The young man was very affable, and gave him the infor-

A DISTINGUISHED VISITOR. -On Friday afternoon last a young man entered our sanctum and asked to see the file copies of the Gleaner containing the articles on the mysterious fires which occurred at Mr. Robert Dawson's residence in Thorah some weeks ago. After reading them he stated that his name was Robert Bramwell, that he was a brother of the girl Jennie B. Bramwell, whose name was connected with those mysterious fires. He resided at Havelock, Peterboro county, and accidentally ran across a copy of the Toronto Empire containing the article taken from the Gleaner, and immediately decided to visit his sister at Dawson's. On being informed that the girl had been sent back to Belleville he almost wept. He stated he had not seen his sister for over eleven years, and now that he had come so far, for the purpose of seeing her, it was a great disapointment to be told she was not here. After recovering from his disappointment he gave us a short history of his family. His father was a contractor in Glasgow, Scotland, but died in 1880 leaving a wife and four small children in almost destitute circumstances. A few -There is now but little doubt that the months after the death of his father he until he noticed the articles on the fires in the papers. At the time of coming to Canada he was eleven years old and his sister Jennie was five years old. His mother and the rest of the family still resided in Glasgow. After spending about an hour here he took his departure, stating that he would go out and see Mr. and Mrs. Dawson.-[Gleaner.

By the aid c. the new Hydro-Carbon Gas Furnace he can make indestructible porcelain fillings and restore broken and decayed tooth to their original shape, contour and color. By this process old roots can have porceion crowns attached; consequently there is no Gas, Vitalized Air, saministered with great

success for nearly 23 years, extracting toeth for housands of persons without a particle of pain, He uses the latest approved oppliances for ad ministering the Gas. He studied under Dr.Col ton of New York, the inventor of gas for ex tracting teeth, who has given it to over 160,000 persons and not a fatal case. MR. NEELANDS uses Ball's Local Anaes

thetic for extracting teeth. He is now using a new style of forcep which he had expressly manufactured while on his last visit to New York, which removes the teeth without danger of injury to the gums or jaw, the gums healing up beautifully in a few days and no consequent trouble. Artificial Teeth inserted on al the popular bases and by the most approved styles and appliances for their retention and comfort, Numbers of persons are wearing teeth made by Mr. Neelands over 20 years and never required repairs. Prices from \$10 to \$65 for an upper or under set

Persons from a distance will please send Lindsay, nearly opposite Congress Hall. Lindsay, Oct. 24, 1889.-72.
