We seldom fear a danger that we cannot see. The danger of being run-down by a horse is a very real one to everybody, the danger of being murdered by a microbe does not trouble us. And yet the minute microbe is more dangerous than the wildest horse.

The only people who can afford not to fear the microbes of disease are those who keep their blood pure and rich. These are practically immune from the attacks of most microbes.

Dr. Pierce's Golden Medical Discovery purifies and enriches the blood, and cures scrofula, eczema, boils, pimples and other eruptive diseases which are caused by impure blood.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the blood. Dr. Pierce's Pleasant Pellets cure constipation and its consequences.

A few years ago it was said that 40,000,000 advertising calendars had been given away in a single year at a cost of \$1,000,000.
