**MADE A DIFFERENCE.**

"I say," said Berkeley to his wife yesterday at dinner, "you didn't say anything to anyone about what I was telling you the night before last, did you? That's a secret."

"A secret? Why, I didn't know it was a secret," she replied regretfully.

"Well, did you tell it? I want to know."

"Why, no, I never thought of it. I didn't know it was a secret."

**WEAK LUNGS.**

Made Sound and Strong by the Use of Dr. Williams' Pink Pills.

Weak lungs mean weak health, continual coughs and colds—touches of grip and bronchitis, then deadly pneumonia or lingering, hopeless consumption. Weak lungs are due to weak blood. The one sure way to strengthen weak lungs is to build up your blood with Dr. Williams' Pink Pills. Every dose makes rich, red blood, and every drop of rich, red blood adds strength, vigor and disease-resisting power to weak lungs. Thousands of weak-lunged, narrow-chested men and women have been made sound, healthy and happy by the use of Dr. Williams' Pink Pills—and they will do the same for you. Mrs. J. D. Naismith, Winnipeg, Man., says: "I contracted a severe cold, which developed into bronchitis and lung trouble. The best of doctors and many different kinds of medicine failed to help me, and my friends all thought I was going into rapid consumption. I had no appetite, was forced to take to bed, and felt that only death would release me. My brother urged me to try Dr. Williams' Pink Pills, and to please him I began them. A few boxes proved they were helping me, and I began to get real strength. I continued the use of the pills and was soon able to leave my bed and sit up. I grew stronger day by day. The cough that had racked me almost beyond endurance disappeared, my appetite returned, and I am again strong and healthy, much to the surprise of all who saw me while I was ill. Dr. Williams' Pink Pills cured me after other medicines failed, and I shall always praise them."

Bear in mind that substitutes and ordinary medicines will not cure. See that the full name, "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around every box or sent post paid at 50c. a box or six boxes for \$2.50 by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

**SETTLER'S LOW RATES WEST.**

- \$25.00 to Ashland, Roseburg, Eugene, Albany and Salem, via Portland.

Tickets on sale Feb. 15 to April 30, 1903.

From Chicago and St. Louis proportionately low rates are in effect by lines connecting with the Union Pacific at all above points.

For full information call on or address F. B. Choate, G. A., 126 Woodward Avenue, Detroit, Michigan.

H. F. Carter, P. P. A., 14 James Building, Toronto, Canada.

**There is now a settlement containing 600 persons on the top of Mount of Olives.**

"It is a Great Public Benefit." These significant words were used in relation to Dr. Thomas' Electric Oil, by a gentleman who has thoroughly tested its merits in his own case—having been cured by it of lameness of the knee, of three or four years' standing. It never fails to remove soreness as well as lameness, and is an incomparable pulmonary and corrective.

A sentry, an Irishman, was on post-duty for the first time at night, when the officer of the day approached. He called, "Who comes there?" "Officer of the day," was the reply. "Then what are you doing out at night?" asked the sentry.

**"BLUFF" WILL NOT.**

Shoddy character and counterfeit worth can impose on the world for a time. People have found this out. Many young men to-day are trying to make "bluff" do their work, and accomplish the results of honest training and solid education. Strangely enough, they sometimes seem to succeed in keeping up the deception for years. So long as their boasts are not questioned, so long as they can load the work of the responsibility upon more competent shoulders, they impose on the world, and are apt to get higher reputations and larger salaries than more worthy and more modest men. But bad work will not always be accepted, cheap expedients will not always avail, props and crutches will not always be at hand, and mere boasting will not always be accepted as ability. Some day, in the midst of a panic or emergency, the pretender is found out, and shame and disaster are his only portion.

**A CONJUGAL SCENE.**

A certain professor's young wife lately tried to make an impression on the mind of her husband by bursting into a flood of tears.

She did not get much by it, however, for, shaking his head, he observed:

"Come, now, cease crying; tears are not good for much. I have tested them chemically. They merely consist of a little phosphate of lime and chloride of soda, but for the most part nothing but insipid water."

"That may be," rejoined his wife, "but I should like to know whose tears you have been experimenting with."

**MISTAKE AT THE START.**

Pursuant to notice the women of Outsomehurst had met to organize a club.

Mrs. U. May Ledus was elected temporary president, and took the chair.

"Ladies," she said, rapping for order, "will some one please state the object of the meeting?"

