When Baby Comes You'll Need Strength

No Mother Can Bear a Healthy Child, Unless She is Stronger Herself.

FERROZONE

Imparts New Vigor—Braces Nourishes, Strengthens Weak Women.

A woman's anxieties multiply tenfold about the time the new baby is expected. If her strength is exhausted and her blood weak, it goes hard in the home of trial. Ferrozone should be used because it makes the blood nutritious and rich.

Childbirth is certainly made easier by Ferrozone. The following statement expresses the earnest gratitude of Mrs. M. E. Duckworth, of Durham. It is a woman's story—of her own case—told that other women may profit by her experience.

"Before baby was born I was in a miserable, weak, nervous state. I had no reserve strength. I tried to build up, but nothing helped me. I looked upon the coming day with dread, knowing I was unequal to the occasion."

Love laughs at Locksmiths and Snow drifts.

Messrs Norman A. and Ross Craig of Toronto, with Mr. Charles Noice, had a rather trying trip from Toronto to Minden on Tuesday last, being due here Wednesday forenoon for the wedding of the first named gentleman.

Arriving at Lindsay, they found the train on the Haliburton branch cancelled for the day owing to the snow blockade on that line. Nothing daunted the party started to drive through, and reached Fenelon Falls, where they got a fresh team, and started onwards on their journey through the night, after driving three hours in the storm, the driver found himself lost, so he turned back on his tracks, reaching Fell's Crossing after a 7 mile return drive, here the driver deposited his passengers on the railway track with their grips in hand to walk to Kinmount, 17 miles, where they reached a little after 5 o'clock in the morning tired out and nearly frozen.

After getting some food the party got a livery rig and made a start for Minden reaching here after over five hours struggling through deep snow drifts, and arriving in time to keep the wedding appointment.—Minden Echo.

MARRIED.

At the home of Mr. and Mrs. E. Noice, Minden, on Wednesday, Feb. 15th, Miss Florence Winnifred Noice to Mr. Norman A. Craig, of Toronto. The ceremony was performed by the Rev. J. E. Fenning.

Mr. Harry McQuade and Harry Clarke snow-shoed to Lindsay on Tuesday. They report a fine trip.

Mrs. A. Wilson is not much improved in health, we regret to learn.

Mr. Charles Nixon was in town Tuesday.

Miss Ettie Jewett was a visitor to Omeme the past week.

Mr. T. J. Parsons is busy fixing up the new store that he had put up to his store. He is having the new section made into a House-furnishing Dept., and when finished he will have one of the best displays of wall paper, window shades, room mouldings &c in the province. Mr. S. P. Mills has the contract of fitting up the new dept., which is a guarantee that it will be done right. We congratulate Mr. Parsons on this latest evidence of his enterprising spirit and hope that his business will improve in proportion.

Mr. Patterson, the new member for the Third Division lives in Ops, not far from Omeme. He is a young man whose only previous experience in legislating was a year—1901—in the Ops Council. Mr. Patterson is modest and unassuming, but he has a good grasp on municipal problems and those of his own district especially. He has the natural ability and inclinations that with experience rapidly develop good county council material. Mr. Patterson is Presbyterian and a Conservative.—Watchman-Warder.

NO MORE FOR OMEMEE.

Omeme High School Board asked for a further grant of \$300 to pay for the new building. Some members favored granting the request. Others argued that the \$500 given last year hands in favor, and four against—was enough. The vote showed five and the Emily members developed an incipient smile. But too soon. "It seems that the motion carries," said chairman Austin. "How do you vote?" asked a member who had noticed that the chairman had not used his prerogative. "I vote against it," replied the chairman. "That made a tie, which kills a motion, and the three hundred dollar smile of the Emily contingent faded away.—Watchman-Warder.

GIRL'S SECRET.

"Aunt Cassie came to visit us and she saw I was nervous, had the fidgets all the time, and she asked me many questions, and finally said, 'Why, you dear, sweet girl, it's not your temper that's bad, it's your constitution that's out of kilter. You sit right down now and write a letter to Dr. Pierce, at Buffalo, N. Y., tell him all your symptoms—and so I did. It wasn't long before I had a long reply, carefully going over my case and telling me just what to do. I date my present happiness and little Cupid's return to the very day I sat down to write that letter to Dr. Pierce, for his advice was so good and his 'Favorite Prescription' worked such a complete change in me that now my former cheerfulness and good health—not to say anything of good looks—are restored to me. I have summoned Tom back to my side and we are to be married in June."

The proprietors and makers of Doctor Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of the Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

It is natural that a woman who has been cured of womanly disease by "Favorite Prescription" should believe that it will cure others. It is natural too, when she should recommend to other women the medicine which has cured her. It is such commendation which has made the name of Dr. Pierce's Favorite Prescription a household word for the past thirty-eight years.

OBITUARY.

The Late Henry Toole.

The death of Mr. Henry Toole which sad event took place in Omeme on Tuesday, Feb. 7th, at the age of 79 years, removes another of our oldest and most respected citizens. Deceased had farmed until a few years ago, it is former farms at present are being worked by his sons, Messrs. Allan and Robt., both of Emily.

Mr. Toole was a very active and enterprising man, and assisted in building the Port Hope, Lindsay and Beaverton R.R. 40 years ago.

