Would it not be worth the trouble to take some steps for making known abroad the advantages afforded by Omemee as a summer resort. Beautifully situated, within easy reach of lake and river fishing, quiet and possessing the conveniences of civilization, we believe that Omemee would attract many to spend the season, if they but knew what a delightful place it is.
The Town Council should at once give Mr. West, father-in-law of Dr. G. S. Cameron, some encouragement to start a hub factory here. It would be making a long stride toward helping on the town's interests as well as the community's at large. About a dozen men would be employed in the factory and this alone would be a great boon to the town as laboring men and mechanics spend their money in the town where they make it, and the more men of this class that can get steady employment will be for the town's interests. Let a move be made in the right direction.
A most pleasant time was spent at the home of Messrs. Wm. and James Fowler, sons of Mr. James Fowler, Sr., of Smith, on the Queen's Birthday. About forty relatives were present and the event proved a big success. Mrs. Wm. Fowler had prepared a bounteous repast for the occasion, and all were loud in their praises of her ability in this line, and after having done ample justice to the many delicacies, a most pleasant time was spent in conversation, games, etc. The National Anthem was then sung and three rousing cheers were given for Her Gracious Majesty, Queen Victoria, and after thanking the host and hostess for their kind hospitality, all repaired to their different homes at an early hour, having enjoyed the outing immensely. It will be well to mention that Messrs. Wm. and James Fowler purchased the farm on which they live about ten years ago, and have since paid for it by their industry and strict attention to their labors. They also own the Traverser Cheese Factory, situated on the premises and have it rented to a Mr. Chittick. The Mirror joins in wishing that they may long live to enjoy their comfortable home.

The Firemen's Demonstration at Millbrook on the 24th, was, as usual, a big success. The weather was all that could be desired and a large number took advantage of it and went to the above town to enjoy the day's sports. In the morning a baseball match took place between Mount Pleasant and the local nine, resulting in victory for the visitors by a score of 15 to 10. Both clubs put up a good game. In the start it looked as though the home team were going to be easy victors, but after the third innings the Mt. Pleasant team did some excellent playing and soon had the score in their favor, which they kept to the close of the game. Millbrook nine, with a little more practice, will make it interesting for their opponents in the return match. The Mount Pleasant boys, however, are to be congratulated on winning the first game of the season and on their skillful playing.
In the afternoon the principal feature was the horse races, which proved exciting and very interesting. The bicycle races were not as good as on former occasions, there being only boys to participate in them, who won their prizes without much effort. The concert in the evening was very largely attended and the program was excellent. The stars of the evening were Fred. W. Wray, of Toronto, Comic Singer, and Ben Holloway, Toronto, Coster Singer. The Citizen's Band enlivened the days' proceedings with several selections of choice music. The Firemen are to be congratulated on the successful termination of their celebration.

R. B. ALLAN & CO. LINDSAY,
