REWARD.
Parties passing the corner of Peel & William-sts. will save money and gain style by consulting G. P. Mullett about their fur, either in repairing or ordering new goods. He should be sent to the best advantage to look well, and it requires practical experience to do that. Satisfaction given or money refunded.
G. P. MULLETT,
57-11.

CAUGHT AT LAST.
It was discovered that a number of cottages at Sturgeon Point—Lindsay's well-known summer resort—had been entered by parties then unknown, and miscellaneous articles of considerable value were missed after a careful inventory of the contents had been taken. The cottagers felt that some energetic steps should be taken to discover the thieves and make an example of them in order to ensure the future safety of property left at Sturgeon Point.

Hunting Notes.
The first shipment of deer passed through town Saturday morning from Haliburton to Toronto.

Hunting Notes.
Word was received Tuesday from Mr. A. Hamilton stating that he had been successful in securing two deer up to that date.

Obituary.
The Allandale correspondent of the Advance says:—Mr. Hugh Blair, at present the oldest employee in the G.T.R. service in this city, was laid to rest in the freight department of that place about the end of October, when he will leave with his family for Toronto.

Broke Gal.
A man named Peterkin was arrested in Boboyagon on Oct. 30th, charged with being one of the gang who rifled Sturgeon Point cottages last winter, and he was lodged in the lock-up. County Constable Crawford went there next day to bring the prisoner to town, but before returning he went out to the country to make another arrest, and while absent on this errand the man in the lock-up effected his escape, and has not since been seen.

Building Notes.
—Mr. R. P. Spratt, who purchased Mrs. Oliver's property on Lindsay-st., a couple of months ago, has sold a portion fronting on Glenelg-st. to Mr. C. L. Baker, who has set at work putting in the foundation for a dwelling.

General Sporting Notes.
—Both Rugby and Association football sports can be had at a better understanding than the town team and the Collegiate boys were to have a game every week, but so far we have only heard of one game being played.

Several months ago a resident of a neighboring village received a circular from a high price fur concern, quoting liberal prices for the hides of coons, skunk, foxes, muskrats, etc. He said nothing publicly, but quietly took a number of local muskrats that he had to offer, and would pay liberal prices for them. Thus stimulated, they took to the woods, and the pack of the muskrats was sent during the past fall. As fast as cured the pelts were delivered and the money paid. After paying out from \$30 to \$50 the proprietor's credit concluded he would realize on his purchases. Consulting his price list schedule he saw that he was entitled to \$15. He had the skins and received notification of their arrival. Enclosed in the communication was a check for \$80.

Hallway Notes.
—Roadmaster Ferguson was in Toronto on Tuesday.

—Mr. J. A. Storor was in Cannington last Thursday on business.

—G.T.R. conductors say that more hunters pass over the line this season than ever before.

—Conductor Geo. Thompson is at present relieving Conductor Fair on the Midland, who has arrived on the rail.

—Conductor G. Thompson is in charge of the Whiffy mixed in the absence of Conductor McMillan, who is on the sick list.

—The Barrie and Allandale Electric Street Railway Co., limited, has been incorporated, with a capital stock of \$50,000.

Conductor Greaves is again at his post on the Cobourg train, after a very enjoyable holiday trip to Portland, Maine, and other points of interest.

—Last Thursday a coach full of shabby men arrived at Lindsay from the Midland, and will leave on Conductor Pym's Haliburton mixed for the Huron limits.

—There are trains busy bringing ties from Midland, which arrived yesterday morning on the main line.

—During 1894 a total of 6,447 persons were killed and 31,280 injured on the railroads in the United States. Of the killed 1,825 were employees, 324 passengers and 4,300 were "other persons."

It is said the G.T.R. shops at Brockville and Belleville will be removed, and if so, Belleville will be a refund of the \$25,000 bonus given the G.T.R. some years ago to secure the shops there.

—The Allandale correspondent of the Advance says:—Mr. Hugh Blair, at present the oldest employee in the G.T.R. service in this city, was laid to rest in the freight department of that place about the end of October, when he will leave with his family for Toronto.

Personal.
—Mr. Michael Leary, of the east ward, who had been employed in Mr. Cowdry's grain warehouse, removed with his family to Lansing, Mich., last week, where he has secured a proprietorship on the street railway.

—Mr. Jaber Pymman, of the east ward, left last Saturday for Montreal, from which port he sailed on Tuesday last for Glasgow in the Scotia, to re-visit his last shipment of cattle. He will be absent a month or six weeks, and will visit relatives in London and vicinity before returning to Lindsay.

Police Court Calendar.
—On Saturday last County Magistrate Deacon took the bench, when William and Reuben Tripp were charged with stealing a number of articles of clothing at Sturgeon Point. County Constable Crawford, who executed the search warrant, displayed a mirror frame and a pair of spectacles which had been identified by Mr. McGaffey. On the next day he found one basket, one button, a tin, one hairbrush, two tidies, five egg-cups, and several other articles, which Mr. McGaffey has identified as being his property also. The prisoners were remanded for trial until Thursday next.

Church Notes.
—The Rev. Mr. Macmillan, of Lindsay, lectured at the Presbyterian church on Thursday week on "Blissdom." The audience was small but all were well pleased with the speaker.

—Friday, Nov. 1st, All Saints' day, was observed as a holiday at the Presbyterian church, when a very interesting and thoughtful sermon was preached by Rev. Mr. Macmillan, who delivered a very interesting sermon on the text, "I am crucified with Christ, nevertheless I live with Him." The sermon was well received, and the congregation was large.

An Evening Amusement.
NEW form of evening entertainment is called a "heart party." A large heart, made of red flannel cloth, is pinned onto a sheet hung from a door. In the centre of the heart is a small circle of white paper, with a white pin placed therein, given to the guests, each arrow bearing a number, the number corresponding to a list whereon the names and numbers of the guests are written.

Rugby Football.
As many of our readers know very little about Rugby football, and are all at sea as to the meaning of "punt," "try," "touch-down," "rouge," "safe-touch," and other terms used in describing the progress of the game, we have thought it worth our while to hope that it may prove interesting. The game is played by fifteen men on each side. The grounds are one hundred yards long, and are divided into two halves, and the centre of each goal line is a goal, composed of two upright posts more than twenty feet high, placed eighteen feet apart, and connected by a cross-bar ten feet from the ground. The side lines are the touch lines, and the end lines are goal lines, while the space in touch on each side is called the "ground in touch." A punt is made by letting the ball drop from the hands and kicking it so that it touches the ground in front of the hands, and kicking it as it rises from the hands. A kickout is a drop kick made not more than twenty-five yards from the kicker's goal line. It is a foul to knock or throw the ball forward with the hand or arm. The ball may, however, be passed to the hands or back.

A rather novel thing was observed at the Newcastle fishery the other day. The fish was seen moving about in the water with the tail end of another fish protruding a little from its mouth.

—A novel feature was introduced at a harvest festival held in a New Haven church the other day. Members of the congregation, owing to the weather being so cold, and the organ being out of order, sang in various parts of the building. The feathered songsters joined in the musical part of the service with their own most delightful effect.

—Judge McDougall, of Toronto, has decided that the game of golf may be played on Sunday. He holds that the prohibition of the game is not a violation of the law, and that the game is not a Sunday violation.

—At a resort in Baltimore that the members of the Social Party congress visited, they were treated to a lecture by a young girl inmate who struck at the very root of the evil by stating to a roomful of people that she had begun at the wrong end of society if you are sincere in your reformatory work. The lady saved a wiper before she fell, and she was a life of shame or starvation.
