The Canadian Lost. F W. WILSON.

LOCAL MATTERS. LINDSAY TOWN COUNCIL. Chief Constable Bell Dismissed.

H. WILSON.

THE TOWN FATHERS DIVIDE INTO TWO HOSTILE CAMPS OVER A MOTION TO APPOINT A NEW CHIEF OF POLICE-AN ATTEMPTED WATERWORKS "STEAL" -- THE SANITARY INSPECTOR IN TROUBLE -COMMUNICATIONS AND BY-LAWS.

Divers rumors and mysterious whisperings circulated in a fragmentary way during last week pointed to the probability that the meeting of council appointed for Monday evening last would prove very interesting for spectators, and as a consequence citizens from the wards began to file into the chamber and appropriate the best seats shortly after seven o'clock. Those who came later fared worse, and behind-time stragglers were obliged to perch on the backs of seats and window sills. Finally the congestion was relieved somewhat by permission being given some of the ratepayers to come forward and take seats upon the steps of the Prempily at 7.39 Mayor Ray took his seat. All the members were present.

The following communications and petitions were read by the clerk pro tem., Mr. J. Knowl-

Mr. J. Mosweyn was heard later on relative to the matter. He said it had since been learned that Chief Bell had authorized Mr. Douglas to take the step complained of. If that fact had been learned sooner that officer would also have been coupled with the wrong-doing for which satisfaction was asked.—Referred to the police

From J. Deacon, submitting a report from the special sewerage committee.—Referred to From Hugh O'Leary, Q. C., informing the council that he had been instructed by Mr. Frank Fournier to enter an action against the town for wrongful arrest.—Referred to police A largely signed petition was read asking that Mr. Thos. Bell be retained as chief of police owing to valuable services in the past.—Laid

THE WATERWORKS TROUBLE. Mr. G. H. Hopkins, town solicitor, addressed the council by permission relative to water-works matters. He had no doubt all were aware of the fact that a crisis had developed in the town's relations with the waterworks ompany. In connection with the water works that interest in the company. In connection with the matter he had lately visited Hamilton and Cobourg, and would explain as briefly as possible what he had discovered and what was the town's position. The contract was entered into with the Lindsay
Waterworks Co., (nominally Messrs. Moffett,
Hodgkins & Clerke), and the town was to
receive \$10,000 in stock for the old system, or an Hodgkins & Clarke, and system, or an receive \$10,000 in stock for the old system, or an eighth interest in the cost of the system, which was placed at \$80,000. But it had now been discovered that a fraudulent contract had been entered into with the builders of the system, entered into with the builders of the system, entered into with the builders of the system, Moffett, Hodgkins & Clarke & Co., for \$140,000 —i. e., they had let it to themselves at that sum.

A morigage had been placed upon the works for \$70,000, and bonds were also issued to the extent of \$70,000. Thus, instead of the town extent of \$70,000. Thus, instead of the town possessing an eighth interest in the works, it possessing an eighth interest in a concern simply possessed an interest in a concern mortgaged for \$70,000. It was a barefaced mortgaged for \$70,000. It was a barefaced attempt to defraud the town now and in the future. He had traced the holders of the bonds and had found out the terms on which they

future. He had traced the holders of the bonds and had found out the terms on which they and had found out the terms on which they were held. The Canada Life Co. had taken were held. The Canada Life Co. had taken bonds were held as security for their loans. There was a deliberate attempt right here to steal \$20,000 in the deal, and he would advise the council to enter an action to recover \$10,000 of stock and \$10,000 for breach of contract in not having maintained sufficient pressure for fire purposes and neglect to keep hydrants in proper repair. C. H. Moss, Q. C., and other eminent Toronto suthorities had stated that the town had good grounds for an action. He had been obliged to pursue his inquiries cautiously in order that bonds might not be transferred, but an injunction now covered them. Another

but an injunction now covered them. Another matter of importance was the position the town matter of importance was the position the town was now in with regard to fire protection. The firm of Mcffett, Hodgkins & Co. was insolvent, and the local revenue was insufficient to pay running expenses, consequently the town had no guarantee of future protection. He had no guarantee of future protection. He had made application for a receiver to be appointed to the contract of and carry on the works in the considerably over that sum. Eventually, he felt sure, the town would emerge from the tangle in a much better shape than if the company had dealt fairly by them.

