Cabinet Council Extends It to Japan and the Netherlands-Militia Supply Contracis - A Horse Thief Sentenced-A Corpse Carrying Improvement -Aylmer Branch of C.P.R. Sold,

Ottawa, Nov. 4.-The announcement that the Imperial Govcernment will confer a medal on those who took part in defending the country from the Fenians in 1866, or in the Red River expedition under Col. (now Field Marshal Lord) Woiseley, has led to a regular deluge of applications being received at the Milita Department. It will take considerable time to verify all the applications. The district officers commanding will be required to send in the lists from their several districts, so that there will be no necessity to communicate directly with the department. It has not yet been decided whether the families of chose who carried arms on the occasion referred to, and are since deceased, will

receive the medal. A meeting of the Cabinet was held this afternoon at which it was decided to extend the reciprocal clause of the new tariff to Japan and the Netherands. The Minister of Militia has awarded
