TWO AGONIZING DISEASES

Quickly Banished by Paine's Celery Compound.

Be Read by Suffering Men

For the effectual banishment of rheumatism, sciatica and neuralgis, Paine's Celery Compound is without doubt the best produced. This marvellous remedy, devised by Professor Edward Phelps, M. D., one of the ablest physicians that ever lived, has won the hearty praise of millions of people for the wondrous curas it has wrought in all lands. It is only a medicine with such a record of cures that can attain a world-wide reputation. It has saved men, women and children, many of whom had been given up by the doctors. It does its work quickly and well; it eradicates every trace of disease; it builds up, fortifies and makes active every mortal whose limbs have been crippled and deformed by rheumatism, and drives away the terrors of neuralgis.

To-day the ablest doctors are freely prescribed Paine's Celery Compound for tortured rheumatic and neuralgic people. The thankful letters received each year from the cured in every section of Canada would, if published in book form, make a large and interesting volume.

The following letters will surely inspire all rheumatic and neuralgic sufferers with new and lively hope of a better and happler life. Mcs. F. Mc Mann, of Thorold.

"I think it my duty to let you know what Paine's Celery Compound has done for my husband. For two years he suffered very much with rheumatism in the back, and became so bad that he could not bend, stoop, or sit in a chair at table, and and I was obliged to take his meals to him while he lay in bad. He was treated by various physicians, but received no benefit until he used Paine's Celery Compound. The first bottle gave him relief and after he had used six bottles he was quite free from the rheumatism. He was troubled with piles for fourteen years, and found great relief from the Compound. He says he feels like a new man just now. We think there is no medicine like Paine's William K. Vanderbilt, father of the Celery Compound." Mrs. A. Acheson, of Montreal, says:

"Two years ago I suffered intensely from neuralgia in the head, face and shoulders. I was in a terrible condition and of often so tortured that I could not rest or sleep. I became very weak and for Trafalgar Day, but with ut a word feeble, had giddy and faint spells, and often could not attempt to go out on the street. My appetite became poor and digestion very weak. At night, while in bed, I often had oppressive and smother ing feelings; my whole nervous system was run down and very weak.

"I had been under the care of a medical man and used various medicines, but no relief came to me from these sources. I fortunately heard of your Paine's Celery Compound; I decided to give it a trial, and I bless the day I commenced with it.

Let Us Talk To You

When ill you buy the advice of the most experiedced physician in your vicinity, don't you? Of course, because his length of service gives confidence.

Why not apply the same argument to the purchase of Groceries. We have served others well for many years, why not you? Think it over, good reader.

as Grocers and Provision Merchants we are breaking old records daily in the way of prices, and can confidently assert that no other house in the county offers equal values.

Just now, when nature is about to introduce a change, is a good time for meditation—in the warm summer days people do not bestow much thought upon the stern realities.

In these days of keen competition the merchant who can buy in the largest quantities secures an advantage that is denied his small competitor, and by turning over the goods rapidly he can afford to sell at very close margins. This has been the secret of our large trade in

the past. No other store in the county can offer Groceries the year round at the prices we ask for them, because no other business firm buys as largely.

We particularly invite family trade, and feel sure of being able to satisfy all comers. We pride ourselves upon the quality of our goods, and courteous and prompt service. Try us.
