A Manitowaning Woman Tells of Four Killings of 40 Years Ago - Her Story Comes From Walkerton.

Walkerton, Dec. 6 .- A strange woman, who claims to hall from Manitowaning, Manitoulin Islands, tells a story, which, if true, unearths one of the foulest crimes that was ever committed in Bruce County. The woman's story is as follows: Some 49 years ago a certain Dr. Brown, his wife and two children, moved

from the County of York to Invermay. in the Township of Arran. One of these children was the lady in question, and was then only three or four years of age. The boy was left at Collingwood, and the doctor and his wife and little girl went out to Invermay. They found shelter in a stranger's house, and next morning, after breakfast, the owner of the house and his wife, accompanied by Dr. and Mrs. Brown, went out into the woods. A few minutes after leaving the house the lady says she heard her mother scream, but the other children would not

let her leave the house to see what was the matter, The owner of the house and his wife soon returned, but would not tell what had become of her father and mother. The little girl continued to live with this family, and was passed off as their daughter. The lady maintains that a short time after the disappearance of her father and mother a stranger called at the house one night and never left alive. She claims that the man was murdered and his curpse buried at the end of the house. A few years later on the family moved to the Manitoulin Islands, and here again she had reason to suspect that a traveller was murdered by the same

The bones of the man whom she alleges was buried at the end of the house, are being dug for.

The Sirdar Astonished London by His Extraordinary Exhibition of Energy-Lord Strathcona and Lord Mountstephen Give £1,000 and £500 Respectively - The Latest News by Cable.

London, Dec. 5 .- Lord Kitchener has been astonishing London last week by an exhibition of the most extraordinary energy on behalf of his pet project, the founding of a Gordon memorial college at On Tuesday he said he wanted \$500,-

000 for carrying out the scheme. Being a man of action, he immediately started out to get it. He spent days and nights addressing all sorts of gatherings, from bankers, brokers and merchants in the city to actors and society men in the West End. Everywhere he has stated frankly and plainly that he wanted money and he has got it. Up to to-day considerably more than

half the sum required has been subscribed, and the fund is still growing. So great is the enthusiasm that it is not hard to believe the sum asked for will be made up many times over. As one Londoner put it, the appeal se far has only been made to the wealthy

classes for their pounds. Wait till the poor are asked for their shillings. When the memorial college is established and in working order, the children of sheikhs will be taught English and such elementary subjects as geography. Later on, other classes will be admitted and technical education will be included in the curriculum.

Lord Strathcona Chipped In. London, Dec. 5 .- The banking houses of J. S. The woman, who was shot in the head, died instantly, and the murderer died three hours afterwards.

The shooting was the result of jealousy. Lauzon had been paying court to the girl for some time, but she rejected his suit and recently married Richot. He then turned the weapon on himself.

Sold Papers and Asked Alms. Toronto, Dec. 5 .-- With all the evidences of poverty and neglect an old woman known as Mangaret Reld passed away in the General Hospital Saturday morning, after an attack of pneumonia. Nothing was ever known of her life, as she made no friends and always kept aloof. She had a decided dislike for any person who attempted to be genial towards her, and thought that they were after her money. She was a familiar figure around the streets, where she sometimes peddled apples, sold papers or solicited alms, and she had no particular place of abode. A scarch was made at her quarters, and in an old trunk filled with trinkets was found, among other things, a cheque for \$2,000 in the Bank of Montreal and a receipt for \$15. An address of a brother, James, was found, which read, "James Reid, Angoher P. O., County Tyrone, Tyheny Concession, Ireland."
