**Local Brevities.**  
—If winter does not speedily set in there will be a wood famine in town. The various yards are almost empty.  
—It is rumored that a fair dressmaker of this town has fallen a victim to Cupid, and will shortly change her state.  
—A Sunderland lady writes Dr. Neelands that he made her a successful fit after having eight sets of teeth made in Toronto and elsewhere.—37w.

—In nine cases out of ten the people who are the most subject to coughs and colds never think of having on hand a bottle of White Pine Balsam. At HERNIMAN'S.—42w.

—For a good honest healthy healing cough mixture give me White Pine Balsam. This is what a lady said to Mr. Higginbotham the other day. Price twenty-five cents at HERNIMAN'S.—43w.

—Mr. Anderson, who has the contract for the Balsam lake section of the Trent Valley canal, has submitted a tender for the extension of the canal in Bassett harbor, for cost of \$2,000,000.  
—"Hail glorious winter!" sang the bard:  
And then there fell a hush,  
Because the hall was walled of  
Ice straightway turned to slush.  
—The Rathbun Co. own 300,000,000 feet of hemlock, as well as a large quantity of cedar, in the ownerships of Grimshorpe and Anglesse, North Hastings, but that prospect of cutting the timber will last 16 years.  
—The investigation into the transfer of the Coburg postmaster's office from Mr. William Clarke to Mr. Charles Collier at the last general election has been concluded, and Commissioner Seeger will report very soon.  
—A large number of tickets have already been sold for the military concert to be given in the Academy on Dec. 15th by the band of the 48th Highlanders regiment, Toronto. It promises to be the event of the season.  
—The local agents for H. D. McCaffrey & Co., of Oswego, will this week begin shipping telegraph poles from points on the Midland division of the C.P.R. to 12,000 poles recently placed by the American Postal Co.  
—Freight rates on the I. B. & O. R. R. for wood have been doubled. Hereafter the charge will be 50c a cord for 17 miles—It is said that contracts for 3,000 cords have been cancelled by Toronto parties.  
—Miss Forbes having opened up rooms in the new building, William-st., is prepared to do up for repairing and remodeling of all kinds at reasonable prices. Rooms directly over F. Forbes's book and shoe store.—3817.

—A concert has been arranged to take place on Thursday, Dec. 17th, in the Academy of Music, under the auspices of the Central charity committee. The talent of the town has been procured. Watch for particulars later on.  
—We read on Monday when we stated that the wife of Mr. Jos. Wilson had met an accident; it was Mrs. J. Wilson, who lives near Maunders' hotel. We understand the town will have to defend an action for damages on a result of the accident.  
—The young ladies' mission band of the Cambridge-st. Methodist church, who are sending several boxes of goods to missions in Algoma district, have arranged to receive the goods at the Canadian Express Company, for which they feel very grateful.  
—The woman who, a couple of weeks ago, found the gold ring which she had lost, saw her pick them up, is known and will be presented unless she leaves them in the office of THE CANADIAN POST after seeing this notice.—42w.

—The reporters whose duty (and pleasure) it has been to report the doings of the town council for the past year, have been receiving the congratulations of their friends of late owing to the refusal of the people's representatives to vote them the customary \$10 a piece.  
—We understand that the Citizens' band have decided to conduct an open air skating rink this winter on the lot in the rear of the carling rink. They will erect a very large space to the height of about ten feet, and as the lot is fairly level they anticipate very little trouble in getting a first-class sheet of ice.  
—The last issue of the Catholic Almanac, published by the Sisters of the Precious Blood, Toronto, contains a very interesting sketch of the life and works of Very Rev. Monsignor Laurent, pastor of the Holy Trinity church. When space permits we intend to reprint it, knowing that it will interest very many of our readers.  
—A few of our citizens, outside of the town merchants, realize the value of the Rathbun agency to the town. Last Saturday night Mr. G. H. M. Baker, local agent, paid out over \$1,000 for the agency. He says that he and we may add that from May until November no employee expressed the slightest dissatisfaction.  
—Emma Jewell and Eliza Wallace, the two young women who were arrested last week charged with having stolen chairs from the residence of Mr. Thos. Brady, south ward, appeared before Magistrate McIntyre on Monday and were committed to jail by the county court and tried several sessions, which opened next day.  
—York county has passed a resolution to petition the legislature to prohibit the manufacture and sale of machinery with tires less than three inches in width. What will Victoria county do in the matter? The good roads is a question that fast throughout the province. The sooner the better.

—The Wilson Comedy Co. opened a week's engagement last Monday at the Academy to a thoroughly filled gallery, but rather light attendance. The comedy was "The Terrence O'Moree," was warmly welcomed by his numerous Lindsay friends. The play, "The Little Irish Collector," was a little better, and the production of several types of Irish character, and the specialties between acts made long waits noticeable by its absence.  
—There are very few business men who do not use and appreciate the Columbia Calendar issued yearly by the Pope Manufacturing Co., of Hartford, Conn., publishers of the Columbia bicycle. The calendar is now being issued, and contains a unique arrangement of dates that will prove very helpful and convenient to business men. The calendar is enclosed in a desk or hung upon the wall. Two five cent stamps will buy one.  
—Mr. C. E. M. Baker, local manager for the Rathbun Co., has a staff of assistants, are buying cedar swamps wherever offered, and it is just possible that the mill here will be enlarged to such an extent that Mr. Baker closed a deal with Mr. Matthew Ingram, of North Verulam, one of the best swamps in that township, and a gang of men are now at work getting out the cedar. The sawmill is under the foremanship of Mr. R. Menzies, of Fenelon Falls. The logs will be beached near the "Beehive,"

He has a lucky sister.  
Last Sunday Henry Fasgan, the young son of Mr. William Fasgan, of the east ward, narrowly escaped drowning, and may thank his sister Hattie that he is alive today. Mr. Fasgan lives in a house on the high bank opposite the house, and last Sunday he was out on a boat, and Hattie descended to the river bank for a pair of water, accompanied by her little brother, Henry. Miss Fasgan took an axe along to cut a hole in the ice, and while she was working Hattie descended to the river bank for a pair of water, accompanied by her little brother, Henry.
