Ayer's Remedies.

Well Satisfied with Ayer's Hair Vigor.

"Nearly forty years ago, after some weeks of sickness, my hair turned gray. I began using Ayer's Hair Vigor, and was so well satisfied with the results that I have never tried any other kind of dressing. It requires only

an occasional application of AYER'S Hair Vigor to keep my hair of good

itching humors, and prevent the hair from falling out. I never hesitate to recommend Ayer's medicines to my friends."—Mrs. H. M. HAIGHT, Avoca, Nebr.

WOODVILLR.

A REQUISITION, which is being extensively signed asking Wm. Cameron, J. P., to allow himself te placed in numination for county councillor for division No. 6, is being circulated, Mr. Cameron would undoubtedly make an excellent representative. Being a man of large experience in the municipal affairs of the county, as well as being an extensive property owner in the division, aside from his personal popularity in all of the townships, will make his election an easy matter, and we have no doubt should Mr. Cameron consent to the request of those who are urg-ing him, his election is assured. NEW ARRIVAL -- Mr. Lachlin Gilchrist,

teacher, was made happy last week through the advent of a little girl that came to stay with his family to be clothed DISGRACEFUL.-Three young men from

Brock took one of Ben Ross's livery horses last week to go to Glenarm, and before starting they got well primed within and armed themselves with some stuff in their pockets. They drove so furiously that they smashed some rigs on the way, and not satisfied with that, they also broke the horse's leg, and it is said drove him two miles on three legs. Such cases should be severely punished, as no person is safe driving when the like of them are follow them up, and plenty of wounded on the road.

OFFICIAL VISIT .- Mr. S. Irwin was in town inspecting the scales and measures of our business men last week. ---

BOBCAYGEON.

[Correspondence of THE POST] PARTRIDGE,-Partridge have been very plentiful in this vicivity this season, and our sportsmen have succeeded in bagging large numbers of them. DEER.-Numbers have gone from this

place to hunt deer, but up to the past week none had been very successful in getting them. Two or three have returned without any venison, but we expect to see several others return who have made good use of their coupons. CHEESE -Mr. Thurston delivered 12,661

lbs. of cheese from the Bobcaygeon factory at Lindsay on Wednesday, the 11th inst., sold at 1010. a lb.

MAPLE LEAF REPAIRS -Mr. Varcoe is having the Maple Leaf thoroughly overhauled these days. He has put in new ribs throughout, and is putting on a new bottom so that when she is finshed the hull will be new.

GAME WARDEN.—Mr. H. K. Smith, acting chief game warden, visited this locality last week. It is generally underderstood here that his visit to some hunters camps in Harvey was not too welcome; however it is quite right that he should visit the camps, even if he is not presented with a complimentry address at each one.

Towing.—Towing seems to be about done for this season, and the tow boats done for this season, and the tow boats

IRONDALE. LONG LOOKED FOR-Work has been re-

sumed in the fron mines here, and the merry sounds of the drills are followed by he explosion of the blasts. COURT. -Mr. L. Hancock made a crip to HUNTERS.—The hunting season being over, hundreds are wending their way out with their trophies of the chase.....The

usual modicum of deer stories will now be dished up a la Munchausen. WEATHER.-The weather is still very mild: the snow has melted away, and those whose ploughing has not yet come to an end will seize the opportunity to bring it nearer to a finish.

GLANDINE.

OBIT. - Why is it that the fond, loving heart dies young, while the old are lefe heart dies young, while the old are left; We have been prompted to ask this question by the death of one of our most amiable young men. Mr. Lorne Woolacott, son of Mr. John Woolacott. Lorne was a young man who had few, if any, enemies, and by his industry, honesty and good nature, established a character which caused him to be beloved by all who met him. The family have the deepest sympathy of the entire vicinity in their sore trials, it being especially sad that the mother went home about two years ago, and now another member of the family is plucked from the home.

He is gone—friends, cease regretting !—
To that shadeless summer land,
To those isles 'youd life's sun setting,
Beckened by a mother's hand.

SALEM OPS.

