REV. J. W. MACMILLAN REVIEWS THE SITUATION.

A Fearless Criticism of Existing Conditions as the Rev. Gentleman Sees Them-Duties of Citizens and Coun cillors - Public Morals.

A very large congregation assembled at St. Andrew's church on Sunday evening, public interest having been aroused by the announcement that the pastor, Rev. J. W. Macmillan, would refer to municipal matters in his sermon.

The rev. gentleman took as his text Romans, 12: 8, "He that ruleth with diligence." In opening he said he would not speak to councillors, but to wants to see enforced, but it is not Glendenning, Sunderland; D. McDougcitizens and voters, whose servants the done. He then briefly reviewed the growth of responsible government and institutions since feudal times, when the serfs living in hovels about castle walls flocked at their master's call to do his bidding in fear and trembling. For the rights we now enjoy people have fought and suffered, and it was somewhat disappointing to find that in this town we are so badly served. He would take up matters under five headings. The first would be:

Citizens were no doubt aware that coming municipal elections would be sometimes from penitent men. the Public Library question; while the knew of one case of gambling that he council might properly have dealt with was prepared to have investigated. A sum of about \$650 would be required to operate the library or 1-3 of a mill in the \$ of assessment, or \$1 of an annual tax on a man assessed for \$3,000. ## A RAILWAY CONFERENCE.

Western Officials Give An Unqualified Denial to the Report That They Had Charged the Grand Trunk With Disloyalty to Them.

An important conference of railway officials took place at the Windsor Hotel recently when a number of railway men from the United States met the officials of the C. P. R. and Grand Trunk for the purpose of adjusting a number of matters, some action in reference to which was necessitated by the recent re-arrangement regarding traffic by the G.T.R. and C.P.R. upon the termination of the rate troubles between those two lines. All the details dealt with were of a technical character and having been satisfactorily arranged most of the visiting railway men left for different points in the United States last night.

Several of the Western officials gave an unqualified denial to the report that their lines had charged the Grand Trunk with disloyalty in connection with the recent resumption of traffic relations with the C.P.R. A Star reporter in the course of an interview with three of the leading western officials, Messrs. P. S. Eustis, general passenger agent, of the Burlington system ; Mr. A. F. Merrill, assistant general ticket agent of the Milwaukee system, and Mr. J. W. Lee, representing Mr. Caldwell, the chairman of the Western Passenger Association, was informed that the recent newspaper reports that the Western lines were charging the Grand Trunk system with disloyalty, were entirely unfounded, that there was not now nor had been at any time any lack of confidence in the present relations heretofore existing between the Grand Trunk and the Western lines, and the amiable settlement of grievances between the Grand Trunk and the Canadian Pacific had

their full approbation. The reports arose out of the fact that by the new arrangement with the C. P.R., considerable Western traffic originating on the G.T.R. is now handed over to the C. P. R. at North Bay, inslead of being handed over to the

Western roads at Chicago. The gentlemen present at yesterday's conference were Mesus P. S. Eust's, G. P.A. Chicago, Burlington & Quincy Railway; A. F.
