S. O. C. F.-The Society of Chosen Friends attended service in the Presby terian church on Sunday, Nov. 6th. This society has now nearly fifty members here and we expect during the next year to reach seventy-five. It has a very cheap and attractive is surance department. This accounts for the wonderful rapidity of its growth. Many councils have more than doubled their membership this year. Another reason why it is so popular and successful is that it admits ladies on the same terms as gentlemen. If you are trying to run a society without the refining influence of the gentler sex you will fail. There is nothing good without "a woman in it."
