The ground is very mucky, and we had to pitch it over a pool of water, walk one mile to get poles and two miles to get wet wood; we had an awful time to get the fire started. I was blowing at it and Strickland was sitting on a box singing "Home, Sweet Home." You have no idea the hardships we have to go through. After we got our tent up I had to go to Dyea. The vote of Van Wyck in New York County is approximately the same as was cast for Bryan in 1896, which was 135,624. General Tracy (Republican) polled approximately 50,000 against Mc-Kinley's vote of 1566,359 in New York County, while Low (Citizens' Union) polled approximately 77,000, and George (Jefferson Democrat) 12,000. In these two counties the straight Republican vote shows a falling off of nearly 175,000, or in excess of the total vote for Seth Low, while the Tammany vote equals, if it does not slightly exceed, that cast for Bryan.

Toronto, Nov. 6 .- Mr. William Lount, Q.C., member for Centre Toronto, has resigned his seat in the House of Commons and communicated his determination to Mr. Speaker. When Mr. Lount was, on the eve of the general election, asked to be his party's candidate in Centre Toronto, re replied that if elected he feared the duties of the office would interfere seriously with the practice of his profession. He was persuaded, however, to make a trial of it, with the result that what he anticipated has come to pass. He finds that he cannot do his duty to his constituents and at the same time attend to the business of his clients, and has accordingly con-cluded to resign his seat.

Those who saw his youthful face and figure during the last campaign found it hard to believe that he had been a member of the first Assembly of Ontario, yet such was the fact. His knowledge of public life, therefore, extended over an important period of our history. He is, moreover, specially well adapted for taking part in the business of a deliberative body, and would, if he had chosen to remain at his post, undoubtedly have made his constituency inflaential in Parliament. There will be regret, therefore, that he has determined to retire. All that remains is to hope that the constituency will be enabled to choose as earnest and as capable a representative to succeed him.

Vancouver, Nov. 5 .- (Special.)-The banquet to Hon. Clifford Sifton was the largest in the history of the city. Mayor Templeton presided. Messrs. Maxwell, M.P., Morrison, M.P., Macpherson, M.L.A., and Major-General Kinchant were among those present. Mr. Sifton's speech was frequently cheered, showing that he correctly voiced western sentiment. The record of the Government in 15 short months had, he claimed, exploded all the charges and falsified all the predictions of their opponents with regard to the Liberal party. The difficult task of re-vising the tariff had been accomplished with fewer complaints than resulted from any previous revision, and a revival of trade was being witnessed. He declared, amid loud cheers, that the Government's policy in the Yukon was to compel every man to observe the law, to provide an all-Canadian route,

and to confine the trade as far as possible to Canadian channels. They would seek to promote the transportation facilities, and when that country was opened up they would be surprised to find the immense area of gold-bearing territory in the Yukon. Mrs. J. Dynes, No. 28 Mary-st., St. Thomas writes: I suffered from Dyspepsia for years so bad at times that I could not partake of any food without great distress. I tried a great many medicines and different treatments, but received no benefit until I used Sloan's Indian Tonic. Is relieved me at once and effected a permanent cure. It is a grand blood medicine and I am never without it in the house. I have recommended it to a good many people, and in every case it has done all that was claimed for it, and has a number of wonderful cures in this city.
