EDITORIAL NOTES. Over 80 per cent. of the cost of running the government of the United States goes to the war account. Our neighbors are rapidly drifting into

Toronto Telegram: Major-General Hutton wants to know what Col. Sam. Hughes, M. P., means by calling for recruits, to which the warrior of Lindsay will make answer that he means no good to the Boers.

Sir Louis Davies says the Alaskan boundary negotiations are going on in a way that promises a satisfactory settlement of the difficulty. That is good news, even if not, very definite, And why should neighbors find any difficulty about settling such matter ?

The courts have affirmed the right of license boards to cut off licenses of their own motion. One Cocksedge, of East S.meoe, undertook to compet the Commissioners, by legal process to grant h.m a license, and the case was neard by Mr. Justice Armour, who Mary's Seminary destroyed the railaffirmed the Commissioners' right to road bridges and completely blocked cut offlicenses without shewing cause. Any other decision would have been absurd.

The reduction in freight rates seway bargain is a very important guiding the children, commenced a perilous matter to the people of Manitoba and climb, finally gaining the Mail road, All the Northwest. The drop from 17 to 14 cents a hundred pounds means a saving to farmers of at least \$750,000 on the wheat crop of the year. More over that scheme has opened up new market for produce and given an impetus to industry, that will not be without great and increasing benefit to the Northwest.

"Electroid gas" is a recent English invention, and has just been introduced for street Lighting in Humanby, Yorkshire village. It is a combination of acetylene with two other constituents, and its manufacture is said to be of the simplest and cheapest nature. The gas can be delivered like ordinary coal gas, and measured by the ordinary gas meters. The light is perfectwhite and equal to 250 candle power, as against the ordinary, 17 candle power of coal gas.

A French chemist has a scheme for ntilizing the industrious hen organize our chemicals before administration to patients. No more need we have a horror of drugs. He feeds iron salts to the fowl and medicated eggs are produced, which furnish a readily assimilable iron tonic for weak stomachs. He is experimenting with other drugs, and we may soon find that the various pharmacopoeias and national formularies must become a part of the equipment of every well-managed poultry farm.

The C. P. R. officials say they find it hard to get daborers at \$1.75 from Fort William west; and in Toronto the city engineer is obliged to advertise for workmen. Even in this town considerable work has been delayed because men could not be had. What a change from the days of N. P. and soup kitchens! Yet only a few years ago tory organs and some tory employers assured the workingmen that liberal success would mean stagnation and starvation. We even remember our esteemed feilow-townsman, Mr. J. D. Flavelle, making a statement to that effect in the Academy of Music on the eve of Dr. McKay's election a force in the development of national life after being viewed by the Coroner, few years ago, when Mr. Geo. Bertram of the United States. delivered an address.

School authorities carry things with a high hand occasionally. The other Iday in Toronto court, Detective. Forrest charged a number of lads with trivial offences, and stated that they were idling about and getting into mischief, having been refused admission to the schools because on a former occasion they had appeared in courts for some thoughtless prank or petty theft. Crown Attorney Curry remarked: What is the use of releasing a boy on suspended sentence? | ting the Lynn Canal, and considera-"Why give the lads a chance to reform when thus discriminated against by the school authorities ! We might just as well send the lads to the Mimico school at once. It would be far better for the lads if we sent thems to jail than allow them to idle around the streets, where they are almost certain to develop into hardened criminals."

It is not at all improbable that the North Pole may yet be reached comfortably by steamer; if we may believe the astonishing reports concerning the recent voyage of the powerful Russian ice-breaking steamer, the Ermack. This vess il was constructed to keep the harbor of St. Peterburg free of ice in winter, and has fulfilled its aim admirably, ploughing with comparative ease through solid ice ten and twelve feet in thickness. Last spring the vessel was despatched to the Polar Sea in order that her ice-breaking power might be tested to the utmost. and the official reports of her performance were recently made public. She encountered field ice fourteen feet thick, and pack ice that rose eighteen feet above the surface; and was in places seven fathoms deep, yet the stout craft pushed her way through these form dable obstacles for over two | The St. John News, the first penny hundred miles at an average speed of three knots an hour, and emerged without damage. Admiral Marakoff, who was in charge, thinks that the pole might be reached by going straight for it, taking the ice as it might come.

VERY DEADLY STORM.

Four Hundred Lives Lost at Darjeeling Alone.

MANY DROWNED ON THE PLAINS

Great Destruction of Property by the Floods at Kurseong - The Margaretchope Estate Lost 100 Acres-Other Losses of Real Estate-Coolies Buried in Houses.