In reply to an enquiry "would it be wise to proceed against an insolvent concern?" Mr. Hopkins said that the action would be entered against the Lindsay Waterworks Co.—not against Messrs. Moffett, Hodgkins & Clarke. The town had the whip-hand inasmuch as the secretary for the Moffett-Clarke firm, who was also secretary for the Mollett-Clarke Hrm, who was also secretary of the Lindsay Waterworks Co., had sworn to a statement that \$53,000 was the total indebtedness of the company. They could get no court to rule against the town in the face

It was then moved by Reeve Kylie, seconded by Coun. Keith, that this council approve of the action taken by the solicitor and authorize him to take the necessary proceedings to defend the town's interests, and that a special committee comprising Mayor Ray and the chairman of the fire and water and finance committees be appointed to confer with the solicitor as to the course to be pursued.—Carried.

Dep -reeve CRANDELL, said that before the construction of the waterworks was com-menced he had advised that an expert be appointed to keep a record of the total cost of the undertaking, but his advice was not heeded. At a late hour they had appointed a director, and it was a long time before any information

Mayor Ray said that as soon as the works had been sceepted the stock for the old system had been handed over, when the director was at once appointed. All that could possibly be done had been done by the council to protect Mr. Hopkins explained that the old system

had been considered in their bill of complaints. They would contend that the town still owns it in right, or else is entitled to a lien upon it for \$10,000, as no value had been received for it as Dep.-reeve CRANDELL said he had always

the mover and seconder. REPORT OF THE POLICE COMMITTEE. Coun. KILLABY, chairman of the police committee, read a brief report recommending that Chief Bell's resignation be accepted. Coun, MALLON said that he had attended the meeting of the police committee, and no such report as that read had been discussed in his presence, and must have been done before the Mayor Ray intimated that the east

representative was mistaken—the report had been discussed and within the legal time.

Some little cross-firing took place as to the precise minute the committee took up business on Nov. 10th, Coun. Johnston declaring that he thought it was about 27 minutes after 7 by eastern standard time; Coun. Lovell said he arrived at about 25 minutes to 8, and business

Coun. KILLABY remarked that Coun. Mallon was, as usual, finding fault with something he knew nothing about.

Reeve Kylie said he was confident it was about 25 minutes to 8 when the report was adopted. They were all, unfortunately, too well accustomed to hearing Coun. Mallon talk

The report was then voted upon and carried, the yeas and nays being called for and taken as follows:—Yeas, Messrs. Crandell, Head, Keith, Killaby, Kylie and Ray; nays, Messrs. Lovell, Tully, Johnston, Mallon, Touchburn and Walters. "CHIEF OF SEVEN THOUSAND."

sider a by-law to appoint a new chief of police, and another giving steamboat men permission to pile firewood near the new wharf.

On By-law No. 695 being read a second time, On By-law No. 695 being read a second time, Coun. Killaby moved, seconded by Coun. Keith, that the name of Mr. John Short be inserted in the blank left for that purpose.

Coun. Mallon moved, seconded by Coun. Lovell, that the petition of Mr. J. B. Knowlson and a large number of other ratepayers, handed in at last meeting, and a second one, also signed by R Spratt and others, presented earlier in the evening, praying that Mr. Thos. Bell be continued in the position owing to valuable services, be complied to.

LOCAL NEWS-LETTERS

FLEETWOOD.

ICCorrespondence of The Post.]

FABMERS.—The farmers have taken advantage of the fine weather for gathering in their root crop.

PERSONAL—Mr. Wm. Maguire of Toronto is spending a few weeks with his many friends of this place.

Miss Laura Kells is home to spend the winter with her friends

FIRST SNOW—The little snow storm on the 29th was quite a surprise to a great many, especially to some of our young men, and we would say that Johnston & Sisson's rubbers made a very noticeable print in the

before him, but in view of the powerful petitions from the leading citizens he thought Mr. Bell should be allowed to retain his position. Coun. Touchburn thought it very strange that the council could not find a man fit for the position except a government office holder. In suitable man to be had in town the mayor should

suitable man to be had in town the mayor should look out of town for one—it would be much better to have for chief of police a total stranger, and he had confidence enough in Mayor Ray's judgment to trust him to make a proper selection. He could not understand what they saw in Mr. Short to recommend him for the position—it surely was not his build, make an or set up. make-up or get up.

Mayor RAY thanked Coun. Touchburn for his expression of confidence in his judgment. He had felt for some considerable time that there should be a counge in the chief constableship. for reasons known to most of them, but which would be as well not to go into too deeply.

