

OUR DAILY BREAD.
 Contributed to THE EXPOSITOR by J. Lawson.)
 SEPTEMBER 18.
 Blessed are they which are persecuted for righteousness sake: for the kingdom of heaven.—Matthew, v., 10.
 Blessed are they which for right suffer wrong: For to them does the kingdom of heaven belong.
 SEPTEMBER 19.
 Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake.—Matt., v., 11.
 Blessed are ye, when for Christ's sake abused, Reviled, persecuted, and falsely accused.
 SEPTEMBER 20.
 Rejoice, and be exceeding glad: for great is your reward in heaven: for so persecuted they the prophets which were before you.—Matt., v., 12.
 Be exceedingly glad, and rejoice in the Lord: For, laid up in heaven, how great your reward!
 The prophets before you were treated the same, And all who serve God shall for Him suffer shame.
 SEPTEMBER 21.
 For a day in thy courts is better than a thousand: I have rather to be a doorkeeper in the house of my God, than to dwell in the tents of wickedness.—Psalm, LXXXIV., 10.
 Within Thy courts I'd rather be, A single day, O Lord, with Thee, Than live a thousand days elsewhere.
 Its doorkeeper I'd rather be Than dwell in sin away from Thee.
 SEPTEMBER 22.
 For the Lord God is a sun and shield: The Lord will give grace and glory: no good thing will be withheld from them that walk uprightly.—Psalm, LXXXIV., 11.
 Our God he is a sun and shield; The Lord doth grace and glory give; Noe is ought that is good withheld From them that do uprightly live.
 SEPTEMBER 23.
 O Lord of hosts, blessed is the man that trusteth in thee.—Psalm, LXXXIV., 12.
 O Lord of hosts, for he shall not profit, Like Zion's mount, immutable, By all the powers in earth or hell.
 SEPTEMBER 24.
 Let all things be done decently and in order.—1. Corinthians, XIV., 40.
 Whatever we do, whatever we say, Whether we preach, or sing, or pray, Let decency and order all Our actions mark, both great and small.
 Good Farming.
 Our husbandry ought to be a mixed one, for only a mixed husbandry, combined with a rational rotation of crops, can preserve and increase the productiveness and the net profits of a farm.
 We have always to keep in mind that the ultimate object of farming is exactly that of any other business, viz., to make money. Therefore I do not hesitate to pronounce that farmer the best one who gains from his farm the largest net profit, provided his management is such a one that the source of his profits not only is not closed or diminished, but is increasing from year to year. To gain large profits for only a year or two, and in a way which destroys the source, is acting a good deal like the woman in the fable who killed the goose that laid the golden egg.
 The object of farming should be to derive from the farm products all the profit that can be made in a practicable manner, and to export as little bulk and as little material as possible, that is, to bring our farm product into the market in the most concentrated, condensed, and profitable form. This means, in other words, to sell them in the form of live stock, beef, pork, mutton, wool, cheese, butter, etc.—Dr. DeWorm, in the Chicago Tribune.
 It takes all our learning to be simple. He that is deservingly inclined to his own will, is ever most near to the wealth of God.
 When we suspect ourselves to be most miserable, then is the grace of God most favourable.
 Truth is the ground of science, the scale to charity, the type of eternity and the fountain of grace.
 Faith and the cross are inseparable; the cross is the shrine of faith, and faith is the light of the cross.
 Never expect to go to the throne of grace without having some stumbling block thrown in your way. Satan hates prayer, and always tries to hinder it.
 The Spectator says the following is the address on a letter posted at Hamilton a few days since:
 Postmaster, if ye would favor me This letter send across the sea, To Glasgow, Scotland, that mid Toon, Whence Spinnin' wheels gang rinnin' round; And Sandie Murdoch sings sae sweet At forty-seven Campbell Street; His "Lills upon the Doric Lyre" Are muckle praised through Lanarkshire. May he be happy for mony a day To sing the "Brecks o' Hodden Grey."
 A HELP-MATE INDEED.—Here is the kind of wives they have up in West Zorra. Listen to what the Embro Review says: "At this season of the year, when the labors of the harvest field are being conducted, it is no uncommon thing to hear men loudly boasting their capabilities as cradlers, binders, pitchers, etc., but the following performed by Mrs. Wm. Innes, of lot 27, near Brookside, in two consecutive days, will rather astonish some of our young men, and we doubt not the whole of the fair sex population. Mrs. Innes, during the first day, pitched twelve acres of good wheat, and the second day ten acres of heavy oats. Who among our lady friends would like to undertake the task? Echo answers, who?"
 THE SUN.—The sun is not burning out.—After the elapse of thousands of years we have the most incontrovertible evidence that the light of day is no less brilliant now than it was when man walked amid the groves of Eden. We may venture further back into the annals of time, and say that the sun of the past summer has shown with splendor equal to the radiant power which myriads of ages ere yet man appeared on this planet, stimulated the growth of those luxuriant forests which perished to form those vast beds from which we derive our coal. Not a ray less is poured out in any hour of sunshine; not a grain-weight of matter is lost from the mass of the sun. If either the sunshine were weakened, or the weight of the vast globe diminished, the planets would vary in their physical conditions, and their orbits would be changed.—Robert Hunt, F. R. S.

VINEGAR BITTERS
 PURELY VEGETABLE FREE FROM ALCOHOL
 D. WALKER'S CALIFORNIA
 Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the summer and autumn, and remaining so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.
Dyspepsia or Indigestion, Headache, Pain in the Stomach, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Irritation of the Lungs, Pain in the Region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.
Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Scrofulous Inflammations, Indolent Abscesses, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, &c. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.
For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.
Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life are subject to paralysis of the Bowels. To guard themselves, they should take a dose of WALKER'S VINEGAR BITTERS occasionally.
For Skin Diseases, Eruptions, Tetter, Salt Rheum, Itch, Scabies, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eye, Erysipelas, Itch, Scour, Discolorations of the Skin, Hemorrhoids and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.
Pin-Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine so venereal, no antihelmintic will free the system from worms like these Bitters.
For Female Complaints, in young or old, married or single, at the dawn of manhood, or the dawn of life, these Tonic Bitters display an influence that improvement is soon perceptible. No antivenereal medicine will free the system from worms like these Bitters.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
