ly have all readers lead in tuit. The training of children is of supreme importance to society, for right formation is infinitely better than reformation, to par ents, to teachers, to children. Many Important Subjects Dis- Training is possible and does pro duce its effects. In 1837 there were 60,000 in the prisons of Eng land: in 1891 there were only 6:500. General education was responsi Bright skies, large attendance, ble for this decrease. In 1895 there were 45,000 in the prisons of United States; 43,000 men, 2,000 women. The reason for the difference lies largely in the great er care in the training of girls.

Tran ing is equally applie ble to the moral and spiritual develop ment Psychology shows the re lation of sensations, nerves, low er nerve centres and higher nerve centres, and the wid. When a nabit is formed the lower nerve centres relieve the higher; thus the brain and the will are freed from exertion in that particular thing. A boy can be trained to think, and speak and act rightly, till right thinking and right doing become a habit. Right habits a: e just as possible as wrong habits and both are the resut of train ing. Repetition is the great agent in the formation of habit. The influences of heredity is

petent, but the influence of envir onemnt and training is vastly more so. This fact makes pro gress and civilization possible for other respects they were open to the human race. Habit is all pow erful here. Every voluntary act In the discussion that followed beats the track for a similar act Barristers, Solicitors &c., Lindsay, Ont it was made very plain that the and makes it more difficult for one of an opposite character. Habit is the mould into which lastic life is run to produce char acter. Sudden change or revolu tion in a life cannot always be de pended upon. Forgiveness of wrong and sin does not prevent Mr. Knight closed the morning the resping of its consequences. In the training or boys and girls lay stress on principles, not on

'don'ts" and 'mu-tn'ts' A wise parent easily makes a or or girl ies in the hous hold. There must they leave Emily, to take up residence in be fr e om for a child to do what is right. Self control the child they desired to express to Mrs. Best their must learn. "The boy must sow | sorrow of having to lose her from their his wild oats" is a vicious doctrine; midst and from the Church, in which she of historical pictures both for his- the cop is broken hearts, hlight and earnest worker. Rev. E. A. Langfeldt, ed lives, desolated homes, desper explaining to Mrs. Best the reason why so ate battles with sin.

How may the chil! be trained of lives, and proper judgements in right habits? First by start of men: the work in senior classes | ing him right at home and at | especially felt the separation, because of to be a synthesis of previous work school. The basis of all right act the great active part which Mrs. Best alfor both pupil and teacher, the not forced. Second, by making worked increased for the teacher home and schoo' stractive. Third keep a watchful care to see that Beiere she would leave the familiar spot el Fourth, be truthful yoursoil; lasting proof of their appreciation of Mis. Best's nelpand many kindnesses in presensee with whom the child plays. i reading in history it was decided And let every teacher and every regret that you are about to leave our midst parent remember that there is or our home wo:k.
