Gen. Buller Moving to Join to wait until they see a sample before. Forces With Lord Roberts.

London, Tuesday, May 15 .-While Gen. Roberts is apparently halting at Kroonstad to repair the railway and bring up his trans- tures. port, the chief interest in the S. African campaign once more centres in Natal. There is as yet no official news of Gen. Buller's move which began Thursday, and, according to several correspondents was admirably carried out, and completely successful. The unofficial reports are meagre and do not enable a reliable estimate to be made of the strength of the Boers in the Biggarsberg range. Apparently, however, a determined stand by a concentrated force was not intended, and the com-

It assumed here that the movement aims, after clearing the Biggars berg, to secure Van Reenen's and the other passes in the Drakens ises, Lot 11, Con. 5, Emily, dur- berg, thus enabling a junction with Gen. Roberts.

There is little news from other places. The British operations in the Free State east of the railway are not reported. ### LORD ROBERTS The Pride of the British EMPIRE.

We are pleased to be able to announce to our readers that we are contemplating arrangements with a large publishing firm for a handsome picture of the great general, Lord Roberts, the pride of Tommy Atkins, and of the nation to which he belongs. The picture will be an exact reproduction of the original painting by a famous artist. Every subscriber to the Mirror will have an opportunity to secure a copy of this picture and our readers would do wel securing an inferior picture at greater cost. A further announcement will shortly be made. We might say, as a guarantee that the picture will be all we claim it to be, that the publishers of the picture are the Family Herald and Weekly Star of Montreal, who are noted for the excellence of their pic-

#### The Salvation Army.

It may be a matter of surprise to many of our readers to discover that the balance sheets of the Salvation Army in the various countries ih which it operates, shows that the total savings effected by means of self-denial (which is the same effort as now it is locally engaged in) last year amounted to the startling sum of \$400,000 00. This is all the more astonishing when it is taken nto consideration that the great majority of the Army's followers are poor

We learn that in this territory this year the Army is endeavoring to raise paratively slight opposition to the the total sum of \$20,000.00, with one British hereto reported indicates half of which amount it purposes esthat the fighting was a rear guard tablishing the nucleus of a Pension 9-1v defence, covering the Boer retreat, Fund for the relief of its invalided ofwhich some reports say began ficers worn out by years of faithful ser-