Calcutta, Sept. 29.-Lieut.-Governor Sir John Woodburn announced to the Council yesterday that four hundred persons lost their lives through the floods at Darjeeling, capital of the district of that name, in addition to those drowned on the plains. Great havoc has been caused at Kurseong. The Margaretchope estate lost 100 acres, and the Mealand factory was destroyed.

Some coolies were buried in the ruins of the managers house, which was partially destroyed. The Avongrove estate lost 30 acres and 4,000 tea bushes. Many persons were killed. A factory was also destroyed at this place. A huge landslip below St.

Many Children Perished. ported by the American Methodists, is re-lated by Miss Stahl, who saved many of the falling boulders, the crashing of trees and fears of the earthquake finally compelled the party to return to the Ida Villa. Even then Miss Stahl had a struggle with the children, who, fearing the collapse of the house, sought to fiee into the night. Misses Reid and Soundry finally made another attempt and escaped with the children. They were, however, overwhelmed by a landslip. The teachers escaped, In the meantime the Ida Villa had been

vivor, says that when it was seen that escape was impossible a sister made them all kneel in prayer and, while kneeling, the house was swept away.

It is estimated that the loss to the tea garden proprietors alone is about \$5,000,000 Queen Victoria, on hearing of the disaster, telegraphed her profound sympathy to the

PAN-PRESBYTERIAN COUNCIL Statistics Show 5,000,000 Communicants and 25.000,000 Adherents.

Washington, Sept. 28 .- Interest at the first session to-day of the Pan-Presbyterian Aleral secretary, and in a paper on "The history of the work of the alliance for the first quarter century," prepared and read by Secretary Matthews. The statistical report showed that the alliance represents about 5,099,000 actual communicants throughout the world, and attending congregations aggregating nearly 25,000,000 people.
Mr. Samuel Smith of London, Eng., pre serted a paper on the gradual growth of sacerdotalism in doctrine, and in teaching in England. Mr. Smith is a member of the British Parliament. His paper was accorded the closest attention by the conly applauded. He proposed a resolution that the alliance department for the spread of sacerdotalism and sacramentarism in

the alllance sent yesterday to the Congreten, a reply was received, stating that the Rev. Dr. Richards had been sent to bear, in person, the greetings of the Congregationalists to the Presbyterians. The after of the office bearers in the Presbyterian and Leformed churches. On this general topic papers were presented to the follow-ing sub-topic: (a) The Minister, Rev. Dr. Ross, Newcastle, England: (b) The Elder, Rev. Dr. T. Y. Pressly, Due West, S.C.; The Deacon, R. R. Simpson, Edinburgh, speakers were Rev. Principal S. D. F. LEASE TALK AGAIN.

Proposal That British Lease Strip on Lynn Canal. London, Sept. 29.-The Alaskan boundary dispute has been made a subject for several conferences between the British and Canadian representatives. Canada's contentions are being set forth by Sir Louis Davies, and to these the British authorities are paying considerable respect. The proposition has been made that Britain lease a strip of land abuttion is now being given to this as a possible means of reaching an agree-

TRAGEDY NEAR WARDSVILLE. Philip McPhail Shoots Miss Doyle, His Employer's Daughter.

Rodney, Ont., Oct. 2. - Friday night about 6 o'clock, Philip Mc-Phail, who worked for P. Doyle, farmer, near Wardsville, shot P. Doyle's oldest daughter, a young lady about 19 years of age, and afterwards went to his home about a mile from Doyle's place, and shot himself in the left breast, dying about 12 o'clock at night. Miss Dovle was shot in the left ear. The doctors in attendance think she will recover. No reason is known why McPhail committed the act.

An Aged Editor Dead. Fredericton, N.B., Oct. 2 .- George E. Fenety died at his home here on Saturday, aged 87 years. He was a native of Halifax, N.S., where he learned the printing business with the Hon. Joseph Howe in the office of The Nova Scotian. He established paper in British America, and was Queen's Printer of New Brunswick from 1863 until the office was abolished in 1895. He was five times Mayor of Fredericton and one of its best known citizens. He leaves a widow, four sons and three daughters, one of whom is the wife of Prof. C. G. D. Roberts, the author.

Japan Getting on Top.

London, Oct. 2.-A Pekin letter published here asserts that Russian ascendancy there is a thing of the past, and that the Japanese are having all their own way, the Chinese having put themselves unreservedly in the hands of the Japanese for the remodelling of their army and navy. The correspondent adds that as soon as the Japanese battleships and cruisers building abroad are completed. Japan will seize Corea, and with Chinese help, endeavor to drive out Russia from Port Arthur, Manchuria and

CAPTURE OF PORAC.

