bound up his horse's wound and made the balance of his journey on horseback.

THE CRASH HAS COME! PRICE OF STOVES

Draft Heating Stove Leads Them All.

CUT INTO HALF.

ONLY AIR TIGHT HEATER MADE Patented Feb. 1st, 1896. A fire in half the time; a fire all the time, a saving of 25 to 50 per cent. See that vertical Hot Blast Draft Tube. Feeding the fuel with hot air

The Queen Heater is more of a heating machine than it is a stove. It can be regulated like a lamp. You can have your room any temperature you wish. Will positively keep a slow fire burning 49 hours by putting in one large stick or Foot. Will hest a room 20 feet square in ten minutes in cold weather, or no sale. Absolutely air tight and the cleanest stove in the world. No opening of any kind. No ashes, dust or soot can get out. No trouble to operate. One fire lasts all winter, if you will put in a stick of wood every twelve hours. Keeps fire all night—any night and every night, is a handsome stove, the outside being Russia Iron, lined with Steel, and needs no blacking. The most powerful heating stove on earth, and yet will save half the fuel to the average stove Burns large knots, chunks, chips, cots and trash. Never require to move the ashes only once every one or two months. No ashes to selve and spoil a good suit of clothes. Will take a stick 21 inches long by 10 inches thick. Never wants the wood split up. You save that expense. It burns your wood in large chunks. It makes a regular heat

and lasts longer. It is the greatest fire keeper in the world. PARLOR STOVE. Best in the world. It will heat your parlor in ten minutes and be as clean as your lace curtains are. Handsomely Nickled and Trimmed up for a Parlor Stove.

MEYER BROS., Patentees and Manufacturers, TORONTO.

Come and see it in operation at our Store. It will astonish you. - Lindsay, Ont. W. G. WOODS, Agent, · · · · TESTIMONIAL. LINDSAY, Oct. 5th, 1897.
