FISH DIET BAD FOR VOICE.

Fine voices, it is said, are seldom found in a country where fish or meat diet prevails. Those Italians who eat the most fish (those of Vaples and Genoa) have few fine singers among them. The sweet voices are found in the Irish vomen of the country, and not of the towns. Norway is not a country of singers, because they eat too much fish; but Sweden is a country of grain and song. The carnivorous birds croak; grain-ceting
