Lucky Escape of an East Ward Man

Who Fell 27 Feet.

Carpenter Wm. Miller, of the east ward, has no cause to quarrel with his luck, which stood him in wood stead last Friday evening. He had fitted the timbers for Mr. Teevins' new barn, raised on Thursday, and had spent the day putting on some finishing touches. About 5.30 he was standing on the purline plate endeavoring to lay a long board across to another beam, when a gust of wind caught the plank, causing him to lose his balance and topple over. He had a sheer fall of 27 feet to the plank floor below, and after turning a somersault he alighted on his feet in such a way that he fell backward with great force, straining and bruising his left hip and leg. He was confined to his house until yesterday, and has every reason to thank providence that he is not laid up with a broken limb just now when business is brisk and there is

Petersoro Times: We abolished the wards last year, with the result that our expenditure was never so great as at present. While our council may not be entirely to blame, the fact remains that our initial year under the new system has, to put it mildly, been extremely disappointing.

Will Hire Toronto Men.

Despite his offer of 9\$1.50 per day for good laborers, Mr. McKnight, contractor for Cambridge-st. sewer, has had very few applications. Ten twelve able-bodied men called upon him, and about half-a-dozen promised to start work next morning, but they failed to turn up. Being extremely anxious to push his contract while the weather is fine. Mr. Mc-Knight returned to Toronto yesterday to hire men, but says he will hold his offer open to our town men for a few days longer.

New Legal Partnership.

We are asked to announce that Mr. John McSweyn, barrister, will continue the practice of his profession at hist new office, now being completed in the new Ontario Bank building at the corner of Kent and William-sts. and that he has taken into partnership with him Mr. I. E. Weldon, barrister of this town. Until the new office sare ready for occupation Mr. McSweyn may be consulted either at his residence or at Mr. Weldon's office, in the Hamilton Block. We bespeak for the new firm a liberal share of public patronage.

I was only in hard labor about one hour and was up and dressed on the eighth day. I never had the doctor with me at all; just the nurse and two friends. This makes my second child; with the first one I did not take the 'Favorite Prescription,' and the little one was sick all the time and lived just about two months. The great success which has attended the careful methods pursued by Dr. Pierce, has caused imitators to spring up, who make offers of free advice, which they are not competent to give, not being physicians. When you are invited to "write to a woman," ask the simple question, "It this woman a physician?" You will find that she is not, and does not, and dares not claim to be, a physician. To offer such advice is deceitful. To receive it is dangerous. Prospective mothers should send for a free copy of Dr. Pierce's great 1,000 page book the "Common Sense Medical Adviser." FIRE BRIGADE MATTERS

Last Week's Football Match.

The Town and Model School forces faced each other Thursday night on the Union school campus to play a friendly game of football. Stalwart men of tested abilities composed the ranks of both, and as a result there was a very hotly contested game. Iron Pipe Scarce.

The Waterworks Co. has been in structed by the council to proceed with in with a deck load of something over 100 the extension necessary to protect the Rider & Kitchener factory, but Superintendent Begoie has encountered a serious difficulty at the very outset. He has corresponded with a number of firms and finds that he cannot get any four inch pipe inside of three on four weeks, which is likely to be too late, as pipe-laying cannot be carried on successfully in cold weather. The length of the extension necessary will be 528 feet.

Want the County Abolished.

Haliburton county councillors met in special session recently and unanbe memorialized to have the Provisional County of Haliburton abolished and allow each township to manage its own affairs. The county has been organized for 27 years, and for some time there has been a feeling that the expense under the present arrangement more than offsets hte gain to the respective townships. Why shouldn't the people of the county cast in their lot with Victoria? Much of the business of the district is already transacted here, and our county officials could look after the rest without being greatly inconvenienced. Then the townships might form into groups, each group to send one representative to our county council. However, it is not likely that the government will assent to the petition, as public opinion is not a unit on the question by any means.

Is It Legal?

THE VICTIM WELL-KNOWN, AND A POPULAR HOTEL CLERK

After Other Medicines Failed He Was Cured by Dr. Williams' Pink Pills -Every Dose Counted in Battle With

There is no more popular hotel clerk in Eastern Ontario than Mr. Peter McDonnell, of the Grand Union Hotel, Alexandria. At the present time Mr. McDonnell is in the enjoyment of perfect health, and a stranger meeting him for the first time could not imagine that a man with the healthy glow and energetic manner of Mr. McDonnell could ever have felt a symptom of disease. There is a story, however, in connection with the splendid degree of health attained by him that is worth telling. It is a well known fact that a few years ago he was the victim of most excruciating pains of rheumatism. Knowing these facts News reporter called on Mr. McDonnell for the purpose of eliciting fuller particulars. Without hesitation he attributed his present sound state of health to the use of Dr. Williams' Pink Pills for Pale People. "I am" said he, "33 years of age, but three years ago I did not expect to live this long. At that time I was connected with the Commercial here and as part of my duties was to drive the busses to and from the C.A.R. station, I was exposed to all kinds of weather and subjected to the sudden extremes of heat and cold. Along in the early spring I was suddenly attacked with the most terriple pains in my limbs and body. I sought relief in doctors and then in patent medicines, but all to no purpose; nothing seemed to afford relief. For two months I was a helpless invalid, suffering constantly the most excruciating pains. My hands and feet swelled and I was positive the eni was approaching. My heart was effeeted and indeed I was almost in despair, when fortunately a friend of our family recommended the use of Dr. Williams' Pink Pills. I began using them in May, 1896, and had taken three Boxes before I noticed any change, but from that time every dose counted. The blood seemed to thrill through my veins, and by the time I had finished the fifth box every trace Ever

of the disease had vanished. since then I have been working hard | are visiting at the home of their uncle, and frequently long overtime, but have continued in excellent health. Whenever I feel the slightest symptom of the trouble I use the pills for a day or so and soon feel as well as a former curate of St. James's, Orillia, ever. I feel that I owe my health to Dr. Williams Pink Pills and never lose an opportunity of recommending them to others suffering as I was." er having received a message convey-Dr. Williams' Pink Pills cure by | ing news of the death of a sister regoing to the root of the disease. Our Public Debt.

The Dominion government reports a decrease of the public debt amounting \$1,247,593 in September. If we could keep that up for five or ten years, it would be possible to make Canada a very attractive place to live in, one of its chief recommendations being the lightness of taxation.

May Settle Their Differences.

There is a probability that the Lindsay Light, Heat & Power Co. and Fenelon Falls council will arrive at an amicable inderstanding relative to use of the village streets for the power transmission line. At the last meeting of council Mr. Thos. Stewart appeared for the company, and Mr. R. J. McLaughlin for the village, and a committee was appointed to discuss a settlement of the matters in dispute.
