DEATH OF MRS. J. McMAHON.

Once more we are called upon to chronicle the death of another of our most highly respected citizens in the White was pretty sore, I reckon, at my person of Mrs. Joshua McMahon, which sad event took place on Mon-

day last, at the age of 74. Deceased was born in the County of Fermanagh, near Drum, Ireland, and Last week's trip was elegant-the came with her parents to Canada when about three years old, settling in Hope, where she resided until 1856. She was united in marriage to Mr. McMahon on May 9th, 1853. They came to Millbrook on April 21, 1857, and have I was lucky from the start; Black didn't resided here since, with exception of about two years at Brunswick.

They were blessed with a large family of five sons and six daughters, but | Poor old Black, he tramped all day and only six survive their mother, viz: Messrs. Mrs. McMahon was a member of the Methodist Church, and was beloved by all her acquaintances. Her kindly disposition and true christian spirit has been productive of much good, and those who knew her best can only retain most pleasing memories of her beautiful life.

CENTREVILLE.

We regret to notice the death of Mrs. A. Christie, relict of the late Andrew Christie, who passed away to her eternal rest last Saturday, at the residence of her son, Mr. Ed. Christie, west of here about two miles.

The deceased was a devoted wife and loving mother, who always had the welfare of her children at heart and never thought any sacrifice too great to make on their behalf, and being of a kind and cheerful disposition she won for herself many friends, who we are sure will join us in tendering sympathy to her relatives in their sad bereavement. There were several handsome floral tributes, showing the respect in which the deceased was held.

On Sunday evening her remains were interred in St. Paul's Ceme- Total for Ministerial Purposes tery. She leaves behind her three sons and two daughters. It is much easier for a woman to confide in the average man than in the average woman. She knows that the man will respect her confidences and keep them to himself. He is strong, has more experience of the world and can help the woman who needs advice. There is every reason why women should not trust their delicate constitutions in the hands of unskilled persons. It requires a thorough medical education to appreciate and understand the womanly organism. When a woman has ills and pains that she cannot bear -when life seems dark for every woman, she should confide her troubles to a physician of standing in the community, or one who has a national reputation. Certainly it would not be the part of wisdom to confide in an ignorant person without medical education simply because she was a woman. There is every reason why she should write to some great specialist, one who has made the diseases of women a specialty for a third of a century, like Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. All his correspondence is held sacredly confidential, and he gives his advice free and without charge.

So uniformly successful has Dr. Pierce's Favorite Prescription proven in all forms of Female Weakness, Prolapsi, or Falling of Womb, and Leucorrhea, that, after curing the worst cases of these distressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay \$500 in cash for any case of these diseases which Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.
