CANCER ON THE LIP CURED BY AYER'S Sarsaparilla

I consulted doctors who prescribed for me, but to no purpose. I suffered nearly seven long years. Finally I began taking Ayer's Sarsaparilla. In a week or two I noticed a decided improvement. I continued using the Sarsaparilla for six months, after which the cancer disappeared. JAMES E. NICHOLSON, Florenceville, N.B.

LITTLE BRITAIN.

"NIGHT HAWKS."—Dear Sir,—In last week's Post, under the heading "Night Hawks or Oddfellows?" your correspondent tries to be funny, to which I have no objection, but he is quite wrong in calling us "Night Hawks," or in trying to give out that the members of "Britain Lodge, No. 316, I.O.O.F.," prowl about the street at all hours of the night, and I ask your kind permission to contradict such a misrepresentation. I have attended every meeting of Britain Lodge since it was a lodge, and never yet have been in the lodge room at 11 p.m. On the contrary, I know it to be the rule of our Noble Grand to close the lodge promptly at 10 p.m. There is no denying the fact that we do have far—lots of 40,000—in our lodge, and if our "exuberance" (capital word, that of your correspondent) boils over a little outside the lodge, we ask pardon of our neighbors, but still claim we have done nothing unbecomingly as Oddfellows, or of good citizens. Why, don't our persons tell us over and over again how much they pity a man who cannot laugh? One of the first principles of Oddfellowship is the elevation of man's character; it does not teach him to be a "night hawk," and I don't think that Britain Lodge will be behind in carrying out the true principle of Oddfellowship, which I need not enlarge upon, as they are known to the world over. Of course, your correspondent softens his censure in the latter part, when he speaks of the excellent standing of the flattery with perfect propriety. I am glad to know that some of the most prominent men of Little Britain, Valentin, and the township among our members; men also of business and financial standing, let me add. No wonder, then, your correspondent closes his remarks with the words: "There is every prospect of the infant growing up a strong and healthy institution." On Monday, 16th Dec., we will elect our officers for the year 1896, and judging from the nominations made last Monday evening, I feel confident that Britain Lodge will be as successful in the coming year as it was since last July. Thanking you for the space, I remain "AN ODDFELLOW."

PORT FERRY.

MUNICIPAL.—Considerable speculation is being indulged in as to who will be our reeve next year. Three names are mentioned in this connection, Messrs. Curtis, Wilcox and Ross. The last mentioned has not yet made up his mind to run, although many are urging him to do so. Mr. Curtis has decided to retire from the office this year, but rather than allow Mr. Wilcox to go unopposed he will ask the electors to support him once more. It is to be hoped that Mr. Wm. Ross will stand as a better man for the position cannot be found in the town.

ELECTRIC RAILWAY.

Mr. Pew, the promoter of the Port Perry and Kincardine electric railway, was in town last week and speaks in hopeful terms of the prospects of the new road. The surveyors have been over the route, the amounts to be raised by the different towns on the way have been subscribed, and he is confident that next year will see cars running from here to Schomberg. It is also rumored, on good authority, that if this line proves a success, another line will be built to touch the town. Port Perry will boom yet, and don't you forget it.

SKATING.—During the past week the ice on the lake has been in splendid condition and large numbers are to be seen disporting themselves on the ice. There were several ice boats out, too, one with sail enough for Defender or Valkyrie.

MODEL SCHOOL.—The teachers in training at this school will soon be brought with their labors here. The written examinations begin next Monday, and by the end of the week the trying ordeal of teaching before the examiners will be over. On Wednesday evening the class was entertained by Principal and Mrs. Rae, and a very enjoyable evening was spent by all.

CHURCH NOTES.—The revival meetings which have been held in the Methodist church for seven or eight weeks past, have been closed. The Presbyterian choir furnished the music at Wick on Monday evening. They report a good time. Rev. Mr. McCann was absent last Sunday and Mr. Conroy occupied the pulpit.

PERSONAL.—Rev. Mr. McDowell, of Bow Marville, was in town Wednesday last week. Mr. Jas. McKnight is attending the Grand Division of the S. O. T. in Tilsonburg.

NOTES.—Mr. McKnight and the snow-plough form a popular combination just now. The K.O.T.M. lodge that was formed here during the past summer has

been broken up. One of our merchants, after a trial of the electric light, is going back to coal oil again. He says there is too much sizzling and sputtering about the modern apparatus. Mr. Jos. Cook has had the plate glass from his restaurant decorated in great style, with a portrait of her majesty in the centre. SPECTATOR.