Politically he was a staunch Conservative, and an adherent of the Anglican Church. He had many noble traits of character, and his kind y acts will long be remembered.

The funeral to the Emily Cemetery on Feb. 9th, was largely attended, the Rev. J. H. Feney conducting the services at the church and grave.

He leaves a widow, two sons and a brother to mourn his loss. The bereaved relatives have the heartfelt sympathy of their many friends.

The Late Robert H. Gardiner.

The death of Mr. R. Gardiner, which took place at the Ross Memorial Hospital, Lindsay, on Feb'y 8th, removes one of the best known and most highly respected residents of Lindsay. His death was due to pneumonia that was contracted only a week previous. He had apparently been enjoying good health until that time, and had given the Mirror a call a few days previous.

Deceased had been a successful agent for the Chambers' Marble Works of Lindsay. He was born in the Township of Hope, on Nov 9th, 1841, and was consequently in his 64th year.

Mr. Gardiner was of a jovial disposition and had many warm friends throughout the Counties of Victoria and Durham. There is hardly a home in the said Counties that has not been visited by him, and he never wore out his welcome.

In politics he was a Conservative, and in religion a Methodist. He was married 33 years ago on Jan. 24, to Miss Margaret Purser. One son, Wm., a successful druggist at Victoria, B. C., and one daughter, Mrs. B. A. Rea, nee Miss Mabel, of St. Louis, Mo., are the surviving children of this union.

The funeral took place on Friday, Feb. 10th, to the Perrytown Cemetery and was largely attended.

A widow, one son, and one daughter, two brothers, Messrs. Wm. of Omeme, and E. W., of Peterboro—formerly of Millbrook, and one sister, Mrs. (Rev.) C. F. Burgess of Bethany, are left to mourn his loss, and to whom the heartfelt sympathy of the entire community is extended.

AN OPEN LETTER FROM MR. W. J. GAGE. TORONTO, Can., Dec. 1, 1904. DEAR FRIEND, We again come to you with our story of trouble, but a story of surprising and encouraging results. No apology is necessary; the great work of the National Sanitarium Association, carried on at the Muskoka Cottage Sanatorium and Free Hospital for Consumptives, is now well known. The 1,500 patients cared for in these two homes plead for your help. The large number of lives saved, of those who a few years ago were supposed to be "under sentence of death," gives a right to your sympathy. In helping to rescue a number great enough to constitute a large prosperous village, the giving back to home and friends a regiment of workers, surely will arouse interest in this work of mercy. Each patient cared for in our Consumptive Homes, removes a source of danger, so that the life of every citizen in Canada is more secure. The marvellous decrease of 40 per cent. in three years in the death-rate in Ontario from consumption proves that the fight against this dread disease is no losing one. The Muskoka Free Hospital for Consumptives, for which this appeal is made, without any endowment keeps an open door to all who are poor and sick, as long as a vacant bed remains. Nearly 400 patients have been cared for in this Hospital since it was opened less than three years ago. This has only been possible because of the continuous stream of gifts that have come to us from every part of Canada. Remember, too, these were patients that other hospitals as a rule refuse. Almost every trade and profession has sent its representative, and of every age—from the young schoolboy of 12 to the widowed mother of 80. \$26,000 was received last year by the Trustees of the Free Hospital for Consumptives through contributions and bequests. \$50,000 should be given this year if the Board is to provide for the increased accommodation and maintenance of those pleading for admission. Where will your money do so much good in bringing health to the sick and protecting the lives of those in your home? Why should consumption not be stamped out if the needful money and help be forthcoming? The official Report of the Secretary of the Provincial Board of Health tells a surprising story—a story of a winning fight, showing that from 1897 up to 1900 there was a steady increase in the death-rate from Tuberculosis. From 1900 there has been a large decrease each year, reducing the death-rate from 3,484 to 2,072 in three years, or over 40 per cent. This is all the more remarkable in view of the increase in population. You have the joy of knowing that your dollar has helped in this merciful work. The pitiful part of it all is in knowing how many more lives could have been saved if the needful money had been forthcoming to provide additional beds. Will you not join in this great life-saving work? Your dollar will bring gladness. Fifty dollars will keep a sick one for two months; may save a life. Three hundred dollars will endow a bed for a year. Yours sincerely W. J. Gage

WHAT THE GIRLS WILL WEAR According to Marian Kent, who writes on fashions for young girls, in the March New Idea Magazine the dainty dresses for this spring and summer are to be made of silk finished mohair, lansdowne, batiste and collette, besides the soft silks and the sheer fabrics. Hand-work in its charming simplicity still supersedes elaborate trimmings, and "very many dainty frocks are made entirely of material, utterly devoid of trimming and depending solely for decoration on the exquisite workmanship in the form of hand-run trucks, shirring, fagoting, piping, etc." Yokes, cut round or square are to be used a great deal, and the "drop yoke," as well as berthas and epaulets, will keep the broad shouldered effect still prominent. The skirts are to be still full, according with the prevalent '1830' ideas in cloths. Everything that can be done to a sleeve will be in fashion, and puffs, shirring and ruffles will hinder the very rapid arrival of the leg o' mutton, which is again coming to view.
