of Women's Sample Costumes, Waists, Rain Coats and Light Weight Jackets at Manufacturers' Cost.

A lucky purchase for us, a great opportunity for you to save money. It is'nt a long story - a certain cloak manufacturer in Montreal made an assignment.

The bank, being the largest creditor, wound up the estate, and you know how quickly banks clean up estates. Well this firm had all their New Spring Samples in the hand of n their travelling men on the road and they also had a considerable stock on hand ready to ship when they became insolvent. All these samples and stock were sold at big price concessions. We secured our share of the plunder and now offer this lucky purchase to you at

A Third to Half Less Than Regular Prices.

The lot consists of New Sample Waists, Costumes, Raincoats, and Light Weight Top Coats. They are all in this season's most up-to-date styles, and as clean; crisp and new as can be had anywhere.

As most of them are samples and only one or two of a kind you will feel all the happier that the bargain can't be duplicated many times in similar styles.

There are too many styles to attempt any description here, but will ask you to come to the store and see for yourself. The following list of prices will give you an idea of how much you can save by coming here to buy :

A BUSINESS MAN'S LETTER.

Wm. Thomson, Esq., of Orillia, Vice-President Standard Chemical Company of Toronto, Tells of a Visit to the Muskoka Free Hospital for Consumptives.

GREATLY IMPRESSED WITH WORK BEING DONE.

Personally Raises Several Hundred Dollars to Help Lessen the Load of Debt.

There can be little doubt that the National Sanitarium Association is handicapped in its great work for Consumptives in the fact that its two institutions in Muskoka are far away from any large centre of population. Few people have an opportunity to see for themselves the magnificent work that is being done.

These hospitals are away from the public eye. Any, however, who do visit them, are united in their commendation of the splendid appointments of the place, and, best of all, of the real joy and hope that is being brought to many suffering ones. We are glad to have the opportunity of publishing the following

letter from Mr. Wm. Thomson, of Oriilia, one of Canada's best known

lumbermen, which tells what he has seen himself. It reads:

CRILLIA, Ont., November 2, 1903. W. J. CAGE, FSQ., Chairman Executive Committee

National Sanitarium Association, Toronto, Out.

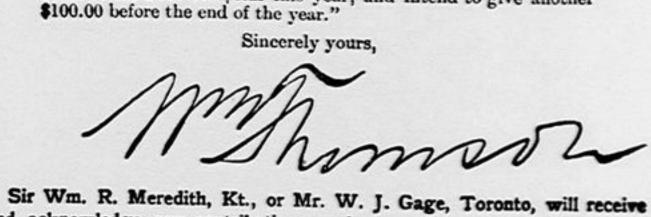

My Dear Mr. Gage,-I have much pleasure in enclosing herewith choose for One Fundred Dollars (\$100.00) from the Tudhope Carriage Company of Crillia, a donation to the Free Hospital for Consumptives at Gravenharst. Please acknowledge

this to the Tudhope Carriage ompany in the usual way. I have written to a number of my friends, to try and get them interested in this good work. I hope to be able to send you further donations I have written my friends a personal letter, something similar to the following :

"Last week I paid a visit to the Free Hospital for Consumptives at Gravenhurst. I met some of the management there, and promised to try and interest some of my friends in this work. "I might say there were 49 patients there last week, all poor people, most of them without a dollar in the world, and suffering from the dreadful disease. Consumption. There are many sad stories, and I know I have thought a great deal about the work of

the institution ever since my visit there. I do believe it is worthy of assistance, and we who have health and the necessaries of life should encourage this work along. "I understand the expenses lately have been double the income, and unless the management meet with more encouragement, I am afraid the work will have to be curtailed. I know you have many calls. but I do wish you would give this matter a thought, and, if possible, assist. I have written to two or three confidentially, and hope to be able to collect some more for this work. Should you not feel like contributing a donation, remem-

ber this request, and your reply is just between you and me, and strictly confidential. "I might mention, to show that I have confidence in the work, I have already given a donation of \$100.00 and two row boats to the Free Hospital this year, and intend to give another
