Montreal, Oct. 2 .- Acting on instructions from the Dominion Line, the Montreal detectives, armed with warrants, met the Montfort on her

arrival here yesterday morning and arrested 24 of the Scotsman's crew

charge and their persons searched, but all but one man had no articles on him. William Hamish, one of the considerable excitement as the men

The captain and all his officers, with the exception of Mr. Williams, the third officer, who was sent on board the Montfort, with the passengers, are still with the ship, and there they will, it is thought, remain until she either goes to pieces or something is done towards getting her off. It is not thought probable that she can be saved. The experienced men of the Montfort, and the passengers who certainly were in a position to give a fair judgment, say that there is absolutely no hope for her, as with the first east wind, she will go to pieces. Just how the captain and his officers and the rest of the passengers will be brought to Montreal is not known, but in all probability they will simply take their chances of a passing ship being attracted by signals from the light. house when they are ready to leave.

Mr. Robert McFarlane of the Dominion Line did not deny for a moment the stories of the looting and disgarceful conduct of some of the men. He wished to point out, howconsidered the crew were noble fellows, who had done their duty. There were a number of firemen engaged in England, and these he fearhero of Manila, whom he ranks with ed, had been guilty of the crimes Father Point, Oct. 2 .- The steam-