"At the hour of going to press every person present was frantically trying to state it."

**HOW TO MAKE BABY SLEEP.**

You can make baby sleep by giving him lullaby and the "soothing" stuffs which invariably contain opiates. But no sensible mother will do that. The way to make baby sleep happily and in comfort is to take away the cause of his wakefulness. This cause is located in his little inside—nowhere else. Babies seldom have anything the matter with them but their stomachs, and it is safe to say that the baby who cries unreasonably is complaining of his stomach. There is no ailment of a baby's stomach that Baby's Own Tablets will not cure. My baby used to be very restless and sleepless, but since giving him Baby's Own Tablets, he is better natured, sleeps better and is better in every way. These Tablets cure all the minor ailments of little ones, and it is safe to say that the very youngest baby. You can get them from any druggist, or they will be sent post paid at 25 cents a box by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

**THE TORONTO NEWS SAYS:**

"The Massey-Harris Company not only occupies a foremost place among Canadian manufacturing concerns, but the amount of capital invested in the business, the number of men which it employs, and its vast operations, entitle it to a place among the great industrial concerns of the continent. Outside of the United States, where the high tariff makes it practically impossible for a foreign company to do business, the Massey-Harris binders and mowers are known and appreciated wherever agriculture is carried on under modern conditions. The company has had, and has yet, many keen rivals, even for the trade of the Dominion, and it is entirely owing to the merit of the implements which it turns out that it has been able to build up the world-wide trade which it now possesses. The heads of the Company are among the most experienced and enterprising business men in the Dominion, and the success which has attended it ever since its establishment is, no doubt, largely owing to the fact that they have always been on the alert for improvements, and have never rested satisfied with their agricultural machines, no matter how well they might work, while there remained any chance of increasing their efficiency. Those who remember the old factory in which the company conducted its business for a number of years, have only to look at the immense workshops of to-day, covering acres after acres of ground on King street west, to realize the enormous development of this business. But, besides the Toronto factory, there is one in Brantford as well, and the two employ nearly twenty-five hundred men. It will be readily seen that the output of so much labor must be enormous, especially when the fact is taken into consideration that the machinery used in the manufacturing is of the very highest grade, and that every time-saving and labor-saving invention which tends to cheapen or hasten production is employed. In Australia and South Africa the Massey-Harris binders are nearly as well known as in Canada, and the annual increase in the trade with those colonies shows conclusively that they are making their way into general favor. The Massey-Harris implements have played no inconsiderable part in building up Manitoba and the Northwest, and have done magnificent service in clearing and lightening the labor of the pioneer and softening the hardship which must necessarily be feared by those taking up homes in a new and unsettled country."

**How's This!**

We offer One Hundred Dollars Reward for every case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. CHENEY & Co., Toledo, O.

J. Cheney for the last 15 years, and believes him perfectly honorable in all business transactions and financially able to carry out any obligations made by them. Send for circulars to W. S. & J. W. Allen, Wholesale Druggists, Toledo, O. W. S. & J. W. Allen, Wholesale Druggists, Toledo, O. W. S. & J. W. Allen, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists.

Hall's Family Pills are the best.

**Young Physician's**—"No, my practice is not yet under way. It would seem as if nobody was going to get ill any more." "What's that?" "I got engaged; that would make all my girl friends feel ill."

**For Ourselves**

As Old and Well-Tried Remedy—We have analyzed the health of our children with the use of Dr. Thomas' Electric Oil, and we can say that it is a most valuable remedy for all ailments of the head, neck, and throat. It is sold by all druggists in the United States and Canada.

**Miner's Liniment**

It was after dinner, and the little company of travelers were exchanging stories of their most startling experiences. Each had told a thrilling and all eyes looked at Rawlinson.

"I had a terrible experience once," he said. "The memory of it haunts me now. I inflicted the most awful lightning on the language you are able to serve to imagine upon a fellow-creature."

"I was in Germany that happened. I didn't know the language very well, and I suppose I must have made some blunder in addressing a very fine-looking chap at a hotel there. What it was I don't know; but at any rate the fellow had been insulted, and demanded a duel on the spot."

"One of us," he declared in tones of fearful wrath, "shall never leave this room alive!"

"I know him to be an expert swordsman. But was I afraid?"

"So let it be," I said. And then I rushed out of the room, locked the door behind me, and left him there to die!"

