At this time it was evident to the firemen that they were face to face with a great disaster, and a general alarm was sent out. Then from all the fire stations, even from those quite five miles from the scene of disaster, engines were hurried to the spot, and the police gathered about the neighborhood in great force. This display of strength on the part of the police was required, as the crowd, swelling in size every moment, soon numbered tens of thousands, the firemen required every posnarrowness of the old crooked streets, which are the feature of that part of London, combined with the height of the warehouses, which cut off the firemen from all fair chance of confining the outbreak. Louis Davies for Canada

Ottawa. Washington, Nov. 8.—(Telegram special)

This much said Sir Wilfrid Laurier of his visit here, before taking train for Canada. He would part with none of the details of the conference with Hon. J. W. Foster. Sir Louis Davies was equally reticent. Only one general statement they were prepared to make. Four hours were spent at the house of Mr. Foster. The proposition that the seal question should be considered in connection with other international differences by a joint commission, was submitted by Premier Laurier and Sir Louis Davies. It was discussed from both countries' standpoint. The re-
