How About Painting?

Whether you are going to apply the paint yourself, or are buying it for someone else to apply, you ought to take great care to get full value for your money. It's not the paint that costs the least per gallon that is the cheapest; it's the one that covers most surface, wears longest, and easiest to apply. That paint is the

RIPANS

I have experienced a wonderful result in using Ripans Tablets. I was seriously affected with indigestion and heartburn. A friend suggested trying Ripans, and I was surprised at the improvement. On making application a few years ago for policy of insurance I was refused on account of a weak heart, but the same company passed me recently, and I give Ripans Tablets credit for the health I am enjoying. I can certainly recommend them to any one suffering with palpitation of the heart or indigestion.

Rupture

THE MOST RELIABLE and Successful Authority—Greatest success in the treatment of Hernia (Bulging) Varicocele (Pain) Stricture of all known agencies in modern times. He who makes a specialty of one department must certainly be more experienced and capable than those having many lines in the "line." Don't put off your case, believing it to be simple—Remember! Hernia often proves fatal. Have your case attended to now, and thus avoid the danger. Stop waiting! Time is money elsewhere but come to one whose life-long study has taught him what to do. Do not case incurable. Because others failed in your case you have become discouraged. This is the very time you should consult us as your reputation has been made in curing hopeless (so-called) cases.

LADIES—Look to your children—Save in the time to have them cured, while young. Don't allow them to grow up handicapped in the face of life with rupture.

MY CHARGES are within reach of all, the poor man as well as the rich. Terms can be satisfactorily arranged, no reason why you should not consult us at once, during this visit.

MEN OF ALL AGES SUFFER from this terrible affliction in some way. There is no other affliction to which man is heir that so completely cripples him for the duties or pleasures of life as Varicocele.

The universal tendency of these conditions is to grow worse and more complicated—leading to impotence, nervous debility, wasting, stricture, in-lux, sexual exhaustion, etc. Do you intend to result in the above conditions? No matter how serious your case may be, time afforded, or the fall-Boston season will cure you: the "worry" varies return to their normal condition and hence the sexual organs receive proper nourishment, the parts become vitalized and manly power returns. No temporary benefit, but a PERMANENT cure. NO OPERATIONS necessary. No detention from business. If you have had the usual "worry" you will have the usual "worry" sum of money and still larger quantities of time searching for the remedy that I offer you here.