Some opposed Mr. Short for the position, but they were at liberty to nominate some one else if they saw fit. True, Mr. Short held a government position, but it was of the first importance to appoint a good man. He had been called a political partisan—indeed, he had heard the same charge made against the chairman (Mr Jonnaton), but he did not intend to allow politics to be caretaker of the lives and morals of the From McSweyn & Anderson, relative to the charge brought by Mrs. Moore of the south ward against Sanitary Inspector Douglas.... ward against Sanitary Inspector Douglas.... McSweyn was heard later on relative ro the matter. He said it had since heep learned to specific and had spoken to some about their signs. people of Lindsay. In a recent row Mr. Short Bell, and had spoken to some about their signa-tures. He found that some had signed through ignorance of the circumstances; others told him ignorance of the circumstances; others told fill that for certain reasons they could not well avoid signing. He could not and would not attach importance to such names. The office was the most important one the council had to fill, and the duties pertaining thereto were responsible and serious. Let the town assessor show carelessness or incapacity in the performance of his work—would he be reappointed time after time?
No. every citizen would loudly denounce the council if they showed disposition to do such a thing. The position of chief of police was a much more important one. The council should appoint the very best man offering for the bal-

stated to him a year ago that Chief Bell was the best detective in Ontario. He felt very kindly towards Mr. Short, but he could not serve the Mowat government and the town of Lindsay-he would be called away on business all over the county and would be forced to neglect the town. The "people's mouth-piece" then entered upon a learned diagnosis of delirium tremens. and said he knew that it was impossible for a man to be sober at a certain time, and two hours later reach a condition through liquor whereby the brain was seriously affected. In concluding Coun. Mallon quoted divers scriptural sayings touching upon charity in support of his plea that if Mr. Bell received his dismissal now for neglect of duty he could not be given a "character," and therefore he should be retained

Reeve KYLIE said that while convinced of Mr. Short's fitness for the position he had felt that his holding a government position was an obstacle to his appointment, but he had been given to understand that he would resign his inspectorship if permanently appointed chief constable, cons-quently he would support him.

The CHAIRMAN (Coun. Johnston) said he had given the subject careful thought, and trusted the other members had done likewise. He was in favor of retaining Mr. Bell in the position They should think twice of throwing a man who had a family to support out of his position just as a severe winter was coming on. Mayor Ray said he had previously expressed a desire to limit discussion as to the reasons for making a change of officers, and Mr. Bell's own

licity. He felt compelled to say that the police committee and the council had put up with a great deal before taking the step they had. In proof of his words he would read to them a been forced to neglect his own work to lock after Chief Bell. He was sorry for the man, but the position of chief constable should not be the 'Well done, good and fafthful,' of your Master the position of chief constable should not be used for the purpose of reclamation. As to the petitions, he was greatly surprised to see signed there the names of citizens who had personally appealed to him within a very recent period to commit Mr. Bell to gaol.

CHARLES WILSON.

As no other speaker offered, the chairman put Coun. Mallon's amendment, which was lost on a show of hands. The original motion by Coun, Killaby and Coun. Keith, naming Mr. John Short fos the position of chief constable for the balance of the term, was then put and declared

The committee then rose, the chairman reporting By-laws Nos. 595 and 596 read a second time, with blanks filled in. The council then acjourned.

Ethyl Chloride (Bengne), Mr. Neelands, dentist, is now using this nev

anaesthetic for extracting teeth. It is the invention of an eminent physician. See new

For New and Paid-Up Subscribers. While in the city recently we were shown a new engraving of Mr. Wilfrid Laurier, leader of the liberal party at Ottawa, and also one of Sir Oliver Mowat, premier of Ontario, the latter taken from the famous painting recently presented by Mr. Mowat's admirers, and said to be the very best likeness of the premier in existence We were so fortunate as to secure a limited number, and are anxious that every subscriber of THE POST may possess one of these handsome pictures, each of which covers about 18x24 inches. To every subscriber who sends in his (or her) subscription for 1894 we will give the taken a deep interest in the waterworks and thought he should be appointed one of the committee.... This was cheerfully acceded to by present date to 1895, and their choice of either o the engravings.

> An Old Friend. In a series of interviews with members of the

last congress, 31 out of 43 remarked that they were readers of The Youth's Companion. For definite and trustworthy information on the questions of the day it is really unique, while the high character of its stories, the wide fields covered by its special articles, and its contributions from the most famous writers in Europe and America, are well-known. Its programme for next year seems brighter than ever. Some of the important stories are: "The Deserter," Mayor Ray said the meeting was called for half-past seven by his time, and as Coun. Killaby had to attend to another meeting no delay took place. Coun, Mallon did not possess delay took place. Coun, Mallon did not possess any right to direct the business of the comromances of the sea, by W. Clark Russell; Tales Henry M. Stanley contributes two thrilling og he narratives from Darkest Africa, and Archibald Forbes writes of his "Closest Call." Naval expect to have good live meetings for the balance of battles are described by admirals, and Military the year. Watch for our rousing open meeting soon life by generals. Then there are articles on choosing an occupation, boys who should not go to college, physical training, recreations of all kinds, and many other practical subjects. Another pleasant feature is the charming picture of a young lady of colonial times, "Sweet The conneil ther went into committee of the who send the bg (Coun Johnston in the chair), to con-