After Thirty Minutes Firing the Filipinos Deserted the Town and Fled Northward.

Manila, Sept. 29 .- In the movement against Porac, about eight miles from Bacolor, in Pampanga Province, which began at daybreak yesterday, firing began near Angeles. After an hour's fighting General Mac-Arthur entered Porac. The American loss was slight, and the insurgent loss is not known. The enemy fled northward. When the Americans entered the town they found it entirely deserted. The attacking party moved on Porac in two columns. The Ninth Infantry, with two guns, from Santa Rita, was commanded by General Wheeler, and the Thirty-sixth Infantry, under Colonel Bell, with one gun, accompanied General Mac-Arthur from San Antonio. Both columns struck the town at 9 o'clock and opened a brisk fire, which was replied to by the enemy for half an hour. Then the insurgents fled, and the Americans marched over their trenches and took possession of the place. Losses on Both Sides.

Liscum reported one casualty, and Bell reported four men of his regiment wounded. The artillery did not have any men injured. The insurgents are estimated to have numbered 600 men. Ten dead Filipinos were found and the captain and commissary of Mascarno's command were taken prisoners. The American loss is five wounded, but there were many Calcutta, Sept. 28.—The story of the destruction by the flood of the Ida Villa men from the insurgent lines report tranch of the Calcutta Girls' School, supthat the Filipinos at Bamban have 7,000 new Japanese rifles.

Six Americans Killed. Manila, Sept. 29 .- (9 a.m.) - It is reported by a person who has just arrived from Turdac that Naval Ca-Oran River, on the northwest side of Manila Bay, where she was patrolling, and five of the nine enlisted men forming the crew, were killed during the fighting previous to the destruction of the vessel. The four men and the cannon, a one-pounder, a rapid-fire gun, a colt machine gun were conveyed to Malac.

Chosen to Carry the Liberal Stand ard in North Bruce.

Tara, Ont., Sept. 29 .- The North Bruce Liberals held a convention here yesterday for the selection of a candidate for the Commons. Representatives were present from the most distant parts of the constituency, from Paisley in the south to liance was centred in a statistical report Tobermoray, 90 miles north. On the presented by the Rev. G. D. Matthews, gen-Hepworth was selected, when his nomination was at once made unanimous. Pointed and spirited addresses were made by Mr. Campbell and Mr. Charles M. Bowman, M.P., after which the convention took steps to perfect the arrangements regarding the forthcoming meeting at Paisley to be addressed by Sir Wilfrid Laurier. Resolutions endorsing the present administration were duly passed. After cheers for the Queen and also for Sir Wilfrid Laurier, Mr. England, which was referred to the Busi- Campbell and Mr. Bowman, the

MURDER IN VICTORIA, B. C.

An Immitator of Jack the Ripper in British Columbia-The Body Disembowelled.

Victoria, B.C., Oct. 2 .- A fiendish murder was committed on Friday night on the Indian reserve, just beyond the trestle work on the city side of the engine house of the E. & N. Railway Company. The victim was Mrs. John Bings, who, together with her brother, J. Jordan, kept a little bakery on Store street, nearly opposite the depot of the E. & N. Railway Comapny. The body was discovered by Officer Walker, and Dr. Hart and Dr. Fraser, was remov-

ed to the city morgue. The victim left her little store about 8 o'clock, according to the recollection of her brother, with whom she was in partnership. She carried a shopping bag and a purse containing the receipts of the day. Her husband, who is incapacitated by rheumatism, became alarmed at her failure to reach home, and notified the police. A search was instituted, byin the darkness little progress could be made, and it was nearly 9 o'clock on Saturday morning before the body was discovered at the foot of the railway embankment.

The sight was a ghastly one. On her back, her body stripped of every particle of clothing lay the victim, while evidences were also present to indicate that the most monstrous violence had been employed. The brutality of the butcher was hardly outdone by the revolting work of Jack the Ripper in the Whitechapel horrors, the body having been disemboweled and the intestines cut into small pieces. Higher up the bank lay the hat and the shoes the victim, while most of her clothing was beneath the body. Finger marks upon her throat indicated that the woman had been throttled and that any outcry must have been quickly stifled.

Mrs. Bings was a lady of excellent reputation, who over a year ago started the bakery before mentioned in order to support her family. The latter consists of her crippled husband and a little boy, perhaps eight years of age. Deceased came to Victoria from Germany about 15 years ago, and five years later married, her husband then being in the employ of the E. & N. Railway Company. They have resided for some time at Russell street, Victoria West. The police have as yet no clue to the murderer. Saturday afternoon they took into custody a man of unsound mind found loitering on the railway | New York. bridge near the scene of the crime.

