It's too risky, playing with your cough.  
The first thing you know it will be down deep in your lungs and the play will be over. Begin early with Ayer's Cherry Pectoral and stop the cough.

Three doses, 5c., enough for an ordinary cold. Just right for bronchitis, hoarseness, hard cold, etc. It is most economical for chronic cough and to keep on hand.

### ONE LUNG

May be gone and yet the remaining lung will be amply sufficient to sustain a vigorous vitality. As a general thing few people make more use of both lungs than is equivalent to a healthy use of one lung.

These facts are all in the favor of the man or woman with weak lungs, even when disease has a strong grip on them. Many a person living in health to-day has the lungs marked by the healed scars of disease.

Dr. Pierce's Golden Medical Discovery makes weak lungs strong. It cures obstinate, deep-seated coughs, bronchitis, bleeding lungs and other conditions, which, if neglected or unskillfully treated, find a fatal termination in consumption.

Those who suffer from chronic diseases are invited to consult Dr. Pierce, strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

"A struggling, modest lawyer near Stroudsburg, this State," says The Philadelphia Times, "received a call from a well-to-do farmer, who was in need of professional advice concerning his rights which he thought were ignored by a section gang on the Delaware, Lackawanna & Western Railroad. The lawyer looked up the statutes, told the farmer exactly what he should do, and when asked as to the fee, replied, 'Well let's call it only \$3.' The farmer passed over a \$5 bill, which seemed to embarrass the lawyer, who searched through his pockets and the drawers of his desk. Then he pocketed the \$5, reached for a digest, sat down and remarked, 'I guess, Neighbor—I'd best give you two dollars' worth more advice.'"

The late King of Prussia once sent to an aide de-camp, Col. Malachowsky, who was brave but poor, a small portfolio, bound like a book, in which were deposited 500 crowns. Some time afterwards he met the officer and said to him:—

"Ah, well, how did you like the new work which I sent you?"

"Excessively, sir," replied the Colonel; "I read it with such interest that I expect the second volume with impatience."

The King smiled, and when the officer's birthday arrived he presented him with another portfolio, similar in every respect to the first, but with these words engraved upon it:—

"This book is complete in two volumes."—New York Times.

The Old Boys, of Victoria County, now residing in Toronto, organized recently and are contemplating running an excursion homewards this fall. Nothing definite has as yet been decided but with a little encouragement from this end, the proposal might assume a definite stage. It is to be hoped that this encouragement will be extended to the Victoria Old Boy's Association, in Toronto, and that before long, the residents of Omemece will have an opportunity of extending the glad hand to the home-comers. What would be the matter with organizing a reception committee in this town, which would place itself in communication with the Toronto organization, and prepare for the arrival of the Omemece contingent?

# RIPANS

For years I had been a sufferer with chronic stomach trouble, pressure of gas and distress of my bowels. I contracted what the doctors pronounced a low type of malaria. I could not take solid food at all, and only a very little of the lightest of diet would create fever and vomiting. The druggist sent me a box of Ripans Tablets, saying he sold more Ripans than anything else for stomach trouble. I not only found relief, but believe I have been permanently cured.