LEAGUE MEETING -An interesting meet ing of the League was held on Tuesday evening last, conducted by Mr. V. Langeford. The subject was "A good education
and how to get it." The League hope to
have larger rumbers attending its meetings; in future it will begin at 7.50 p.m.
It was decided to ask as many of the friends of the church as can meet to do so at 9 a.m. on Saturday to aid in repairing | night, 16th inst. Supposed to have been the sheds and fences, etc. It is hoped that the surroundings will thus be considerably improved. Services are continued each Sabbath at 3 p.m. All cordially welcomed. Social.—A very interesting social was held at the residence of Mrs. John Moore on Thursday, Nov. 12th. The home was very beautifully decorated and kindly placed at the disposal of the Ladies' Aid and their friends. A very considerable number of friends gathered, not only from Salem but from other parts also. Rev. J. W. Totten was appointed to the chair and called upon Dr. White, who gave a capital address which contained much good, sound advice for the young people. His remarks had to do chiefly with Epworth League work. Sybill Shields and Annie Moffat each gave a recitation, which were well rendered. Miss Carrie Moore gave a well rendered instrumental selection. The singers of the church, consist ing of the Misses Moore and brothers, and others, gave some very excellent selec-tions. The Ladies' Aid supplied an excellent supply of refreshments and did all in their power to make all feel happy and giad. This society which was but recently organized, is showing praiseworthy efforts to aid in the good work of this church.

Correspondence of Tun Post, TEA. -The tea meeting in the red schoolhouse in connection with the Baptist church was a decided success, considering the state of the roads. Proceeds netted something over 313.

FOREST PRODUCE,-Mr. William Hyslop, of Fenelon Falls, is here making arrangements for telegraph poles. He expects that there will be fully as many taken out here as last winter. Prices are the same. A GOOD MAN.—Mr. Fred Train is local agent here and at points along the Haliburton branch of the railroad for Mr. Geo. Martin, of Penelon Falls.

DRATH -Mrs. Scott quietly passed away to her long rest on Sunday evening, surrelations. The funeral took place on Tuesday at 2 o'cleck from the family residence, and was one of the largest witnessed in this place for a long time. After service at the house the cortege moved to the English church, which was tastefully draped in black, where an impressive service was held, Rev. E. flammation for the past few weeks, but is now recovering . . . Mrs. S. Hughes has been ill for the past week, but is getting better. HUNTING.—The hunting season for deer ended Saturday, 15th, and a number of hunters boarded the train here for their respective homes. There were three bears and about twelve fine deer. Many hunters are of the opinion that it would be more satisfactory to stop dogs running and have deer shot in water, as there are large numbers shot on runways, or rather wounded and never gotten, as the hunters do not should be despatched in the water when they are then wounded. There were many "trapping" and looking for "lost dogs," but we hear of no fines....Messrs. B. Sharples and Joe. Hoyle, Verulam, and J. H. Bowhey, of the Dutch Line, met with good luck at the big dam, east of the Dutch Line, and are thoroughly satisfied with

their two weeks' hunt. RAILROAD. -Business seems brisk all along the Haliburton branch of the G.T.R and the track is in good shape. The offi-clais visited this branch last week with Driver D. Clarke and Conductor Russell. .There is some talk of the Georgian

COUCH BROS. TO THE RESCUE OF THE POOR MAN

With bigger and better values than ever were known in the Annals of the Clothing Trade of the country. ---Fear not, for we'll stand by you-

Good people of Lindsay, here we are on the threshold of Winter just opening up in earnest the Fall Trade of Fine Ready-Made Clothing, Hats and Caps and Gents' Furnishings. This is the Fifth Fall here for us, and as we look back how proud we feel of the success that has crowned our efforts in revolutionizing the Clothing Trade of the County. GOUGH BROS. in their fight against High Prices won in a canter, won in the first round, won because right always will win. Now don't go away imbued with the idea that we are satisfied with laurels won and contented to lie on our oars, so to speak-No, No-we're not built that way. When we started this business we stated candidly that we were after the whole trade of the community. Well, we got our share, our envious competitors think -yes, know that we got some of their share, but old-fashioned i leas aren't gotten rid of in a day, and they can't see that the true secret of our success is not getting as much as you can from your customers, but giving as much as you possibly can do for the money. The good old "golden rule" is a good friend to stand by whether in business or otherwise. In it is contained the very essence of our business methods. We've got the only complete stock of Clothing in Lindsay, and with Clothing associate everything that men wear. We're not green at our business, for to-day GOUGH BROS stand alone and supreme as the most successful Clothiers in Canada. Far and near our name has spread, until there's not a place within one hundred miles where the name of GOUGH is not known, and the people who know swell the voice of the multitude with our ancient battle-cry "Always Good at Gough's."