Used Morphine and Gas to Destroy Her Children

Rheiner, aged 34, of this city, last night attempted to murder her three children and commit suicide. resuscitated. Mrs. Rheiner failed to cut the arteries in her wrists and the physicians say she will recover. It is believed that Mrs. Rheiner is insane. Her husband has not been found since the crime was discover-

ed, and she says that he has not

been at home for three days.

MINISTER WITHOUT PORTFOLIO.

The Popular Member for North Oxford Has Rendered Very Important Services to Parliament-Mr. William Gibson, M.P., Will Probably Become

North Oxford, was sworn in at Rideau Hall as a member of the Cabinet without portfolio. The oath of embarking from the wrecked steamer. office was administered by Lord Minto, after having been read by Mr. John J. McGee, Clerk of the Privy Council. The Ministers present were Sir Wilfrid Laurier, Hon. Wm. Paterson, Hon. Wm. Mulock and Hon. Clifford Sifton. The appointment of Mr. Sutherland to the Cabinet is most popular in Ottawa, where, as in the rest of Canada, he has numberless friends. It is well known that Mr. Sutherland's advancement to Cabinet rank was deferred for well nigh three years and a half, solely at his own solicitation and desire. When, in 1896, Sir Wilfrid Laurier made his first draught of the Cabinet, Hon. Mr. Sutherland's name bore a place thereon, and had the First Minister had his way the member for North Oxford would have been a Minister of the Crown when the present Government took office. Mr. Sutherland, however, demurred, and stated that he believed that there were other members of the party who were entitled to the fionor and that he was desirous of standing aside. From Mr. Sutherland's view Sir Wilfrid and his associates disagreed, but Mr. Sutherland adhered to his opinion and carried his point. Since then it has been certain that Hon. Mr. Sutherland would at no late date enter the Cabinet, but it was not until Friday that he consented to do so. His many excellent qualities as a statesman and a politician, his sturdy Canadianism and his total freedom from anything like narrowness are bound to make him a valuable adviser of the Governor-General. By his advancement to Cabinet rank the Liberal party in Parliament loses a whip that overshadowed in ability any gentleman ever holding a similar position on either side of the House. Doubtless, Hon. Mr. Sutherland's successor will be Mr. William Gibson, the member for Lincoln, who possesses in very large measure all the qualities that are necessary to the successful discharge of the duties of the position. New York, Sept. 30 .- The Roman It is no disparagement to Hon. Mr. conqueror returned to his triumph of Sutherland, or, indeed, to any other barbaric splendor. No victorious member of the House of Common, to

gentleman who has ever held the post of chief whip. Hon. James Sutherland, M.P. for at the head of a magnificent fleet of North Oxford, was first elected for the House of Commons in 1880. He was born in Canada in 1849, and is each tiered and coated black with of Highland Scotch Presbyterian parentage. He started in business in Woodstock at an early age, and was so successful that he subsequently became connected with several financial and manufacturing institutions. the flags straight and jaunty, and In the Town of Woodstock, where he the wharves and piers and rocky has resided since early boyhood, he has been elected to all the chief posiwith frantic, enthusiastic people, tions in the gift of the people, bewho strove weakly to make their sides being honored in a similar way by the people of the County of Ox-

> MAY BE A MURDER CASE. Serious Fracas at Branchton Which Grew Out of a Trifle.

Galt, Ont., Oct. 2 .- A serious fra-

cas occurred on the farm of J. M. Irwin at Branchton, Saturday night. Allison Haney, an employe, went to the station for an implement and there met Adam Allan, a painter in the village. The two had a drink and then proceeded towards the farm. On the way they got quarreling over some trifling matter. Arriving at the barn, Allan stopped there, while Haney went for the cattle. On returning with the cattle Allan resumed the quarrel, the outcome being that Allan picked up a dung fork and made a lunge at Haney, three of the prongs entering his breast, one of them near the heart. The attending physicians say two of the wounds are serious and they cannot say what the result may be. Allan has not yet been placed under

KILLED BY A LOCOMOTIVE.

John Busby of Coleman Met a Terrible Death on Saturday.

Toronto, Oct. 2 .- John Busby, an aged resident of Coleman, Ont., was run down by a train on Saturday morning near his home, and received such terrible injuries that he died shortly afterwards in the Toronto General Hospital. He was walking down the railway tracks about 11.30 station, and later taken to the To-
