

LOVE DIES.

Mrs. Ella Wheeler Wilcox says there comes a time in the course of married love when the thrill goes out of the hand-clasp and the kiss at times, and it is then that husband and wife may be susceptible to other magnetic personalities. The reason for this condition of affairs is often the fault of the husband, but how often is it not due to the wife's nervousness and irritability due to some trouble with the organs peculiarly feminine—the wife under such circumstances feels languid and spiritless—she suffers perhaps from headache and sleeplessness.

Another Highly Respected Citizen Died on Monday.

On Monday last another of our citizens, in the person of Mr. James Graham, passed away after a lingering illness. Mr. Graham was of kindly disposition, and was highly respected by a large circle of friends. In politics he was a staunch conservative and in religion an adherent of the Episcopal church.

He leaves to mourn his loss, a widow and two sons, Messrs. David, of Omeme and Joseph, of British Columbia, all of whom have the heartfelt sympathy of the many friends in their irreparable loss.

HOW IT SPREADS.

The first package of Dr. Leonard's Hem-Roid (the infallible Pile cure) that was put out went to a small town in Nebraska.

It cured a case of Piles that was considered hopeless.

The news spread and although this was only two years ago the demand prompted Dr. J. S. Leonard, of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of Piles. There is a month's treatment in each box. Sold for \$1.00; with absolute guarantee.

It is for sale by druggists, or by The Wilson-Fyle Co., Limited, Niagara Falls, Ont.

MUCH MORE POWERFUL.

Professor Smith was once lecturing on natural philosophy, and in the course of his experiments he introduced a most powerful magnet with which he attracted a block of iron from a distance of two feet

"Can any of you conceive a greater attractive power?" demanded the lecturer, with an air of triumph.

"I can," answered a voice from the audience.

"Not a natural terrestrial object?"

"Yes, indeed."

The lecturer, somewhat puzzled, challenged the man who had spoken to name the article.

Then up rose old Johnny Sowerby. Said he: "I will give you facts, professor, and you can judge for yourself."

"When I was a young man, there was a little piece of natural magnet done up in a neat cotton dress as was called Betsy Maria. She could draw me fourteen miles on Sunday over plowed land, no matter what wind or weather there was. There was no resistin' her. That magnet o' yours is pretty good, but it won't draw so far as Betsy Maria!"

Even the worst colds, sneezing, sniffing colds with running eyes are stopped very quickly when the balsamic vapor of Catarrhozone is inhaled. Catarrhozone acts like a charm on colds, kills them outright, prevents their return an hour later. For colds, catarrh and throat trouble use only Catarrhozone. Complete outfit \$1.00, trial size 25c. at all druggists.

The basket social at Bethel was a grand success. The crowd was large, quite a representation from Smith, Orange Corners, Frank Hill and Omeme attending. The program was an excellent one, each number being vociferously applauded. The audience gave good cheer. Among those taking part were the Misses Lily and Amy Parsons, E and Switzer and A. Mills and Messrs. J. D. Thornton, M. Ruth, E. Switzer and G. Mills. The baskets sold well. Proceeds amounted to the handsome sum of \$39.05. Mr. W. H. Galagher, teacher, and the energetic committee are to be congratulated.

50c. will pay for the Mirror till Jan. 1st, 1906.

Mr. Thomas Black's many friends, (learning that he was about to leave for Peterboro where he has received an excellent position) made it the occasion for presenting him with a hand some gift, as a slight token of their esteem and his hearty good wishes. Mr. Black has, by his affable manner, won for himself a warm place in the hearts of our citizens, who will join in wishing him continued prosperity in his new home. By his departure Omeme loses a good citizen and Peterborough gains one.

If You Don't Sleep Well.

It's because your nerves are in a weak irritable condition. Ferrozone will make them strong and correct the trouble causing your insomnia. "I fell into a state of nervous exhaustion last fall" writes Mrs. J. Stroud of Dexter. "I was run down, couldn't sleep and perfectly miserable.—Tried Ferrozone and was quickly benefited. I can recommend Ferrozone to any one suffering from overwrought nerves and sleeplessness." No tonic is better, try Ferrozone. Price 50c. at druggists.

PROF. NELSON ON A TIMELY TOPIC

It is a matter of etiquette, of course, with us fellows, we don't like to make marks or criticisms on brother fellows, but my opinion is that the salaries are too large and do heads are too small of the university fellows. Dar has been some queer work going on for some years past and do public an entitled to a clear investigation. How some of do appointments of do fellows are made is a matter of real interest the uninitiated. Take the fellows of Dukoborology for instance, why dat man habn't got even a common B.A. from any recognized university in do world. I heard a conversation between the late Sir Oliver Mowat and another gentleman high in political affairs, dat he was compelled to make do appointment owing to the pressure brought to bear through do quarterly sessions of a Glasgow Presbyterian church. Yes sah! We hab to keep up a fine lot of sick allecks, all feeding at do public crib.

Just fancy do lot of fellows dat habn't do down town newspaper offices, one dat runs about like a wet hen in a thunder storm. Why don't these gentlemen der own business? Most of dem get \$3,000 a year. You would think dat was sufficient. Day am hungry for social notoriety an' five o'clock tea, an' jus' show'n thir ugliness among do grass widows and other unfortunate persons.—Once-A-Week.
