WARNING!

The party who took the valuable Fur Cape from our store, No. 33 Kent-st., last week, had better call at once and settle for the same or proceedings will be taken that will prove painful.

Opposite the Benson House, Lindsay.

M. J. Carter.

CARTER.

The result of last week's sale of the Montreal Wholesale Clothing Stock of James O'Brien & Co. has been most phenomenal. Merchants generally talk of dull trade and scarcity of money; our selling experience this week leads us to an adverse opinion—from the countless number of customers (actual buyers) who have already attended our sale, the great quantities of goods sold and the large cash receipts up to date, we are convinced that there is still plenty of money in Lindsay and surrounding fertile country. The shoppers of Lindsay and country invariably exercise sound sense and good judgment in the matter of Dry Goods, Mantles, Furs and Clothing, and know well the value of a bargain when they see it, and are quick to spend their money when such money-saving opportunities occur as we are now offering to cash buyers.

The daily cash receipts in our Dress Goods department, Mantle and Mantle Cloth department, Ladies' Underwear, and Hosiery and Glove departments, in our Furnishing department, in our Clothing, Hats, Caps and Fur department, have more than doubled our expectations, which is further proof that we have pleased our customers, and many of the most fastidious

with the attention that his words always com-Notwithstanding the success already achieved we are determined to double the record next week-double the inducements, double the quantity of bargains and sell double the amount of goods—and we know we can do it.

A word to the wise is sufficient. If you have not already inspected Frequent allusions were made to the late our stock and prices do so at once, for we are determined to do the Dry Goods and Clothing trade of Lindsay.

P.S.—Terms strictly cash and one price. Please do not ask for crede, for none will be given. Lindsey, Nov. 9, 1893. - 39.

SUPPLIES

is a phrase which must claim the meditation of every householder in the community. Fall is upon us and in this northern climate we are made to feel the necessity of due protection against the inclemency of the weather.

-The open meeting held in the lecture room

tainments a success. -The proposed by-law to give passenger steamboat owners the right to pile quantities of wood not exceeding 75 cords on the town wharf plot should be very carefully considered by the councillors before its third reading. Piles of rough wood will not add to the beauty of the surroundings, and the privilege is sure to be abused. There is no good reason why steamers cannot take on their wood at some

be to improve the appearance of their \$1,500 purchase, rather than injure it. -Commercial men say that William-st., between the station and Kent-st., is, with but one exception, the worst looking street in any town filled with old rails and ties. Delivery waggons are discreditable to the road and bridge committee. The fences are of the very poorest quality. As everyone coming to the town passes down William-st, the town fathers should see

that it is put in a better shape, for as it is now it is a standing disgrace to the town. -The final meeting of the joint sewerage committee of the board of trade and town council, was held in the council chamber on The Mark; Bros. Comeny Co. concluded a Friday evening last. A letter was read from week's engagement at the Academy Monday Willis Chipman, C. E., in reply to some object tions that had been raised on account of the different branches of work in the church, and sewage entering directly into the river, which said his heart was in the work; that to God he stated that proper filters could be arranged at must eyer look for strength to do the work, and a cost of about \$1,000 extra. A committee for the blessing to himself and the church thit appointed by the provincial board of health he trusted would be voucnafed them. also brought in a report recommending the system, and stating they had gone carefully into the matter, but recomended the addition of fliters, which in their estimation would make The speeches were interspersed with an the system as near perefet as possible. The chairman was instructed to hand the matter over to the town council, that the question thetic rendering of a piece by Jean Ingelow

The meeting in the church afterward was resided over by Mr. Hardy, and after singing and prayer, Rev. N. Hill gave an address of welcome on behalf of the other pastors of the town. Next followed the Rev. A. Trotter, of Peterboro, who said that having had a good deal to do with the new pastor in his earlier days, he hoped the Lindsay friends would put the credit

for any good qualities they might discover in the new pastor in the right place. Chancellor Rand, of McMaster University spoke, amongst other things, of a mere secular education, ignoring religious matters, as being one of the greatest dangers of the present time. To secure happiness and prosperty we must grow in the knowledge of the Lord as well as in education, and only then will learning attain its best and highest end.

Roy. M. Binch, of Bobcaygeon, was the next speaker, and he was followed by Mr. Sycamore, who occupied the pulpit of the Baptist church during part of the past summer. He spoke warmly of the many friends he had made in Lindsay, and of the friend that he had found in Mr. Trotter in the time of need, and he felt sure that the people would like the preacher

authem by the choir, and a recitation by the Miss Whiteside, whose clear voice and sympam'ght be brought before the ratepayers, at an held the audience in regt attention from beginning to end of her selection.