**Johnny**—"I wish my folks would agree upon one thing, and not keep me all the time in a worry." Tommy—"What have they been doing now?" Johnny—"Mother won't let me stand on the patience of the class. 'By earthquakes," replied the boy; after which the examiner found that he had had enough of that class.

**How's the earth divided?** asked a pompous examiner, who had allowed room on the patience of the class. "By earthquakes," replied the boy; after which the examiner found that he had had enough of that class.

**A FAIR EXCHANGE.**

Pessimist—"What makes you an optimist?"

Optimist—"Looking at dismal chaps like you. What makes you a pessimist?"

Pessimist—"Looking at cheerful chaps like you."

**A STRONG RESERVE FUND.**

Feature of the Report of the British America Assurance Co.

A most satisfactory feature of the annual report of the British America Assurance Company, which appears in another column, is the substantial addition to the reserve fund of \$90,819.21, which brings that fund up to the very large figure of \$702,321.17. The report shows too, that the balance of income over expenditure was \$173,713.63, which paid two half-yearly dividends at the rate of 6 per cent., allowed for the writing off of the company's professional securities amounting to \$22,894.42, and permitted the large increase to the reserve fund mentioned. The estimated liability on policies current at the close of the year is \$662,312.77, an amount ample to run off existing risks. In moving the adoption of the report reference was made by the President, Hon. George A. Cox, to the future, which he considered sufficiently encouraging to warrant shareholders in anticipating equally favorable results in the coming year as they had experienced during the past. It is interesting to note that the report revealed a 69th annual report, a testimony to the strength and stability of the company.

**Ask for Minard's and take no other.**

"He offered her his hand and fortune." "Did she accept?" "No; the first was too large, and the second too small."

There never was, and never will be a universal panacea. It is a remedy for all ills to which flesh is heir—the never failure of many curatives being due to the fact that the germs of other and differently named diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound unadulterated state, a remedy for many and grievous ills. It is gradual and judicious use, the finest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid depression has taken hold of the system, and, by tranquilizing the nerves, disposes to sound and refreshing sleep. It invigorates the action of the blood, which being stimulated, courses through the veins, strengthening the healthy elements, and driving out the morbid, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—results, improved appetite, Norchip and Lyman of Toronto, have given to the public their superior Quinine Wine at the usual price, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

Gladys—"I thought you said he was rich?" Mildred—"Oh, no! I merely said he had more money than brains."

Dear Sirs—I have been a great sufferer from rheumatism, and lately have been confined to my bed. Seeing your MINARD'S LINIMENT advertised, I tried it and got immediate relief. I ascribe my restoration to health to the wonderful power of your medicine.

LEWIS S. BUTLER.

In 1877 only 6 per cent. of British children were unvaccinated. Now the proportion of abstention from infant vaccination has risen to 34 per cent. in towns and 25 per cent. in country districts.

**WHEN YOU'RE RUN DOWN**

Just build up your system with the great South American Nerve and Nerve Food, that is quick-acting and most thorough in its action. Will put every organ in the body in good working order, and speedily and permanently drive out of the system a new nervous energy, and fills the system with health, vigor and rich red blood.

**THE FROST WIRE FENCE CO.,** WELLAND, ONT. WINNIPEG, MAN.

The Annual Meeting of the Shareholders was held at the Company's Office, Toronto, on Monday, February 23rd, 1903.

The President, Hon. Geo. A. Cox, occupied the chair, and Mr. P. H. Sims, who was appointed to act as Secretary, read the following ANNUAL REPORT.

In presenting the Sixty-Ninth Annual Financial Statement of the Company, the Directors have pleasure in calling attention to the following most prominent features shown in the year's accounts:—

The Balance of Income over Expenditure is \$173,713.63

There has been written off Securities to bring them to actual Market Value at December 31st \$ 7,894.42

And written off of the Company's Premises and Furniture 15,000.00

Two Half-yearly Dividends have been provided for at the rate of 6 per cent. per Annum, being 60,000.00

The Balance, being the amount by which the Reserve Fund is increased, is \$90,819.21

Compared with the business of the preceding year, the Premium Income shows an increase of \$164,794.00, while Losses show an increase of \$18,171.00.

The estimated Liability on Policies Current at the close of the year is \$662,312.77, an amount ample, according to the Company's past experience, to run off existing risks.
